His Twenty-Dollar Egg.
A hen on the farm of Henry L. Jost, first assistant prosecuting attorney, laid her first egg the other day. Incidentally, it was the first egg laid by any member of the flock and Mr. Jost took his account book down from the shelf and figured just what that egg cost him. "As nearly as I can estimate," said he, "I am out just \$20 for that egg. I have been feeding those chickens all winter and now, at last, I am rewarded. Occasions when I could sit down to a banquet that cost \$20 a plate have been rare with me, but I can claim to have eaten a \$20 breakfast this morning. Some of my friends have insisted that I should have had the egg framed, but I ate it and got at least \$20 worth of enjoyment out of the meal."—Kansas City Journal.

A Girl's Wild Midnight Ride.
To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious, but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wallington, Tex.; "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Brown & Co. 3&W
