

FISTIC FUN FOR FANS PROMISED

With big doings in several lodges and threatening weather to contend with Manager Ellsworth, of the Business Men's Athletic association, called off the boxing bouts last night, refunded all gate moneys and advised those who held tickets and the general public that tonight would be the big event.

Mr. Ellsworth had arranged a good program for last night and it was a pity that weather and other conditions interfered with the carrying through of all things as arranged.

Jay Mayse and Jimmy Carpentier, featherweight boxers of well known reputation, will fight tonight a fast and entertaining battle which will go for ten rounds. The main event will be preceded by some very entertaining preliminary bouts between well known and well liked Chickasha and Grady county talent.

Mayse and Carpentier each has a reputation of standing a big lot of punishment. Each is a skilled boxer and each an aggressive fighter. Like all fighters of the lighter weights, these boxers are more on the give and take than are the heavier champions.

Nate Jackson, who is slated to meet Freddy Welch for the world's lightweight championship, will second Jay Mayse, while Ben Trail, one of Sammie Sampson's favorites, will act as best man for Jimmy Carpentier.

Texas Tate, the "Pride of Chickasha," will referee the bout.

"I have something tonight which will gladden the hearts of all fight fans of Chickasha," said Manager Ellsworth.

New York Cotton.
New York, June 5.—The cotton market was much less active Monday and fluctuations were comparatively narrow and irregular. October contracts sold between 12.74c and 12.81c, closing at 12.76c and the general list closed steady, net 3 points higher to 2 points lower. There was some scattering liquidation at the start and the market opened at a decline of 3 points to an advance of 6 points with the tone improving during the progress of the call. With offerings comparatively small, prices worked about 6 to 8 points net higher during the middle of the morning. After the close of the English market the Liverpool buying became less active and prices turned somewhat easier under some scattered Wall street and local selling. On a setback to within a point or two of Saturday's closing figures, however, there was a renewal of demand of houses with Liverpool connections, as well as scattered covering and the market steadied up again in the afternoon. July sold as high as 12.68c after having touched 12.59c at the opening, while December advanced from 12.91c to 12.98c and January from 13c to 12.96c. Closing prices were 5 or 6 points off from the best under realizing with the late months relatively easy.

Fort Worth Live Stock.
Fort Worth, Tex., June 5.—Cattle—Receipts, 4,600; active. Beaves, \$6.50 to \$8.50. Hogs—Receipts, 5,700; 10c lower. Bulk, 1,430 to \$9.25. Sheep—Receipts, 4,000; steady. Lambs, \$9 to \$10.

How America's largest cigarette manufacturer has accomplished "the Impossible" by producing a MILD cigarette that SATISFIES. It is the CHESTERFIELD Cigarette : : : : : : : :

ALMOST anybody can make a cup of coffee. But there are said to be not over a half-dozen restaurants in the United States where they know how to make it right.

Similarly, almost anyone can make a cigarette. Just roll up some tobacco in a piece of pure paper—and there you are.

There are, perhaps, over 800 brands of cigarettes sold in this country today. But not one of them does what Chesterfields do—for Chesterfields are MILD; and yet they SATISFY.

Some cigarettes may be mild, but they don't satisfy. Only one cigarette does BOTH—Chesterfield!

This truly unique cigarette has all of that refreshing taste-delicacy (or mildness) which any good cigarette must have. Yet, without sacrificing any of this delightful mildness, Chesterfields go one step further—they do more than merely "please your taste"—they let you know you've been smoking. They satisfy!

And yet they're mild!

A Step Forward in Cigarette-Making

WE are proud to be the firm that has brought about this important new development in cigarette enjoyment—for that is exactly what the Chesterfield blend is.

This cigarette is an outgrowth of long, earnest effort on the part of this, the largest cigarette manufacturing concern in the United States.

The mild, yet satisfying Chesterfield blend is not the result of happy chance. It is one of the results of our many years of cigarette experience—of the heavy volume of our purchases of cigarette tobacco—of the prestige and advantage these enormous purchases give us in securing the choicest leaf from the tobacco fields of the world.

Chesterfields are an achievement.

A New Thing for a Cigarette to Do

CHESTERFIELDS do the one thing you have always wished a cigarette would do—they satisfy!

Smoke them and we believe you will find that ordinary cigarettes seem by comparison almost flat.

Give Chesterfields (20 for 10 cents) a trial. We believe you will be glad to learn what they can teach you about cigarette enjoyment.

* * *

You have been reading here some rather unusual, almost daring, statements about a cigarette. If Chesterfields were an untried cigarette—if we had not been observing their behavior in other cities—if we did not KNOW that they make good with smokers, we could not afford to make these statements to you over our signature.

But these statements, strong as they are, can mean little or nothing to you until you have actually smoked your first Chesterfield.

You will find that your own dealer has Chesterfields waiting for you.

Liggett & Myers Tobacco Co.

Largest cigarette manufacturer in the United States as shown by Internal Revenue reports.
