ALBERT SPALDING—America's greatest violinist, proving by actual comparison that Edison re-creates his masterly bowing with absolute perfection.

# The NEW EDISON

Thomas A. Edison's favorite and probably greatest invention. This is the instrument which re-creates music with such absolute exactness that the living singer's voice cannot be distinguished from this new instrument's re-creation of it. This is the instrument which a leading New York newspaper calls "The Phonograph with a Soul."

Recitals at our store every day this week. Come to our store and hear the NEW EDISON, form your opinion, and get an entry blank in the big Edison Week opinion contest. Professional writers and members of the phonograph trade are barred from competition.
