### FARM LOANS.

Are you making one or do you want to renew? There are several things you ought to watch when you are making a loan. Be careful to borrow of

an agent who knows his business and who would not make you a price and another to some one else. You sign one short application with us. We do not ask one question that enters into your private affairs. As a rule our papers are not sold or transferred and you know at all times just where to locate them. Interest due once a year and at the time it suits you to pay. We give you the privilege to pay \$100 or any multiple thereof or the whole amount at any interest paying time without notice to the company. We do not require insurance on your buildings, we do not ask your neighbors to appraise your land or take a tenant's disclaimer or advertise the fact in the country that you are making a loan. We want your business, we want you to know just how it is done and we want to do it just as you want it done. Then try us. We inspect your land on 24 hours' notice and give you your money as title is approved.
