

TUESDAY, JUNE 23, 1936

Alchico, Tuxedo and Santa Fe

Table with columns: No. Arrives, Destinations, No. Departs

COURT OFFICERS: Probate Judge, Sheriff, County Clerk, etc.

CITY OFFICERS: Mayor, City Clerk, Police Chief, etc.

BOARD OF EDUCATION: G. N. Wood, Wm. Bralson, etc.

FIRE DEPARTMENT: Chief, Assistant Chief, etc.

Frank candy at Whitehill's. All kinds of oil at Robinson's.

There will be fourth of July celebrations at Ernest's, the Mangas, Allison and other patriotic places throughout the county.

See the Majestic Ranges at Robinson's. Should Deming observe the fourth of July with a celebration it is quite probable a party will be made in Silver City to pay our neighbor a visit.

Silver City is fast becoming one of the greatest bicycle towns in the southwest, popularity is considered.

Prof. R. H. Thelmann will have charge of the schools at Pinos Altos the coming term. There were three picnics out of Silver City last Sunday; one near Fort Bayard one at the rock house south of town and another at Silver's ranch.

The Silver City Tennis club has been revived and a fine court is now being laid out on the vacant lot just south of the Rosenberg residence on Bullard street.

The club dance at Newcomb Hall, last Friday night, was a very enjoyable affair, and was probably the last one that will be given this season under the auspices of the club.

At Pinos Altos, on Thursday evening, the 27th inst., Rev. Edward S. Cross, of the Episcopal Church, will hold service. All are cordially invited.

Judge Bantz and D. C. Hohert have greatly beautified the appearance of their residence properties on Broadway through the building of new side-walks and fences.

I have just received a new line of cutlery, tinware, granite ware and gasoline stoves. Call and see them. St. George Robinson.

Bonnie-In Silver City, Monday morning, June 22, 1936, to Mr. and Mrs. Frank Jones, a daughter. Mrs. Jones and baby are doing well but Frank still has considerable fever.

Next Sunday morning, Rev. Edward S. Cross will preach on the text: "Blessed are they that mourn: for they shall be comforted." All are cordially invited.

The school election held in Mogollon appears to have aroused a small amount of ill feeling, which we hope will soon subside. There is no condition more fatal to the prosperity of a mining camp than petty politics.

Judge and Mrs. Bantz entertained a few friends at their beautiful home on Broadway last Thursday evening. Music and dancing, supplemented by dainty refreshments, were prominent features of the occasion.

PERSONAL

Max Schütz was in Mogollon last week. Charlie Munn was in from Carlsbad last week.

Paylor Shannon was in Santa Fe several days last week.

D. R. Hudson visited his ranch at Sagar last week.

Col. S. P. Carpenter came in from his ranch on the Sapello last Wednesday.

Via Culbertson and S. B. Biddle were in from the Sapello last Friday.

Beresford Gregory, of Gold Hill, was in town several days last week.

R. P. Barnes was in Deming several days last week on business.

Mr. and Mrs. J. C. Curston came in from Georgetown last Sunday.

Mrs. John Brodman returned from Los Angeles last Sunday.

Miss Joan Warren is suffering from an attack of tonsillitis.

Lieut. Nelson was over from Fort Bayard last Saturday.

H. H. Betts is clerking in the Rosenberg establishment.

Tom Lyons and Mrs. Angus Campbell came in from the Gila farm last Wednesday.

Miss Jettie Gaddis will spend her vacation at Cooney, New Mexico, at the home of Capt. Cooney.

Misses May and Belle Gaddis went to Denver last Wednesday, where they will spend their summer vacation.

Capt. French passed through this city last week on his way to Alma from the northern part of the Territory.

Judge Bantz will go to Las Cruces next Thursday to listen to arguments in the Dona Ana county election case.

Rich Hart and Harry Classen were over from Lordsburg doing society last week. They returned home on Friday morning.

Dr. Stovall was in the city last Wednesday taking his final leave of all old friends before launching upon the uncertain sea of matrimony.

L. C. Parker went out to Alma last Wednesday to spend a few days at the hospitable ranch of Capt. William French.

Mr. and Mrs. B. F. Gooch, of the Mimbrres Valley, accompanied by Mrs. Julia Black of this city, left yesterday for a six week's trip to California.

Measles Lorenz, Black, Laird and Porterfield, and Messrs. Williams and Lorenz attended the Sival-LeNoir wedding on the Mi mbres last Wednesday evening.

A. H. Reiling returned from Mogollon last Wednesday where he had been several days for the purpose of giving John Howard an opportunity to visit his best girl in this city.

Prof. John Burke, who has successfully taught the Georgetown schools for several terms, has been engaged to teach the schools at Mogollon the coming season.

William Rivers and Stewart Tatum came in from Cooney last Thursday, the former to visit his family and the latter for recreation. They will return on Thursday and resume their work in the Little Fannie mill.

Miss M. R. Koehler, principal of the Silver City schools, and Master Eugene Warren left for Buffalo, N. Y., this morning to spend the summer among the family and friends of the former.

A. G. Hood received a telegram last Friday evening from Denver, announcing the dangerous illness of his father who is 85 years of age. Mr. Hood left for Denver on Saturday.

Messrs. A. L. Christy, A. J. Fountain, A. B. Fall, District Attorney R. L. Young, Stenographer H. B. Holt, J. F. Boham, Numa Raymond and Gaudelup Acarrate were up from Las Cruces last Saturday on the Dona Ana county bond case.

Richard Vickery, of Waxahatchie, Texas, and Charles Vickery, of Ennis, Texas, brothers of W. J. Vickery, who was murdered on Bear creek, this county, on or about the 10th of last May, were here last week trying to discover their brother's murderer. They are gentlemen of means and have offered a reward of \$1,000 for information which will lead to the arrest and conviction of the murderer or murderers.

Misses Joan Warren and Alice Bailey, two of Silver City's most charming young ladies, will attend the Leland Stanford University at Palo Alto, California, the coming season. They will leave here about the first of August, and enter the institution for the full four years' course. The Leland Stanford, although founded but a few years ago, is rated among the first colleges of the present day, and they who master the course of study laid down by the faculty are well fitted to discharge the duties of life, may their lines be cast in the open sea of literature, science, art, or among the various professions. We predict only the brightest futures for these two lovely young ladies.

S. W. Burdick, who has managed the Broadway Cafe so successfully since it was opened, has taken a lease on the Timmer House. He will open the restaurant in his new location next Sunday. The hotel proper will not be shown open to the public before the first of September owing to the fact that the property will have to undergo numerous repairs before it can be brought up to its old standard of excellence. The Timmer has always been popular with the traveling public and under the new management will soon take its former position among the leading hotels of the southwest. Mr. Burdick has simply proven his ability to cater to the tastes of the public as a restaurant man, and since he has had extensive experience in the hotel business elsewhere, he will undoubtedly make the Timmer the successful history it should be.

Mining and Milling

Bar silver... Lead... Copper... The Little Panny mill at Cooney, which has been closed down for several days, started up again yesterday.

The shut down was caused through lack of water, but that difficulty has now been successfully overcome. Water is now being pumped from the old Posoack shaft and piped a distance of a mile and a quarter to the mill. This scheme has been under consideration for some time but only until now has it been put into effect. This will save the company great expense and annoyance and enable it to operate its fifteen stamp mill hereforth night and day without interruption.

The Maud S. company in Mogollon was compelled to lay off fifteen men last week on account of shortage of water. Considerable complaint has come from the Mogollon district of late over the alleged fact that the newspapers have been a trifle too enthusiastic in their descriptions of that region as a mining locality. It is asserted that all the camps there are in a flourishing and healthy condition, but the men seem to have gone forth among miners, millmen and laborers generally that that section is booming and the result is that people have continued to pour in there for employment until the wage question threatens to become serious. There are men working in the Mogollons at from \$1.50 to \$2.00 per day, and a great number who cannot get employment at any price. This condition is not chargeable to the fact that stagnation is setting in there, but to the fact that, under normal conditions, there are not places enough to accommodate the influx of people seeking work. In connection with these facts we desire to state (and a perusal of our columns will justify the claim) that the Southwest Sentinel has always been cooperative in giving the mining news, but, like every other honest newspaper, we are occasionally imposed upon by unreliable people, and the result is, that in our ambition to put things in their most favorable light, we are sometimes led to overdo.

Notice to Wheelmen. Every cyclist in Silver City is requested to meet at Porterfield's next Saturday evening at seven o'clock sharp, to join the grand parade which will start from that point promptly at the hour named. Come and bring your wheel.

A Quiet Wedding. Last Monday's Las Vegas Optic said "At the parlors of the Pierson hotel down in El Paso a quiet but happy marriage will be celebrated, to-morrow evening at 8 o'clock. The contracting parties are Lieutenant J. J. Price, of the United States Army, and Miss Lucille, the lovely and accomplished daughter of Prof. Charles Longmeyer, down there. Only members of the family and a few intimate friends will witness the ceremony, hence Las Vegas friends of the family would not feel slighted at not receiving invitations to the nuptial event. The continued illness of Prof. Charles Longmeyer is deeply regretted by his legions of friends throughout the entire southwest."

The ceremony took place last evening as stated above. It was so arranged because of the protracted illness of the bride's father, who, however, is convalescing. Lieutenant Jenkins of Fort Bayard acted as best man and the bridesmaid was Miss Josephine Magallon. Father Price, S. J., pronounced the marriage ceremony with flags and flowers. The few invited guests were: Miss Josephine Magallon, Maudie and Susan Beall, Lucille Davis, Mrs. E. M. Bell, Mr. and Mrs. Stafford Campbell, Mr. and Mrs. A. P. Coles, Mr. and Mrs. W. S. Tilton, C. R. Moorhead, Thomas O'Keefe, Prof. Charles Longmeyer and Harry L. Cap...

After the wedding the bridal party sat at a banquet, such as only the experienced hands at the Pierson hotel could prepare. The bride and groom received the congratulations of their friends and will today depart for their future home, Fort Huachuca, Arizona. They carry the best wishes of the Times for their welfare.—El Paso Times.

Digest of Land Decisions. The Timber and Stone Act of June 3, 1878, authorizing entry of lands "which have not been offered at public sale according to law," includes lands that at the date of the passage of said act had not been offered at public sale at the price then fixed by law.

An amended survey and replatification will be required where it is found that the land embraced within the platification, as set forth in the official survey and published notice, is inaccurately described. Preliminary proof for mineral patent must show the claim valid at application. A mineral notice must give the course and length of a line connecting the claim with a corner of the public surveys or with a mineral monument.

As The Men See Them. The advent of bloomers as a portion of the very sensible wheel costume adopted by the lady cyclists of the country has elicited no small amount of comment and curiosity. The following vivid description may assist you in forming an opinion as to how you like them: "The bloomer dress is a pair of trousers, very baggy at the knees, abnormally full at the ankles and completely full where you strike a match. The garment is cut diagonally at the south end and the bottoms laid around the ankles or knees to keep the nice out of view."

Appointments of School Funds For Grant County

J. T. Link, superintendent of schools for Grant County, do hereby certify that I have duly apportioned the school fund of said County on this 18th day of June, 1936. The amount of money subject to such apportionment is \$3,500.00. The total number of persons of school age is 2,543. The rate per scholar is \$1.35, which is apportioned to the several districts as below:

Table with columns: District, No. Scholars, Amount

Total, \$3,500.00

FROM PRECINCT FUND NO. 1. District 1-1, No. Scholars, 100 \$316.15

FROM PRECINCT FUND NO. 3. District 1-3, No. Scholars, 50 \$642.90

FROM PRECINCT FUND NO. 7. District 1-7, No. Scholars, 38 \$30.17

FROM PRECINCT FUND NO. 23. District 1-23, No. Scholars, 40 \$28.33

Total, \$606.67

Weekly Weather Crop Bulletin. Week ending June 18, 1936.

The past week has been warm and pleasant and favorable to the rapid growth of crops. Light local showers occurred at several stations. The greatest total rainfall reported for the week was .28 of an inch at Ocate. Albuquerque and Las Vegas were next in amount with .24 of an inch each, and several other stations report nearly as much.

The first cutting of alfalfa has been made and an excellent crop reported. In the southern part the second crop has already made a wonderful growth. Small grains in the northern part advanced rapidly and are heading nicely, while in the southern part they are nearly ripe and harvest has begun, with a prospect of a first class crop. Fruit is in good condition and promises a good yield. In the southern part peaches are beginning to color.

The markets are now well supplied with strawberries and early cherries. The stock ranges have improved steadily and in the northern part are in good condition; the southern parts need more rain.

The following extracts from a few of the reports received at this office will be found of interest. Albuquerque.—A nice shower on the 9th.

Aztec.—Warm nights and hot days induced rapid plant growth, where moisture was sufficient. Alfalfa cutting commenced.

Bernalillo.—The past week has been one of dry weather. Gardens and fields are looking splendid. Fruit of all kinds has made great improvement. Beans and peas in bloom. Plenty water in the irrigation ditches.

Circular.—Crops doing fine. Grass in good condition. Stock improving; fruit crop in excellent condition. Eddy.—General meteorological conditions have favored agricultural operations in this vicinity. Second cutting of alfalfa in progress. No rain during the week but there is ample supply of water for irrigating.

Gallinas Springs.—Good week for crops and vegetables. Grass growing nicely, and all kinds of stock doing well. Las Cruces.—On the 12th we had a small amount of rain. Corn is making rapid growth. Small grains nearly ripe; fruit progressing very nicely; some varieties of peaches beginning to color up.

Las Vegas.—Every condition for crops has continued favorable. A quarter of an inch of rain on the first day of the week, followed by warmer weather, fostered growth. Los Alamos.—Crops of all kinds are progressing nicely; very little water in the river.

Lower Pecos.—Crops are not suffering for want of rain, and grass is in good condition. The Pecos river general flood on the 11th, indicating a good rainfall in the Sacramento mountains. Ocate.—The conditions and progress of crops is entirely satisfactory. Grass is now in the order for stock. Shearing and marketing wool is now in order. Pecos de Luna.—Ranches are in good condition. Crops are making excellent growth.

Rancho de Toco.—Weather has been quite warm, with southerly, hot winds. All crops are doing nicely. Irrigation has commenced, and water supply abundant. Alfalfa is being harvested, heavy crop. Rancho.—Light rainfall, but crops in the valley are not suffering. The stock ranges needs more rain. A good stage of water still remains in the river.

Incidents

Wheat and corn could not do better. Everything indicates splendid crops. Stock in fine condition and grass on range splendid.

Roswell.—Range in fine condition and abundant water in all outlying water courses. Irrigation ditches not needed at present. Crops in unusually fine condition and weather perfect for growing them.

A Card. Having leased the Timmer House, I desire to state to my friends and patrons who have so abundantly favored me with their patronage during my management of the Broadway Cafe, that I will open up the dining room of the same to the public on next Sunday; I will perhaps not be able to put the hotel in condition to receive guests before about the first of September. In my new quarters, where everything is being arranged for my convenience, I will make a specialty of Sunday dinners and suppers. Every desirable thing the market affords will be found on my tables. None but American help employed.

\$1,000 Reward. Since the murder of W. J. Vickery, which occurred on Bear creek, Grant County, on or about May 10, 1936, is still shrouded in mystery and the perpetrators of the crime have never been brought to justice, we, the undersigned, hereby offer a reward of \$1,000 for information leading to the arrest and conviction of the guilty party or parties.

Richard Vickery, Waxahatchie, Texas. Charles Vickery, Ennis, Texas. John Vickery, Ennis, Texas.

Children's sailor suits at Shoemaker's. Fresh fruit juice flavoring at Porterfield's soda fountain. The choicest wines, liquors and cigars, the most skilled bartenders and the warmest welcome for all at the White House. Ice Cream Soda at Porterfield's Drug Store. Handsome summer neckwear just received at C. C. Shoemaker's.

SIGNAL TRIUMPH WOX. By Dr. Price's Cream Baking Powder. Two signal triumphs have been secured by Dr. Price's Cream Baking Powder. First it received Highest Award and Diploma at the World's Columbian Exposition of 1893. Next it secured Highest Award and Gold Medal at the California Midwinter Fair of 1894. At both Fairs it surpassed all competitors in every respect. The award, in each instance, was for strongest leavening power, perfect purity and general excellence. It was sustained by the unanimous vote of the judges.

The victory at Chicago establishes the supremacy of Dr. Price's "The Foremost Baking Powder in the World." The triumph at San Francisco confirms and emphasizes it.

All correct shapes in John B. Stetson Co.'s hats at C. C. Shoemaker's. Steve Uhle's new saloon—the Cave. New line of base ball goods at Porterfield's. Purest soda water, colder and better than ever at Porterfield's. If you want a little fun and relaxation, go to the White House, Bell & Harvey, proprietors. Elegant line of cutlery, cheap, at Porterfield's. If you want anything in drugs, stationery or sundries go to Porterfield's. Red Messina Orange, 5c at Porterfield's Soda Fountain. Iron Cans. Furnished in any quantity; write for price to W. H. Newcomb, Agent. P. O. Box 532, Silver City, N. M. Dr. Price's Cream Baking Powder. World's Fair Highest Medal and Diploma.

Good Soda, 5c. Cold Soda, 5c. Pure Soda, 5c. At Porterfield's Soda Fountain. New line of blank books at Porterfield's. Are you aware that our underwear will outwear in wear any underwear sold elsewhere? The best public and private club rooms in the city at the White House. Get to the Cave saloon for a glass of fresh Amber beer. Steve Uhle, at the Cave saloon, keeps only the best goods in his line. Porterfield has the best assortment of stationery in the city. Porterfield has a 250 \$ or lb. bar tender behind his soda fountain. Reasonable drinks at the Cave. When your work is done go to the White House for a little fun. Hard times may excite a shabby mob where there is no opportunity to buy "H. S. & M." clothing, but at the prices made on these famous goods by C. C. Shoemaker, so many need without good clothes.

All kinds of fancy temperance drinks at Porterfield's Soda Fountain. CATTLE. Excellent pasture in eastern Kansas for 2,000 head. Money advanced and freight paid on cattle. Call on or address this office at once.

McLeod's, Restaurant. Deming, N. M. Everything Neat and Clean. E. E. BURLINGAME'S ASSAY OFFICE AND CHEMICAL LABORATORY. Established in Colorado, 1893. Samples by mail or express will receive prompt and careful attention. GOLD AND SILVER BULLION. Refused, Melted and Assayed or Purchased. Address: 1728 and 1729 Lawrence St., DENVER, COLORADO.

Silver City and Mogollon U. S. Daily Stage Line. Silver City Office: Wells, Fargo & Company. THE 10c STORE. I sell FOR CASH only, cheaper than anybody in town. DRY Goods, Glassware, Tinware and Notions. New Goods arrive every week. It will pay you to see them. B. BORENSTEIN, Broadway, Silver City. The Greatest Railroad on Earth—Santa Fe Route! Teachers and others going to the National Educational Association meeting at Denver, to city, should remember that the Santa Fe offers as low rates as anybody else, with better service. Special accommodations to small or large parties. Through Pullman sleeping and free chair cars—Chicago, St. Louis and Kansas City to Denver. One hundred miles shorter view of Rocky Mountains than Denver and Durango. Exciting Summer School Colorado Springs, on return trip, new-rate excursions into the Mountains after meeting is over. Most Picturesque Line to Colorado. J. R. HICKS, (Successor to J. A. Edwards) Watchmaker & Jeweler. Select Stock of Watches, Jewelry and Silverware. Fine Watch Repairing a specialty. Engraving and Jewelry Work Done. Bullard St. Silver City, N. M.

Just received a new line of fine stationery, inks, notions, etc.

Call and examine same. Baxter Bishop's Post Office Store.

All the latest fancy summer drinks at Porterfield's Soda Fountain, 5c. You can get a 25c refreshing drink for 5c at Porterfield's Soda Fountain.

Hay for sale at the Broadway Bottling Works at \$11 a ton in 12 ton lots and \$12 a ton in one ton lots.

J. M. Fritter makes fresh candy every day and sells it on a small margin for cash. Cherry Ripe, 5c at Porterfield's Soda Fountain. "Frog in Your Throat."

"With the advance of modern science the laboratories are always bringing to the front some remedy for the ills to which human flesh is heir, which the learned professors did not dream of in earlier ages. From Philadelphia, for instance, there has been introduced into Silver City a simple remedy, with the name "Frog in Your Throat." W. C. Porterfield's Drug Store, from whence they are being dispensed, has adopted a novel method of advertising them. The store was on Saturday last, and was crowded to witness the novelty of the frog remedy. With respect to the remedy, it is claimed that two or three crochets clear the throat and relieve hoarseness.

DON'T STOP TOBACCO. How to Cure Yourself While Using Tobacco. The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, as an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully recommended after the formula of an eminent Physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking Baco-Curo. It will outlast you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with ten per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures, without the aid of will power and with no inconvenience. It leaves the system pure and free of nicotine as the day before you took your first chew or smoke. Sold by druggists with our iron-clad guarantee, at \$1.67 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. Write for booklet and proofs. Bureka Chemical & Mfg. Co., Mfg. Chemists, La Crosse, Wis.

WHEN YOU WANT A GOOD, SQUARE MEAL, GO TO McLeod's, Restaurant. Deming, N. M. Everything Neat and Clean. E. E. BURLINGAME'S ASSAY OFFICE AND CHEMICAL LABORATORY. Established in Colorado, 1893. Samples by mail or express will receive prompt and careful attention. GOLD AND SILVER BULLION. Refused, Melted and Assayed or Purchased. Address: 1728 and 1729 Lawrence St., DENVER, COLORADO.

Silver City and Mogollon U. S. Daily Stage Line. Silver City Office: Wells, Fargo & Company. THE 10c STORE. I sell FOR CASH only, cheaper than anybody in town.
