THE TYPHOID FLY.
Baby bye,
Here's a fly,
Let us swat him, you and I,
While we talk,
See him walk
And for microbes never halt,
Do you think with six such feet
You and I would walk on meat?
Will this fly
Tell me why
He will walk on bread and pie?
Sure he knows
That his toes
Are all covered with typhes,
I should think if I were he
I'd not eat in milk and tea.
Kill him quick
Or he'll make you very sick,
Please you strictly should avoid
If you would not have typhoid.

QUEEN OF IRRIGATION
Shall Carbon County Be Represented At Coming Congress?
Correspondence The Advocate
SALT LAKE CITY, August 2.—"A Queen of Irrigation" is to reign at the twentieth session of the National Irrigation congress, to be held in this city September 30th to October 3d, next. Weber county will send her majesty to the congress, Utah county will supply the right maid of honor and Cache county will contribute the left maid of honor. Every county in Utah is being asked to send a maid of honor to attend the "Queen of Irrigation," and this request is now being sent out to boards of county commissioners by George A. Snow, chairman of the Utah board of control for the congress.
County commissioners are taking great interest in this matter, their ambition being to send to the congress court of honor the most beautiful representatives of the womanhood of their respective state subdivisions. The ceremony of presentation of the queen, accompanied by maids of honor from the counties of Utah and by royal ladies in waiting from other states in the union, is to be a brilliant affair. The queen and her attendants will also participate in the grand ball and reception on the evening of October 3d.
In connection with the queen's presence will be a mammoth electrical parade of magnificent floats, allegorically significant and headed by one representing the state of Utah. Following this chief float will come one from each county in the state, every float to be peculiarly representative of the region covered by it, and others from neighboring states. County commissioners being asked to provide such a spectacular accompaniment, their maids of honor, as well as splendid advertisements for their counties.
