REPORT NOT CONFIRMED AMNESTY GRANTED

OF THE WOUNDING OF REVOLUTIONARY LEADER MADERO. LITTLE FIGHTING REPORTED IN TODAY'S DISPATCHES.

(Herald Special.)
Eagle Pass, Texas, Nov. 25.—The report that Madero, the leader of the revolution in Mexico, had been injured in battle with the federal troops is keenly regretted by the liberal sympathizers here today, who see in the wounding of the progressive leader the collapse of the revolution.

Story Not Confirmed.
(Herald Special.)
El Paso, Texas, Nov. 25.—Nothing has been received here today confirmatory of the report circulated by the Mexican government that Madero was wounded. United States Customs Collector Dowe has not confirmed the report. It is believed here that President Diaz has practically whipped the revolutionists, as little fighting is reported in progress today.

Trains Move on Time.
(Herald Special.)
Washington, D. C., Nov. 25.—Thos. P. Edward, consul at Ciudad Juarez, telegraphed the state department today that the excitement incident to the revolution had materially decreased, and that trains are again moving on schedule time.

Madero Not Injured.
(Herald Special.)
Washington, D. C., Nov. 25.—A report purporting to be official that Madero was wounded while engaged in a fight with federal troops in Mexico is denied today in a private cable received from Vera Cruz. Madero is said to be mobilizing his forces in the mountains near Parral, and is preparing to break out in regular guerilla warfare against the government. Troops are being stationed throughout the republic by Diaz.

Back in Texas Today.
(Herald Special.)
Carrizo Springs, Texas, Nov. 25.—Reports reached here today that a band of Mexican revolutionists, headed by Madero, crossed into Texas, thirty miles below here.

Fireman Killed.
Waxahachie, Texas, Nov. 24.—J. O. Carter, a fireman on the Houston & Texas Central, was killed in the yards here this morning about 2 o'clock. Carter was firing the second engine of a double-header freight. After some cars had been set out the train was pulling out for Ennis when the coupling between the engine and tender parted. Carter was in the pit shoveling coal into the furnace at the time of the accident. He pitched forward on the track and was crushed. He died about one hour and thirty minutes afterward. Carter was about 25 years of age and lived in Ennis.

AUTO KILLS CHILD.
Ten Year Old Boy Jumped in Front of Passing Auto at Waco.

Waco, Texas, Nov. 24.—Luther Chambers, aged 10 years, son of S. W. S. Chambers, was run over this morning by an automobile and instantly killed.

Luther was riding on a farm wagon, and the automobile was just turning to pass around the wagon. Suddenly the little fellow leaped from the wagon, just in time to get under the wheels of the automobile. It was a heavy machine, and the little fellow was crushed to death. An inquest will be held.

Long Turkey Drive.
Cuero, Texas, Nov. 24.—Rudolph and Oscar Egg of Meyersville, with six assistants, drove a herd of 1212 turkeys to town yesterday and sold them to a local slaughter house. It required two days to cover the distance of thirteen miles between the starting point and destination. The Egg brothers shipped 800 of the birds to Los Angeles, Cal., last week.

TO MUTINOUS BRAZILIAN SAILORS BY CHAMBER OF DEPUTIES—DEMAND A WAGE INCREASE AND SHORTER HOURS.

(Herald Special.)
London, Nov. 25.—The Rio correspondent of the Exchange Telegraph company cables today that the Brazilian mutineers who on November 22nd killed their officers and hoisted the red flag of revolt and bombarded the city, had surrendered unconditionally. The chamber of deputies today are discussing the question of granting general amnesty to the mutinous sailors and will probably follow the act of the senate in pardoning the men. Outbreaks among the sailors may be expected at any hour. They are demanding a wage increase, shorter hours of labor and the abolition of whipping as a mode of punishment.

A later cablegram says the chamber of deputies have granted amnesty to the Brazilian sailors.

RIGHT OF BOYCOTT

DENIED TO LOCAL UNIONS BY EXECUTIVE COUNCIL OF THE AMERICAN FEDERATION OF LABOR AT ST. LOUIS.

(Herald Special.)
St. Louis, Mo., Nov. 25.—The American Federation of Labor convention will close its work here Saturday night. Rochester, Atlanta, Washington, Minneapolis and other cities are bidding for the 1911 convention.
The right of local unions to declare boycotts against industries was contended by a ruling of the executive council today, which ruled that before a boycott could be declared it must be sanctioned by the executive council. This ends the attempted boycott against the San Francisco Call by the Solicitors' Union.
The socialist members of the convention have withdrawn their opposition to the re-election of President Samuel Gompers.

Arrested Ten Times.
Brownsville, Texas, Nov. 24.—Amado Stevens was again arrested today for the tenth successive time for alleged selling of meats outside the market place, and placed under a \$2000 bond in the last case. His daughter was arrested today also for the same alleged offense and placed under a \$1000 bond. Stevens has been tried in two of the cases so far. The first resulted in a conviction and the second in an acquittal. The third case will be taken up tomorrow. Stevens was unable to get a place in the public market in which to sell meat, so started a market on the outside. The validity of the city's ordinance creating a market place is being attacked by the defendant on the ground that it was not properly published at the time of its passage.

Fatal Collision.
Texarkana, Texas, Nov. 24.—Tom Foster, head brakeman on the freight train was instantly killed and Ed Hosler, the engineer, had his chest crushed and will probably die, when a through freight train and a gravel train came together in a head-on collision on the Cotton Belt, ten miles this side of Camden, and seventy miles north of here, this morning.
