WHEN YOU TAKE COLD

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. Do not experiment when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere. d&wim

Deafness Cannot Be Cured
by topical applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; whereas out of ear are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sold for circulation, free.
F. J. CHENEY & CO., Toledo, Ohio.
Filed by Druggists. Ask for "Hall's Family Pills for Constipation."

When You Buy a **DIAMOND?**

Minute differences in color, cutting, brilliancy and clearness effect the value of a diamond to such a degree that its purchase by one without experience is most difficult, and the selection, for the most part, must in any case be left to the dealer.
For this reason it behooves one to be most careful in deciding the question: From whom shall I buy my diamond?
First of all, "The dealer must be reliable."
Second: "The dealer must be in a position to buy to the best advantage."
Third: "The price must be right." "Investigate."
