McMINNVILLE PRODUCE MARKET.

Corrected weekly by Mead & Ritchey.

OFFICE SOUTHERN STANDARD.

McMinnville, Aug. 4 1891.

Dried fruit is unchanged, with a probability of not much change soon. Apples, sun dried, to command the highest price should be cut into 4 pieces, strictly quartered, and take out the core. Such apples, if dried bright and nice would sell as Ohio or other Western stock for export. The German trade prefer heavy quarters. So we advise all fruit driers to cut their apples into 4 equal parts and when dried keep separate from all other kinds. Merchants would do well to keep such to themselves. Such would now sell for a better price than the ordinary cut apples. Eggs quite scarce and in better demand this week, readily bring 12 to 13c. Poultry quiet, with rather better demand for large young chickens. Wheat, per bushel... new, 90 to 95. Corn, per bushel... 80 to 85. Flour, per barrel... \$4.50 to \$5.50. Meal, per bushel... 80 to 90. Oats, per bushel... 30 to 35. Eggs, per dozen... 12 to 13. Butter, per lb... 8 to 10. Hens, per lb... 5. Spring Chickens... 8 to 12. Turkeys, per lb... 10 to 12. Ginseng, per lb... 2 to 2.50. Beeswax, per lb... 21. Feathers, per lb... 35. Tallow, per lb... 3 1/2. Green Hides, per lb... 2 to 3. Wool, unwashed, per lb... 20 to 23. Tub washed, per lb... 25 to 35. Stock Peas, per bushel... 12 to 13. White Beans, per bushel... 12 to 13. Dried Apples, per lb... 2 to 2 1/2. Peaches, per lb... 1 1/2 to 2. Blackberries, per lb... 1 to 2 1/2. Green Apples, per bushel... 12 to 13.

IRVING COLLEGE.

Irving College, Sept. 3.—Fodder gathering is now under headway in this community. It seems to me that farmers have been wonderfully blessed this year with a good season for the cultivation of their crops, an abundance of rain to mature them, and a favorable time to harvest them. I can see no reason why they should not be prosperous.

I see the more thrifty farmers are getting their land in readiness for sowing wheat. There is no excuse for a farmer buying flour in this county. With a little care in preparing the land, and an outlay for fertilizer of one-half what they spend for flour, they can make wheat raising a success here.

Mr. Fate Fufts and wife, of Chattanooga, have been spending a few weeks with Mr. Fufts' mother in this community. They returned home one day last week.

Mr. Jonathan Barnes, who has been to Texas on a visit of two or three weeks, returned home a few days since.

Mr. Thos. Peyton's little boy is suffering from a fracture of the femur.

Dr. Livingston Barnes returned from Livingston a few days ago, where he had been visiting relatives and friends for several days.

Throws it Off.

There is no disease more disagreeable and uncomfortable than catarrh. It attacks the young and the old, and it is too often allowed to take its course. In such cases it frequently becomes dangerous. The poison extends to the throat and lungs, resulting in complications that are not readily overcome. All forms of catarrh, however, disappear before S. S. S., and that medicine is now recognized as an almost infallible remedy for the disease. It regulates the liver, improves the digestion, and brings about conditions that enable the system to throw off the malady. Catarrh and its attendant aggravations disappear before S. S. S., and so do all other diseases that grow out of a bad liver and impure blood.

James Long, a Rutherford county farmer, was caught in the machinery of a clover huller one day last week and was so badly injured that he died two hours later.

The Tennessee direct tax board has adjourned, having disbursed \$285,000 of the fund. About \$100,000 yet remains to be disposed of.

OUR AUGUST LIST.

We give below subscription payments to the STANDARD during the month of August, 1891. New subscribers marked thus \*. There are 23 new subscribers in the list, and 21 renewals. The STANDARD was boycotted by the Alliance about a year and a half ago, and we believe was the first paper in the State to receive that distinction. It still lives, is still fighting the Alliance as a political organization, and expects to print its obituary before many more moons. The STANDARD opposed the Alliance last year, opposes it this year, and will oppose it next, because it was, is, and will continue to be nothing more not less than a secret, oath-bound political organization until completely revolutionized and reorganized. It must pass to dissolution before this can be accomplished, and the seeds of decay are now striking deep into its vitals. The STANDARD is for straight Democracy, and for a bold, open fight next year by straight Democrats only, and along strictly Democratic lines. Our subscription receipts for the dull month of August show that we are not losing any ground. If you are not already a subscriber to the STANDARD, and if you are a Democrat and want to keep up with the procession, get your name on our September list.

The firm of Burnham & Garner have dissolved, and we learn with regret that our community will sustain the loss of Mr. Garner and family, as good citizens and neighbors, and also embellishments to society. But by our loss we measure the gain of those with whom they may locate.

About \$25,000,000 of the 4 1/2 per cent. government bonds maturing Sept 1st, have been continued at 2 per cent. It is estimated that there are yet outstanding \$20,000,000, which Treasury officials think will be presented for redemption within the next two months. The Government will either continue or redeem them, as the holders prefer.

WASHINGTON.

WASHINGTON, August 31, 1891.—The Blaine-Harrison business is believed to be nearing a crisis, and the prediction is made by shrewd observers that within the next sixty days one of them will announce that he will not accept the Presidential nomination of his party, if it be tendered to him. Mr. Harrison is decidedly averse to being that one, and his friend, Secretary Foster, will visit Bar Harbor within ten days for the purpose of trying to make Mr. Blaine take the position of "loyalty" towards his chief which Russell Harrison's newspapers have assigned to him, by writing a letter for publication over his own signature stating that he is not willing to become a candidate and that he is for Harrison. One would suppose from the talk of the personal friends of these two men that the republican party was their personal property and that when they had decided what they wished to be done that party must slavishly obey that decision. This sort of thing must be aggravating to self-respecting republicans, who must think it is high time for the party to go out of existence when it is confined in its choice of candidates to two men.

Representative Herbert, of Alabama, who is understood to be a candidate for the vacancy on the Inter State Commerce Commission made by the death of Hon. W. L. Bragg, of the same State, is in town. Alabama has several other candidates for the vacancy, among them Judge Morrill and Col. Shorter. There are also lots of candidates from other states, including ex-Senator Reagan and Representative Culbertson, of Texas, and ex-Congressman Hammond of Georgia. The appointment will go, by law, to a democrat.

Mr. Wanamaker has a grand scheme to get something for nothing. He has sent a circular letter to all postmasters in their counties, at their own expense, and report their condition to him. That's a case of cheek.

There is a well-founded suspicion that the State department is trying to "pull the wool over the eyes" of the colored brother with regard to the vacant position of U. S. Minister to Hayti. It is stated semi-officially that the department on account of circumstances which it deems inadvisable to make public, will not fill the vacancy for some time to come, but that the appointment will probably eventually go to a colored man. This is expected to quiet the colored voters until after the fall elections, when Mr. Blaine will carry out his intention of selecting a white man for the place, trusting to luck to bamboozle the negro voters with other half-way promises before the time comes to hold another election. It is not certain, however that this plan will succeed, as many of the more intelligent negroes are fully aware of what is going on, and if they can only agree upon any one of the many negro candidates for the place, it is possible for them to compel his appointment before the fall elections are held.
