The county excise board at its session today completed the work of taking action in the matter of the levies in all the school districts in the county, including Chickasha school district No. 1.

This work, however, did not carry with it the final making of the levy in every school district. Out of the total number of districts in the county twenty-five had their estimates returned with orders to call elections authorizing levies in excess of five mills.

The total sums available for district No. 1, carrying the Chickasha public schools, are \$17,558 for general purposes, from a levy of 5.7 mills, and \$13,736 sinking fund from a levy of 1.8 mills. The total assessed valuation of the district is \$8,119,462.

NINNEKAH BABE GETS HIGH SCORE

Local Judges Give Max Lentz First Place; Cement and Lindsay Entries Tie for Second Honors

FINAL RETURNS FURTHER DELAYED

Score Cards Will Be Sent to State Agent at Stillwater; Several Weeks Before Results Known

According to J. C. Good, member of the executive board of the Grady County Fair association, all score cards in the better babies contest will be sent to Stillwater, where final grading and passing upon and reporting upon them will be made.

This will not, however, affect the standing of the babies already found to stand at the top or nearest the top of perfection's ladder.

Local medical authorities report Max Lentz of Ninnekah as grading 100, or perfect; Earnest G. Poole of Cement and Harvey King McArthur of Lindsey ties for second place with scores of 99 1/2.

The ultimate findings which will be returned from Stillwater will not affect the grades of the three already reported. However, these three have also been sent to Stillwater.

Mr. Good stated this morning that in order that the "baby matter" might be settled in an harmonious manner so that all premiums may be justly awarded and all mothers learn just exactly how perfect their offspring may be from a eugenic point of view, he, together with other officers of the fair association, will send all the score cards, with the number of each entry, to Miss Allen, state agent, at Stillwater.

Miss Allen will go over these cards carefully and make the final report upon them, after which all the premiums will be awarded.

It will possibly be six weeks, Mr. Good said, before these grade cards will be returned. Following the return of the cards the prizes will be given out in compliance with the returns.

"It is to be regretted," Mr. Good said, "that this step has been found

to be necessary, but owing to certain misunderstandings it is thought that the way in which we are now handling the situation will prove not only the most diplomatic, but the surest and ultimately quickest solution of the better babies problem."

The "Better Babies" contest of the Grady county fair was placed in the hands of Dr. Martha Bledsoe and J. W. Kayser by the proper committee with instructions to act as superintendents of this division.

According to the rules governing the contest the same was divided into two parts—one a contest for babies living in Chickasha and the other for babies living in Grady county outside of Chickasha.

Contest No. 1 carried six prizes, three for boys and a like number for girls. Available to babies living in Chickasha.

Contest No. 2 carried a like number of prizes, equally divided between male and female entries and was available to babies living outside of Chickasha, but in Grady county.

"Special sweepstakes" carried one prize each for the highest scoring boy and the highest scoring girl, of ages four to thirty-six months.

Special premium No. 504 gave a "Better Babies Medal" in bronze to the highest scoring boy and the same to the highest scoring girl.

In addition to this the winner of first prize in each of the above classes was to receive a "Better Babies Diploma."

Further rules of the fair association provided in this contest that each child examined be given a "Better Babies Certificate of Examination."

Following the return of the score cards and other papers from Stillwater, the awarding of the above prizes will be taken up and disposed of according to the fair program.

SLAVS STILL REPORTING SUCCESSES

Brownsville, Sept. 25.—The enemies of Carranza, who fear his recognition by the United States, organized the attack on American soldiers at Progreso yesterday.

This was the official explanation to American military officials made by J. Z. Garza, Carranzista consul here. Garza explained further that Mexican soldiers cannot drive the marauders from the river because of the fear that American soldiers may open fire on them.

Despite this explanation officials here are positive that Carranzista regulars made the attack and the situation hourly grows more tense.

Three hundred soldiers and armed citizens are guarding the river. That the Mexicans fear concerted attack and American reprisals for yesterday's fighting, is indicated by the fact that they barricaded the customs house on three sides.

Five of the eleven troops reported missing in the Progreso fight rejoined their commands. Three were slightly wounded. Two others who were in the brush are expected to report today.

Reports today say Maria Gonzales, a Mexican woman, aided James B. McAllen, an American ranchman and employe, in defending his ranch near Monte Cristo from attack against thirteen Mexicans. Late yesterday two Mexicans killed three soldiers of a rescue party.

Mercedes reports say twenty-eight Mexicans were killed and wounded in the Progreso fighting. It is reported semi-officially that the twenty-eighth infantry were ordered from Galveston to Brownsville.

Food is Shipped. Galveston, Sept. 25.—A Vera Cruz dispatch to the Carranzista consul here states that there is no delay in the shipment of foodstuffs to Mexico City and conditions are normal. He states that the Red Cross brought only three carloads of supplies to Vera Cruz while the Carranzistas are shipping several car loads daily from Vera Cruz to interior points.

MOTHER GETS CHILD AND DIVORCE DECREE. Judge Linn, sitting in chambers this morning granted a divorce in the case of Norman Bowden vs. Kate Bowden, wherein the plaintiff alleged desertion. In granting the decree the judge gave the mother the custody of the one child of the couple and ordered the plaintiff pay defendant the sum of \$1000 as a matter of alimony. In payment of this amount plaintiff executed eight promissory notes of \$125 each payable semi-annually.

ATTACK IS CHARGED TO CARRANZA

"First Chief" Less Likely to Be Recognized as Result of Alleged Conduct of His Soldiers

ENEMY SCHEME IS EXPLANATION

Consul Garza Declares Trouble Instigated to Prejudice Cause of Carranza; Situation on Border More Tense

Washington, Sept. 25.—Recognition of Carranza by the United States seemed less likely today. It was evident that official sentiment had suddenly turned against him.

A factor in the change is the alleged attacks on American soldiers by a Carranzista troop near Brownsville yesterday.

The war department is awaiting an official report from Gen. Funston. Representations will be made to Carranza if it is established that his soldiers were among the attackers.

The Zapatistas are attempting to capture Mexico City and bottle up Carranza in Vera Cruz, demonstrating the latter's lack of control in the south.

With the capital in his own possession Villa believes the Pan-American conference will not recognize Carranza.

EVENTS IN THE WAR ONE YEAR AGO TODAY

The French and British war offices report the resumption of a furious German attack all along the line, but agree with the German's office's report that German forces have crossed the Meuse near St. Mihiel.

Petrograd reports a big battle along the eastern border to prevent supplies being smuggled into Germany.

SENATOR GORE PASSES THRU

United States Senator T. P. Gore will pass through Chickasha this afternoon enroute from his home at Lawton to Oklahoma City.

Senator Gore will probably remain in Oklahoma City as a visitor at the state fair for a couple of days, after which he will leave for Washington, going via Chicago and Detroit.

Senator Gore stopped off in Chickasha for an hour or so between trains Thursday on his return to Lawton from Colorado points, where he spent a portion of the heated season.

Wilson on Tariff. Washington, Sept. 25.—President Wilson, replying to letter has written Gov. Cox of Ohio that the government is prepared to handle tariff questions. The president says, "Full powers of a tariff commission are lodged in the existing organs of the government. Perhaps it would be better if various powers were assembled in the department. If anything is lacking to give these powers efficiency, shall heartily favor the tariff commission you suggest."

TWO COMPLAINTS FILED. Complaints were filed from the county attorney's office before Judge T. P. Moore yesterday afternoon, upon affidavit from the sheriff's office against Henry Caldwell and Tommy Stapleton for carrying concealed weapons. Caldwell charged, in the complaint with carrying a concealed gun, or pistol, appeared before Judge Moore this morning and paid a fine of \$25 upon a plea of guilty. Stapleton, charged in the complaint with carrying concealed upon his person a pair of brass knucks, has not yet had a hearing.

CHICKASHA TEAM WINS FIRST BOUT

In the first gridiron battle of the season, fought at Mountain View yesterday afternoon, the Chickasha high school boys annexed the long end of an 18 to 6 score. Although the local lads were at no time in any real danger, it is said to have been a well fought battle, only the muddy condition of the grounds rendering fast work impossible. The forward pass was not even attempted.

Of the three touchdowns credited to the Chickasha team, Joyce was responsible for one and Luster for the other two. It was raining during almost all of the game. Coach Reeds expressed himself as well pleased with the first showing made by the team.

The line-up of the local team was as follows: Wilson, r e; Shoak, r t; Collier, r g; Riddle, c; Harris, l g; Hill, l t; Griffith, l e; Luster, q b; Pool, r h; Goetting, f b; Joyce, l h; substitutes, Buie, Duncan, Gardner. Buie took Hill's place in the third quarter.

Lawton and Chickasha will meet here next Friday and the game is expected to be a warm one.

Called Term in Chambers. The call term of the regular June term of the district court will be convened Monday, September 27. Owing to the fact that the district court room will not be ready for occupancy before the first of the month, Judge Linn will hold this call term in chambers and dispose of such matters as may come before him there.

VETERANS TO GATHER AT CAPITAL

Washington Gaily Decorated for Annual Encampment of G. A. R. Opening Sunday; 30,000 Old Warriors Expected

PRESIDENT WILL REVIEW PARADE

Military and Naval Maneuvers to Entertain Visitors; Confederate Leaders Invited to Meet with Former Foes

BY F. A. CONNOLLY. (United Press Staff Correspondent.) Washington, Sept. 25.—Draped in bunting and with flags flying, Washington is today putting on the last touches for the reception of the Veterans of the Grand Army of the Republic whose annual encampment starts here tomorrow and lasts throughout the week. This probably will be the last encampment held in the nation's capital, and nothing is being neglected to make it the most memorable coming together of the old soldiers since the civil war.

With theory of "On the Washington" once more ringing throughout the land, but this time from the throats of Union soldiers instead of Confederate, a host of thirty thousand old warriors is expected to storm the city. Along with these are expected to come nearly fifty thousand relatives and a half dozen auxiliary societies which hold their annual encampments with the G. A. R. There will be a hundred thousand visitors in the capital tomorrow night.

The chief feature of the forthcoming encampment and the one which will be of great spectacular interest will be the grand review which will take place next Wednesday. This parade of the veterans will mark the fiftieth anniversary of the grand review of the victorious troops of the Union army, held in Washington at the close of the civil war. It is a sad commentary on the grayed ranks to know that the line of march, which was practically continuous for two days a half century ago when reviewed by President Johnson and his cabinet, will this year be reviewed by President Wilson and his official family in less than four hours.

Gen. Nelson A. Miles, retired, has been selected as the grand marshal of the present, and escorted by his naval and military aides will head the parade from the Peace monument, at the foot of the capitol grounds, up historic Pennsylvania avenue to the state war and navy building. The court of honor will be in Executive Square, which is along the last two blocks of the line of march.

Here the president, with the members of his cabinet and the various diplomats and army and navy officers will review the veterans.

During the encampment week there will be special military and naval demonstrations for the instruction and interest of the old soldiers. Submarines, torpedo boats, gunboats and other small craft which can come up the Potomac will be anchored off the harbor front for their inspection and review. Hydroplane and aeroplane flights and various other features which illustrate the progress made in warfare and its implements since the great civil strife will be shown. Troops from Fort Meyer and other posts will go through a series of maneuvers either on the monument grounds or the polo grounds along the river front.

An elaborate system of registration has been arranged in such a way that the old soldiers will be able to meet comrades of their war time companies and regiments, no matter how widely they have been separated during the last half century. Moreover, there will be "set-together camp fires" in the evenings, which will be addressed by various old commanders and high government officials. The veteran sailors will also have their "dog watch" during which Secretary of the Navy Daniels will address them.

Many Confederate leaders have been invited to attend the encampment, and it is probable several of them will be on hand. As this is the last encampment that will be held in Washington,

Big Trades Parade Finally Pulled Off

With the permission of the weather man the Big Trades Parade, under the supervision of the Business Women's clubs of Chickasha, was pulled off this afternoon.

Commercial retailers, rural floats, lodge floats, schools, colleges, private autos, cubs, private carriages, pony carts, lady equestriennes, gentlemen equestrians, comic floats, boys and girls on bicycles, boys and girls on roller skates, mounted police, music in the front and bringing up the rear, banners flying and horns blowing, the long delayed but beautiful parade over which the enterprising and self-sacrificing ladies of Chickasha have worked and dreamed and almost lost religion, formed and passed down Chickasha's streets and into the pages of local history this afternoon.

Leading the parade, mounted on a prancing steed and looking straight ahead, rode Chief Phillips of the Chickasha police force, then came the Chickasha band, rendering sweet strains of music in order that the city fathers who followed might keep step properly and march in as cheery a manner as possible; then the floats; private floats and conveyances; horseback riders, ladies and gentlemen; bicyclists; children on roller skates; mounted police scattered along the line of the parade, flanking and interspersed, and bringing up the rear with a scream of musical delight, in true circus-parade style, Lee Olive with his steam music box, otherwise a callopie.

The parade was reviewed by the judges from their position in front of the First National bank.

Five judges, three gentlemen and two ladies, selected by a local committee, and all from out of town, will pass down the awards to the prize winners.
