THE ADVOCATE PUBLISHING CO., Price, Utah.

THURSDAY, AUGUST 1, 1912

ANNOUNCEMENTS.

The Advocate is authorized to announce Hon. Albert R. Barnes, present incumbent, a candidate for reelection to the office of attorney general of Utah, subject to the action of the republican state convention.

The Advocate is authorized to announce Mr. Albert Rader of Sunnyside a candidate for the office of county clerk of Carbon county, subject to the action of the republican county convention.

THE GROWING, THE GENERAL AND THE JUST VIEW.

At the home of a prominent citizen of Ogden only a few evenings ago, the host being a Democrat, one of the guests rose when the speeches were in order, and drank—oh, it was only water—to the gentlemen at the head of the table, as "the next governor of Utah." To which there was a flattering applause, says Ogden's Examiner.

And when the time for response came, the host rose, took up another glass of sparkling water, and offered this toast:

"To a man who has made a good governor in his first term, and the man I shall support for re-election—William Spry!"

And even the giver of the former toast joined in the clapping of hands which betokened the striking of a popular chord.

It is the growing, the general and the just view. Governor Spry's friends are found everywhere, because he has served all the people, and served them well.

The principal factor operating against the more rapid development of fuel briquetting in the fields of non-cooking coal in the Middle West is the low price of the raw fuel with which the briquet has to compete. The average price for fuel in the Northern Middle States in 1911 ranged from about \$1.10 to \$1.75. The cost of manufacturing briquets, exclusive of the cost of the raw material, is about one dollar a ton, and although briquets possess undoubted advantages for domestic use over raw coal, householders have to be educated to the fact that the higher cost of the briquets is more than offset by their desirability. In Germany the briquetting industry has made extraordinary progress, the production in 1910 being 16,643,695 short tons, and in 1911, 18,554,920 tons. Some probability of more substantial development of briquetting in the Eastern States is indicated by the recent advance of twenty-five cents a ton on the domestic sizes of anthracite and the fact that here is little possibility of any future reduction in the price of this fuel. In fact, further advances are more to be expected, in view of the unmoderated increase in royalty to be demanded by the owners of coal lands in the anthracite region.

There are some mighty good republicans identified with the "bull goose" movement throughout Utah. And they are resenting the abuse of the Herald-Republican, too. One may consistently support President Taft and still respect the opinions of others.

Judge Jacob Johnson, candidate for congress on the republican ticket, will find many warm supporters in Carbon county and throughout Eastern Utah for both the nomination and his election if he secures the former.

Announcement that the Moffat road is to be finished to Salt Lake City at an early day is the best possible, thinks the Tribune. All Utah will rejoice in it, and will celebrate with enthusiasm when the road is out through.

There is nothing amiss with the electrical industry of the country

when the General Electric company can see its way clear to reward its stockholders with an extra dividend of 20 per cent in the form of stock.

The electric button is no good unless it is pushed. A man's business is no good if he does not "git up and git." It takes work and lots of it to make things go.

We'd think more of that real-estate promoter "working" the Helper State Bank if he'd have invested the funds in Price River Valley.

In all this excitement don't let us forget that Price River Valley is the greatest country on earth.

There are men who never err, because they never propose anything rational.

Good morning! Have you been audited?

A FLY CATECHISM

The following questions and answers were prepared by the Indiana state board of health and have been widely copied. The school board of Asheville, N. C. caused them to be pasted in the spelling books used in the graded schools of the city:

Where is the fly born? In manure and filth.

Where does the fly live? In every kind of filth.

Is anything too filthy for the fly to eat? No.

Where does he go when he leaves the surface closet and the manure pile and the gutter? Into the kitchen and dining room.

What does he do there? He walks on the bread, fruit and vegetables. He wipes his feet on the butter and batoes in the milk.

Does the fly visit the patient sick with typhoid fever, consumption and cholera infantum? He does, and he may call on you next.

Is the fly dangerous? He is man's worst pest and more dangerous than wild beasts or rattlesnakes.

What disease does the fly carry? He carries typhoid fever, consumption and summer complaint. How? On his wings and hairy feet. What is his secret name? Typhoid fly.

Did he ever kill any one? He killed more American soldiers during the Spanish-American war than did the bullets of the Spaniards.

Where are the greatest number of cases of typhoid fever, consumption and summer complaint? Where there are the most flies.

Where are the most flies? Where there is the most filth.

Why should we kill the fly? Because he may kill us.

When shall we kill the fly? Kill him before he gets wings. Kill him when he is a maggot in the manure pile. Kill him while he is in the egg state.

How? Keep the stables dry and clean and don't allow any manure to stay on the premises longer than one week. Have all other filth and trash accumulating on your premises removed or burned at least once a week.

If your neighbor fails to comply with these rules and allows flies to breed on his premises to visit you, screen your doors and windows and keep them out.

HE WON'T LIMP NOW.

No more limping for Tom Moore of Cochran, Ga. "I had a bad sore on my instep that nothing seemed to help till I used Bucklen's Arnica Salve," he writes, "but this wonderful healer soon cured me." Heals old, running sores, ulcers, boils, burns, cuts, bruises, eczema or piles. Try it. Only 25 cents at all dealers.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gahrdt, Oriole, Pa. There is nothing better. For sale by all dealers.

Call For Republican County Convention.

Headquarters of Republican County Committee, Price, Utah, July 29, 1912.—A republican county convention is hereby called to meet at Price, Utah, on Saturday, August 24, 1912, at 10 o'clock a. m. at the county court house, for the purpose of nominating:

- One representative to the state legislature.
- One county commissioner, four-year term.
- One county commissioner, two-year term.
- One county clerk.
- One county recorder.
- One county assessor.
- One county treasurer.
- One county attorney.
- One county sheriff.
- One county superintendent of public instruction.
- One county surveyor.

To elect nine delegates at large to attend the state republican convention, which will be held in Salt Lake City on Thursday, September 5, 1912, at 11 o'clock a. m. for the purpose of nominating state officers, and

To select a county chairman and committee, and to transact any other business that may properly come before said convention.

The apportionment is made of the delegates from the several precincts of the county on the basis of one delegate for each twenty votes or major fraction thereof cast for the Hon. Joseph Howell for congress in the election of 1910, and there shall be at least one delegate from each of the precincts of said county.

On this apportionment the convention will consist of thirty-nine delegates apportioned to the several precincts as follows:

Winter Quarters	74	4
Scotfield	65	3
Castle Gate	70	4
Helper	43	2
Kenilworth	18	1
Price	160	8
Wellington	50	2
Sunnyside	136	7
Clear Creek	59	3
Harper	5	1
Carbonville	11	1
Spring Glen	13	1
Hiawatha	26	1
Total	730	39

The chairman of each precinct is hereby directed to call primaries in each voting precinct to elect delegates to attend said county convention. Said primaries should not be held later than Saturday, August 18, 1912, and it is requested that each precinct chairman mail a list of the delegates elected to A. W. Horsley, chairman of the republican county committee, P. O. Box 18, Price, Utah, not later than August 20, 1912. Respectfully, A. W. HORSLEY, Chairman Republican County Committee.
