Soldiers Trim Hats

Hat trimming is not generally required of young soldiers who go to war, yet many wounded soldiers at the Canadian sports day at Grassmead Meadow, near Orpington, Kent, proved themselves so talented in the handicraft that after the victory is won, instead of going back to the land, some of them may set up millinery establishments in Canadian towns, equal to any branch of the famous Maison Lewis of New York, London and Paris.—Toronto Globe.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.
