"Hello! Tom. Glad to see you, old fellow! It's almost ten years since we were married. Sit down; let's have an experience meeting. How's the wife?" "Oh! she's so-so, same as usual,--always wanting something to do for me." "Well, we all want something more than we get. Don't you?" "Yes; but I guess 'want will be my master.' I started to keep down expenses; and now I say I'm 'mead' and she's tired of saving and now having anything to show for it. I saw your wife down street, and she looked as happy as a queen!" "I think she is; and we are economical, too--have to be. My wife can make a little go further than anyone I ever knew, yet she's always surprising me with some dainty contrivance that adds to the comfort and beauty of our little home, and she's always 'merry as a lark.' When I ask how she manages it, she always laughs and says: 'Oh! that's my secret!' But I think I've discovered her 'secret.' When we married, we both knew we should have to be very careful, but she made one condition: she would have her Magazine. And she was right! I wouldn't do without it myself for double the subscription price. We read it together, from the title-page to the last word; the stories keep our hearts young; the synopsis of important events and scientific matters keeps me posted so that I can talk understandingly of what is going on; my wife is always trying some new idea from the household department; she makes all her dresses and those for the children, and she gets all her patterns for nothing, with the Magazine; and we saved Joe when he was so sick with the croup, by doing just as directed in the Sanitarian Department. But I can't tell you half!" "What wonderful Magazine is it?" "Demorest's Family Magazine, and--" "What! Why that's what Lil wanted so bad, and I told her it was an extravagance." "Well, my friend, that's where you made a grand mistake, and one you'd better rectify as soon as you can. I'll take your 'emb.' right here, on my wife's account; she's bound to have a china tea-set in time for our tin wedding next month. My gold watch was the premium I got for getting up a club. Here's a copy, with this new Premium List for clubs--the biggest thing out! If you don't see in it what you want, you've only to write to the publisher and tell him what you want, whether it is a back-hammer or a new carriage, and he will make special terms for you, either for a club, or for part cash. Better subscribe right off and surprise Mrs. Tom. Only \$3.00 a year--will save fifty times that in six months direct to the publisher, W. Jennings Demorest, 15 East 14th Street, New York, for a specimen copy containing the Premium List."

We will club Demorest's Magazine and the STANDARD for \$2.50 per year for both. Send orders to the STANDARD. Preston's "Hed-Ake" is a specific for headache.

Heavy Woods. There are 413 species of trees to be found within the limits of the United States and Territories, 16 of which, when perfectly seasoned will sink in water. The heaviest of these is the black iron-wood (Condalia ferra,) which is more than 30 per cent. heavier than water. Of the other 15, the best known is the lignum vite (Guaiacum sanctum.) Texas and New Mexico, lands full of queer creeping, crawling, walking, and inanimate things, are the homes of a species of oak (Quercus grisea) which is about 14 times heavier than water, and which, when green, will sink almost as quick as a bar of iron. It grows only in mountain regions, and has been found westward as far as Colorado desert, where it grows to an elevation of 10,000 feet. All the species heavier than water belong to tropical Florida or in the arid west or south-west.--Commercial Advertiser.

"Sundown Doctors." This is the appellation said to be applied in the city of Washington to a class of practitioners who are clerks in the government offices, and who have taken a medical degree with a view to practicing after the hours of their official work are over.

Is Consumption Incurable? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an Incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at Ritchey & Bostick's Drugstore.

"It is not intellectual work that injures the brain," says the London Hospital, "but emotional excitement. Most men can stand the severest thought and study of which their brains are capable, and be none the worse for it, for neither thought nor study interferes with the recuperative influence of sleep. It is ambition, anxiety, and disappointment, the hopes and fears, the loves and hates of our lives, that wear out our nervous system and endanger the balance of the brain."

It Happened in Chattanooga. Rev. Charles E. Wright, pastor of the Second Baptist church of this city, states that his 15-year-old son, who for the past six years has been sorely afflicted with epilepsy, having as many as a dozen convulsions a day, has entirely recovered his health, has gained fifteen pounds in flesh; this wonderful cure was made by the use of King's Royal Germateur, when physicians and other remedies failed. Rev. Mr. Wright further states that he gives the above information with Christian convictions and cheerfulness for the benefit of suffering humanity. This reliable family medicine cures rheumatism, neuralgia, catarrh, dyspepsia; liver and kidney trouble are dispelled at once by its use, and for the correction of female irregularities it stands without a peer.

Keep Up With the Times. The world is getting wiser every day. Mankind is constantly advancing from the old to the new. As it is with Religion, Art and Science, so it is with Medicine. Each day adds to our knowledge of the human body, and therefore to our ability to cure its many ills. The day of gripping purging, debilitating pills, for instance is rapidly passing away and their places being taken by a Bowel Regulator whose action is natural and easy yet effective. Such a medicine is Man-a-lin, a gentle laxative that acts directly upon the Liver and Kidneys, and leaves no bad effects. It neither gripes nor purges; it not only cures Constipation, but, all the disorders and diseases arising from it, and, when taken from time to time in small doses, prevents Constipation altogether. If you need a Tonic, take Pe-r-u-na. If your Blood is diseased, you will find nothing better than La-cu-pi-a. For sale by Ritchey & Bostick.

Neuralgic Persons And those troubled with nervousness resulting from care or overwork will be relieved by taking Brown's Iron Bitters. Genuine has trade mark and crossed red lines on wrapper.

Be Careful What You Say. The Farmers' Home. Girls would be offended perhaps, if I were to tell them they are all profane, and yet more than many of the words you use so lightly are profane. The most sacred things are mouthed as simple expletives, and thus harnessed to the most trivial thoughts, become absolute profanity. We must learn that to be profane is not always to swear as men do. Be choice in your selection of words. If you wish to use strong language, are there not long lists in Webster's Unabridged, whereby the length and breadth of thought may be gauged? Do not be silly or trivial. Be merry, happy, joyous, jolly, free; be girls in all that word implies, for after awhile, girlhood passes away, all too fleet of foot, and though its successor is richer and fuller, it is not girlhood, and so I say be girlish, but don't use slang. It is not girlish, but "boorish," rude, vulgar, unrefined, and altogether unworthy the woman you are bound to be, with the broadening vistas for the woman of the future.

To Nervous Debilitated Men. If you will send us your address we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free if you are thus afflicted, we will send you a Belt and Appliances on a trial.

VOLTAIC BELT CO., Marshall, Mich. Reporter--Can I see Mrs. B? Servant--She's out, sir. Reporter--One of the family, then? Servant--All out, sir. Reporter--Well, wasn't there a fire here last night? Servant--Yes; but that's out, too.

Rev. Sam Jones says after twenty years of untold suffering from nervous headache and neuralgia, his wife was cured in two weeks with King's Royal Germateur. The same grand remedy he adds has cured my two daughters of catarrh. Write to him at Carters-Ga., for particulars.

Gen. James Longstreet--We are happy to state that this "old warrior" is in better health than he has been in years. He has been a great sufferer from insomnia, indigestion and rheumatism. King's Royal Germateur has cured him, and has given him a lease of twenty years more on his life.

The Pulpit and the Stage. Rev. F. M. Shroud, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My Lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

The last spike on the Pike Peak's railway was recently driven and the first locomotive reached the summit.

It Happened in Nashville, Tenn. Mr. L. A. Gupton, a well known grocer, corner of Broad and Vine Streets, Nashville Tenn., says he has suffered untold agony from inflammatory rheumatism, having been confined to bed from time to time; was induced to try King's Royal Germateur after all other remedies had failed. Two bottles have made a thorough cure of him. Write him for particulars. For sale by W. H. Fleming, and Ritchey & Bostick.

Rev. Dr. J. B. Hawthorne, pastor First Baptist church, Atlanta, Ga., was compelled to resign his pastorate on account of chronic catarrh. We are happy to say that he is entirely cured of this terrible disease, not a symptom remains, and he is in better health than he has been in twenty-five years. King's Royal Germateur cured him.

New York Herald: The price of window glass is going up. It is pretty tough to tax the light and sunshine in the poor man's cottage. But McKinley has put acorns on the free list. The hogs seem to have a better chance than the wage earner.
