

ANTI-ALLIED RIOTS OCCUR AT ATHENS

Mob Visits American Legation and Calls on Minister to Protest Against Allied Action

FRENCH MARINES ARE CAMPED NEAR PALACE

Germans Launch Violent Attack South of Somme and Advanced Guards Wiped Out by French

By United Press. Athens, Oct. 18.—French marines who were threatened by a huge mob that gathered about the municipal theater here are encamped in the Zeppelion Gardens near the royal palace. A battalion of French Greek infantry surrounded the palace.

No serious clashes have occurred thus far between the allied troops and the ardently crowds. Several thousand Greeks watched the transfer of the French marines but there was no demonstration.

The allies detained twenty-five carloads of ammunition at Volo, Thessaly, destined for the interior of the latter country. They suspected that it was being shipped to enemies of the allies.

Athens is virtually under martial law. Although alarming rumors are being circulated, cool heads are attempting to prevent any clash between the French sailors and civilians, which may develop into street fighting.

Greek officials deny reports that King Constantine has fled. They say the king returned to the palace Monday night after reviewing the Greek marines and attending a meeting of his cabinet and council where a proclamation was drafted calling upon the soldiers to remain loyal.

Trouble began Monday afternoon when great crowds gathered to watch the Greek sailors from the ships taken over by the allies as they passed in review before the king. Anti-allied demonstrations were begun and a Venizelos supporter was badly beaten without police interference.

When the French marines landed at Piraeus, marched to the capital and took possession of the theater, another crowd gathered, obtained a U. S. flag and marched past the American legation cheering the United States. The American minister was at the Athenian club but the demonstrators left a communication calling upon him to protest in the name of the United States against the action of the allies. They were informed today that their communication would be transmitted to Washington.

HOW MEN WHO ARE OUT OF COUNTY MAY VOTE

In order that voters who may be absent from the county on election day may have a clearer idea of their privileges under the new election law, S. C. Durbin, chairman of the county election board, gave out the following explanations to a representative of the Daily Express this morning:

Under the election law passed at the recent special session of the legislature, a registered voter of the state who is unavoidably absent from the county of his residence may vote in any precinct of the state in which he is temporarily located.

In order to do so, he will present his registration certificate to the precinct inspector and make affidavit to the fact that he is a registered voter, that he has not voted and will not vote at that election in any other precinct of the state and that he is unavoidably absent from the county of his resi-

WEATHER FORECAST. For Oklahoma. Tonight partly cloudy. Thursday, fair; colder in western part of state.

HIGH SCHOOL BOY ROBBED IS CHARGE

Said to Have Been "Rolled" by Negro Charged With Selling Intoxicating Liquor to Local Indian

Ernest Moore, a local negro, is in the county jail with a serious federal charge lodged against him and evidence of other offenses which developed at his preliminary hearing before Judge E. Hamilton, United States commissioner.

Moore is charged with selling intoxicating liquor to an Indian but it appeared from the testimony that he may later have to stand trial for the robbery of a student of the Chickasha high school who is suspected of having been "rolled."

The evidence before Commissioner Hamilton was to the effect that on last Monday Kiowa Tom, an Indian, had \$30 in his jeans; that he bought eight quarts of whiskey from Moore at different times on October 16, Monday, and woke up in the city jail.

Another witness, a high school boy, testified that he came to Chickasha to attend school; that he went down to the defendant's place with two other boys, each of whom contributed fifty cents apiece to the purchase of a pint of whiskey. He had \$100 brought from home to meet school expenses. After taking a drink of the whiskey he remembered nothing more. When he came to his money was gone.

On motion of Moore further hearing was continued to Friday, when the negro will present his witnesses.

In default of \$1000 bail the defendant was committed by the commissioner to the Grady county jail. Succeeding the preliminary hearing a witness in the case was intimidated by Robert Jenkins, another negro, who was sent to jail for the offense.

AT POLICE HEADQUARTERS Officers Baird and Elston were busy last night making arrests on minor charges.

John Kelly was charged with assault and battery on his wife. He gave a \$25 cash bond and his trial was set for October 23.

B. N. Brown and S. Baas, on charges of immorality, and Maur Jones and Lillie Butler on the same charges, gave \$10 bond each for their appearance.

Susie Smith and Elma Kimball were arrested for disturbing the peace and put up \$10 bonds for their appearance.

C. B. Hale was arrested by Officer Looney and Tuck on the charge of plain drunk.

VALUABLE LESSONS LEARNED

Important Topics Treated by Prominent Physicians at Meet of Central Oklahoma Medical Association

PASTEUR INSTITUTE PHYSICIAN SPEAKS

Dr. Livermore Reads Important Paper on Truths Which Were Demonstrated at Clinic Operations

The afternoon session of the Central Oklahoma Medical association was featured by some very interesting and timely papers which were much enjoyed and widely discussed by the physicians present. Dr. L. W. Cotton of Enid, Okla., president of the association, read a paper on hygiene and eugenics in which he particularly emphasized the necessity of starting with the child to make men and women who will improve the race.

Dr. Clarence E. Lee of Oklahoma City read a masterly paper on the efficient treatment of malaria, in which he stressed the necessity of always making a blood examination for the malarial parasite in suspected cases and also brought out the inefficiency of the treatment of this condition unless treatment was continued from thirty to forty days. He suggested the use of both quinine and arsenic preparation hypodermically and into the veins. The various forms of malaria were discussed and the difference in the treatment of each form was mentioned.

Dr. S. L. Morgan, associated with the Pasteur institute at Oklahoma City, read a very comprehensive paper on hydrophobia or rabies and the present method of treatment. His suggestions as to the proper procedure in cases of suspected dogs or animals are: First, if possible to avoid doing so, do not kill a supposedly rabid dog. Keep him securely chained or confined for ten days. If the living animal remains healthy during the ten days confinement no rabies is present. As long as it remains healthy it should not be killed and there is no need to send it for laboratory diagnosis. If an animal suspected of rabies dies its head should be sent immediately to the Pasteur institute or the state board of health laboratory. In warm weather always put the dog's head in ice before sending by express. If the report of the institute states that the animal had rabies any one infected by the saliva of the animal either through a bite or other wounds, should immediately begin Pasteur treatment at his physician's office, for it is not necessary to come to the institute for treatment as the treatment is sent out successfully by mail to the physicians. In all localities where rabies is known to have been present all dogs should be muzzled. All dogs known to have been bitten by a rabid dog should be killed. As an essential preliminary measure all wounds made should be cauterized immediately with commercial formalin and this should not be neglected after a delay of one or two days.

Dr. C. J. Fishman of Oklahoma City read a paper on the newer methods of blood examination in relation to diseases, his paper being enjoyed very much by the physicians doing laboratory work.

Dr. W. J. Wallace of Oklahoma City discussed the subject of latest methods of treating a disease which he emphasized the fact that the success of the treatment depended greatly on the thoroughness of the physician in checking up his treatment by a laboratory and blood test.

Dr. J. M. Cooper of Oklahoma City discussed the effect of constipation resulting in disease of the rectum and what would be a successful treatment for these conditions. The last paper was by Dr. W. H. Livermore of Chickasha on focal affections. This paper showed very clearly the results of the work that is being done in the investigation and removal of the focus of infection particularly those found in the teeth and tonsils. The clinic in the morning demonstrating the presence of pus and infection in the teeth and tonsils and the points of interest brought out in the paper showed the

COTTON IS KING AGAIN AT 19.75

Sensational Rise Follows Rush to Buy Staple and All Futures Advance \$5.00 a Bale

MANY FACTORS ENTER COTTON SITUATION

Wheat Also Continues to Advance, December Going to \$1.65 1-2 and May Also Rising

By United Press. New York, Oct. 18.—Cotton crossed the 19 cent mark at noon today when the rush of buying sent July up seventy-four points to 19.17. All futures advanced near a cent a pound or \$5 a bale.

Domestic and foreign spinners bid against each other in the most exciting opening in a month. Short crops, increasing exports, record home consumption and the reported storm in the Gulf region were factors in the market. Prices eased off a few points before the close.

Wheat Soaring Too. Chicago, Oct. 18.—Wheat continued its sensational advance today, December being up to \$1.65 1-2 and May up also going up 1-4 cents.

7 KILLED IN MOBILE

Houses Blown Down When Wind Reaches Velocity of Ninety Miles in Tropical Storm

By United Press. Memphis, Tenn., Oct. 18.—Seven persons were killed when houses were blown down at Mobile at 10 o'clock this morning, the wind reaching a velocity of ninety miles an hour, according to dispatches received here.

An unidentified schooner is floating on its side in Mobile bay. Great damage is also reported at Biloxi and Mississippi City.

CO. ROAD MEETING MONDAY

Indications point to a large meeting in Chickasha Monday evening," said Dr. R. J. Gordon, of Minnekaab, referring to the good roads gathering that is to be held at the city hall on October 23 for the purpose of taking further action in regard to the issuance of bonds for roads and bridges in the county. Dr. Gordon is president of the Grady County Good Roads association and was here yesterday attending the meeting of the Central Oklahoma Medical association.

It will be remembered that at a meeting, attended by representatives from the principal towns in the county, held here a week ago last Monday, a movement was initiated looking to a large bond issue for hard-surface roads and for bridges. A committee was appointed to make some calculations concerning the cost to the taxpayers and this committee will report at the next meeting. "I find sentiment in favor of the bond issue growing," said Dr. Gordon, "and I believe we are going to accomplish something this time. We hope to have as many citizens of the county present as possible when we meet next."

physicians some of the different conditions in which the infection in the tonsils and teeth can be not only suspected but usually found. Some fourteen physicians enjoyed supper at the Early hotel while waiting for their trains.

GERMANY'S TERMS ARE REJECTED

United States Will Not Accept Kaiser's Basis for Settlement of Claims Growing Out of Sinking of Lusitania

NO JUSTIFICATION FOR GERMAN ACTION

President, After Disposing of German Case With Polk, Leaves for Chicago to Resume Campaign Work

By United Press. Washington, Oct. 18.—Acting Secretary of State Polk announced today that the last German memorandum to this government proposing certain terms for the settlement of claims growing out of the sinking of the Lusitania was not accepted by the United States government.

This announcement followed a telephone conversation with President Wilson. Simultaneously, Secretary Tumulty announced at Asbury Park that published reports that the United States had accepted a settlement on the basis of the German contention that the attack on the Lusitania was justified was an "absolute fabrication."

The state department stated that officials considered the publication of the story a political move designed to embarrass the president in the conduct of foreign affairs. The published story said Germany reiterated its contention that the sinking of the Lusitania was justifiable but admitted that the loss of American lives was unjustifiable, expressing regret and offering financial reparation.

Off for Chicago. By United Press. Long Branch, Oct. 18.—President Wilson, accompanied by his wife and Secretary Tumulty, left Shadow Lawn at 11:30 this morning, bound for Chicago where he will deliver three speeches tomorrow. He will not make rear platform speeches en route but will shake hands with the crowds where stops are made.

A Berlin Report. By United Press. Berlin, Oct. 18.—A semi-official news agency report says that in the Zeppelin raid on London September 23 hundreds of buildings were destroyed, damage to the amount of ten millions being done. It is stated that a British cruiser on the Humber was struck, sixty being killed, and that two other warships were damaged. Regent street was laid in ruins, it is declared.

IN DISTRICT COURT In the district court a number of cases have been disposed of in the past two days. Following are the minutes of the court clerk:

Tuesday. William H. Swank vs. Jess Diron et al, pending on motion of defendant to quash service. Motion sustained. Mary Thompson et al vs. Serena M. Rice, continued for term. C. T. Erwin vs. George Jelks et al, case called as per reassignment; jury waived, four witnesses sworn; evidence taken, case to court. A. A. Holmes vs. H. A. Burdette et al, case dismissed until Saturday, Oct. 21, at 1:30 p. m. to be tried before jury. J. M. Marler vs. W. H. Peaden, jury waived, evidence taken, plaintiff's motion to demur, motion overruled, case recessed until Wednesday. State of Oklahoma vs. Robert South, a burglary, jury rendered verdict of not guilty.

Wednesday. J. H. Bailey vs. W. S. Kilgore, plaintiff announced ready. Bond Bros. vs. G. C. Perry et al, defendant ready. Thomas Johns vs. S. P. Hobbs, case on demur. T. J. Waggoner vs. F. A. Nixon, settled. Midland Saving & Loan company vs. Nora E. Hamrick, pending on motion. The case of Allen K. Swan, trustee, vs. Clementine M. Bailey, was taken up for trial this morning.

NOT GUILTY OF ROBBING BOX CAR

The trial of Robert Southern, charged with burglary, took place in the district court yesterday afternoon and the jury found the defendant not guilty. Southern was charged with having broken open a box car in the Rock Island yards on April 20 and with having stolen the contents.

DISAGREE ON TERMS OF DEBATE

Wright Refuses to Accept Witcher's Division of Time, But Both Speak; Going Again Today

At Tuttle yesterday afternoon, Monroe Wright, spokesman for the Socialist party, declined to accept the division of time accorded to him by W. C. Witcher who is conducting a week's campaign against Socialism in Grady county.

Wright asked that the time of the two speakers be divided in the manner as at Verdun on Monday evening while Witcher's plan called for one hour for opening his own case, an hour and twenty minutes for Wright and then twenty minutes for Witcher to close the discussion. Contrary to the statement in the Express yesterday, there had been no agreement that the Verdun arrangement would continue during the week.

When Wright refused to agree to the time scheme which Witcher's instructions called for, the latter launched out on an independent lecture at Tuttle, speaking nearly two hours, with interest at high pitch as he dealt keen thrusts at his foe, Oscar Simpson and Bob Castleman, of Chickasha, who were present, said the Texas man made things mighty lively. At the close of Witcher's address, Wright spoke and the same program was repeated at Amber last night. Large crowds were present at both places.

Meetings are being held by Witcher today at Amber and Alex and Naples. A new division of time was to be proposed to Wright at Alex this afternoon and it was thought that the plan would be acceptable, insuring the continuance of the joint discussions.

NINNEKAH HIGH SCHOOL STUDENTS EDIT PAPER Last Wednesday afternoon, the Ninneka High School News, a paper published by the students of Ninneka high school, made its first appearance. It is a four page paper, containing nothing but school news. It is to be published semi-monthly. This first issue shows good, careful work on the part of the students and would be a credit to many a high school with a much larger enrollment. Most of the business men of Ninneka have subscribed for regular advertising space throughout the school year, which insures the financial success of the paper. The slogan in this section is "We Read The News."

On the same afternoon the literary society held its first regular meeting and rendered its first program. We are expecting many good things from this organization during the year. Pupils of the seventh and eighth grades and of the high school are members of the society.

TEACHERS GATHER FOR CONVENTION

First Arrivals Expected From South End of County Tonight and 150 Expected Tomorrow

PUBLIC INVITED TO ALL SESSIONS

Interesting Program at Methodist Church Tomorrow Evening With O. C. W. Teachers Active

The vanguard of about seventy-five county teachers from the southern part of Chickasha this evening for the annual meeting of the Grady County Teachers association which convenes at 2 o'clock tomorrow afternoon. It is expected that fully 150 teachers will be present on this occasion.

Tomorrow morning will be spent in visits to the various city schools, which is a treat to county teachers who are interested in learning more of the methods adopted in city schools. The teachers will pay their visits informally and individually as a rule to those grades in which they are most interested. At the same time enrollment will take place from 9 till 12 o'clock.

Opening Session. The general sessions will begin at 3 o'clock in the afternoon at the Methodist church, Fourth and Iowa, the meeting being called to order by the president, J. W. Morgan, who will address the body after the rendition of America and a prayer by Rev. L. L. Cohen.

Education in Grady. Education in Grady county will then be taken up under the following five heads: From a standpoint of history, State Superintendent E. H. Wilson; from a standpoint of administration, County Superintendent M. H. Shepard; from a standpoint of future, Miss Cathrynne Griffin, and teachers' responsibility, C. A. Dearmon.

Tomorrow Night's Session. A most interesting session will be held at the Methodist church tomorrow night beginning at 8 o'clock to which the public is invited as to all other sessions. Music on this occasion will be rendered by the O. C. W. trio, consisting of Misses Carrie Ormerod, Caroline Porter and Nettie Hurgis, which will be followed by a reading by Miss Davis, session teacher at the college, the session to conclude with an address by G. W. Austin, president of O. C. W.

Public invited. "I should like to have the public visit these meetings often," said County Superintendent Shepard this morning. "They will be of great interest to all visitors."

The convention will continue through Saturday.

BRADLEY WOMAN IS BURIED Mrs. Mary Jane Hancy, a widow, aged 75, died yesterday at her home in Bradley and the body was brought here for burial on the Rock Island train arriving at 1:30 p. m. today, being conveyed directly to the cemetery. The deceased is survived by two sons and two daughters, her husband having passed away thirty years ago.

SENATOR GORE WILL SPEAK HERE SATURDAY

Announcement comes from the Democratic state committee that Senator T. P. Gore will speak in Chickasha Saturday afternoon, October 21.

Arrangements are being made for the senator to give his address on the street in the event the weather is favorable, otherwise the meeting will be held in a building to be selected later.

According to present plans the distinguished Lawton statesman will begin his address at 1:30 p. m. and he will leave at 3 o'clock for his home

town where a reception is to be tendered to him in the evening.

Senator Gore is recognized as without a superior as a political orator in the country and he has never failed to draw a big crowd in Chickasha. His speech here will probably mark the climax of the Democratic campaign in Grady county. Chickasha is one of the very few places in Oklahoma where he will speak during the present campaign. The national committee having called upon him for heavy service in other states.
