## EDMUNDS SUBMITS HIS FINAL REPORT

### Snyder's Shortage Figures Up Forty-Six Hundred Dollars--That of G. W. Wilm Jones Around \$3000.00.

Saturday's special meeting of county commissioners and report of J. W. Edmunds, auditor from Salt Lake, was filed and accepted. It shows R. W. Snyder, auditor in his accounts, and G. W. Wilm Jones, county recorder, \$2916.75. It is noted by the board, all members of county attorney Hoffman, to make demand on Snyder for the return of the money in the reports of the auditor. Thomas moved that the report of G. W. Wilm Jones, recorder, be accepted. All commissioners voted aye. The report of Jones had been tabled until such time as the special auditor Edmunds had his accounts. A. D. Jones, who had been in charge of the office as special deputy, secured a vote of thanks. The resolution of Commissioner Randolph, passed by Commissioner A. W. McKinnon was approved and recorder to fill the vacancy of Jones. In the afternoon, however, the appointment, but was not made. Harmon and Fred L. Jones named as delegates to the Carbon county at the next congress in Salt Lake City this week. Jones, who succeeds R. W. Jones, was allowed a salary of \$66.66 a month, but has not as yet received it, but it is understood in mind a gentleman county familiar with the office of Winter Quarters. He collected dog tax collector of three dollars a day. He put in. This day away with all other things in the several precincts.

### AGED MEXICAN REFUGEES ARRIVE AT GARDEN CITY

PROVO, Aug. 22.—William C. McClellan and wife are the first refugees from Mexico to arrive in Provo, and both are pleased to get back to a place where they can rest and recuperate after the hardships of the Mexican rebellion. McClellan, who is 84 years old, is still strong and healthy and has been used to hardships all his life. He was a member of the Mormon battalion that went through the southern country following the Mexican war. When McClellan left El Paso a number of the men wanted to return to take charge of their property, but he said that it went against the grain of the colonists to give up their guns. He would not give up his gun direct to a Mexican, but gave it to his grandson, who handed it to a third party before the Mexican rebel obtained it. McClellan speaks very highly of the treatment accorded the refugees by the people of El Paso.

### PURITY FEDERATION HAS PLAN FOR UTAH

LACROSSE, Wis., Aug. 25.—An effort will be made by the World's Purity Federation to secure the establishment in Utah of a new state department, a bureau for the suppression of public vice, to be on a par officially with other branches of the new state government, like the insurance and treasury departments. The aim of the federation is primarily the suppression of the white slave traffic, and then to wipe out the public dive. Utah is selected as the state in which to make the experiment with one or two other states because of the progress already made there by the state branch of the purity federation. The names of those to have charge of the organization of the new campaign will be made public later.

### TRUTHFUL LABELS.

#### Canned Tomatoes Must Be "Solid Pack" or "Pure," Etc.

San Francisco dispatches state that several million labels for canned tomatoes must be reprinted to satisfy a ruling of the department of agriculture. The department has held that only "solid pack" cans may bear the label "tomatoes." Cans made of juice and pulp must be labeled "pure" made from tomato trimmings with at least one pound of tomatoes. The Utah dairy and pure food commissioner says this law has been in force here for over a year and is observed. "The laying on of hands" for complaints, especially in children, is now taking the place of Christian Science. A mother cured her boy of the cigarette habit with one application. She laid her left hand on the boy's neck, her right hand on one substantial slipper, and then laid the slipper where it would do the most good. It effected a cure and a relapse is not looked for.

### MORE CASES.

Charged With Embezzlement in County Funds. County Clerk Gwilym W. Snyder, treasurer, arrested last week on embezzlement in connection with alleged shortages. J. W. Edmunds, special auditor, and June Bryner, county clerk, were named in the complaint. Snyder was charged with embezzlement of \$46,000.00, but will be rearrested tomorrow. Snyder, candidate for republican ticket, will be arrested against Snyder.

## PROGRESSIVES TO HAVE FULL TICKET IN FIELD

C. H. Stevenson, chairman of the Carbon county wing of the progressives, tells The Advocate that it is the intention to have a full county ticket in the field in Carbon county. The convention is to be held at Price on the 19th of September, three days previous to the state convention. The official call appears elsewhere in this impression of "the great moral and religious." It may be, says Stevenson, that some endorsements will be made of candidates on the republican and democratic tickets, but these will be few. Chairman Stevenson has recently made a trip throughout the county, and he says he found the Roosevelt sentiment strong wherever he went.

## NO QUARRY SAMPLE BLOCKS OF MARBLE

At a meeting of the Birdseye Marble company held at Salt Lake City last Saturday it was decided to quarry model building blocks of the marble from the quarries at Thistle and submit them to the state capital commission in an endeavor to demonstrate that it is not necessary to go out of the state for material for the new capitol. The quarries have been inspected by marble experts, who have given it as their opinion that the Birdseye marble can meet all construction requirements. Among the experts to examine the marble was Alfred Brown, a well known authority on building stone, who declared the Birdseye marble superior to that of Vermont or Georgia.

## PECULIAR ACTIONS OF MAN LEADS TO ARREST

PROVO, Aug. 23.—A transit who gives his name as Louis McKinney and his age as 41 years, was arrested at Colton Tuesday by Deputy Sheriff Dunn and brought to Provo. The stranger, who has the appearance of a tramp, acted in such a manner as to make Colton people believe he is demented, and he undoubtedly is, but as he is believed to be harmless he may not be given an examination, but permitted to go as he is desirous of doing. He claims to have been born in Boston, but left there when a boy. He admits being in an insane asylum in St. Paul for six months, about ten years ago.

By a deal which involves two hundred thousand dollars, W. T. Goslen of Grand Junction, Colo., has completed arrangements for the purchase of the holdings in Colorado of his associates in the Utah Hilds and Live Stock company. His brother, A. M. Goslen, of Salt Lake City retains possession of the Utah interests. W. T. Goslen's holdings now consist of the sheep on the Pinon Mesa country and the old Steber Cattle company range. He shipped two thousand sheep last week to test the Kansas City market. A. M. Goslen now owns the company stock in Utah, ranged around Cleco and Westwater.

Complete returns from last Tuesday's Carbon county high school election have not as yet been received, but enough products have been heard from by County Superintendent of Schools Marcussen to insure a safe majority for the bonds. Price, Scofield, Winter Quarters, Kenilworth, Wellington, Clear Creek, Carboville and Helper give a total vote of a hundred and twenty-seven for the bonds and but fifteen votes against. Harper district held no election. There are five precincts yet to hear from. But one more date this month for registration, August 31st.

## REPUBLICANS PUT OUT STRONG MEN

### Administrations of President Taft and Governor Spry Endorsed--G. A. Iverson For Congressional Honors.

Promptly at 10 o'clock last Saturday morning A. W. Hofsley, chairman, called the republican county convention to order, stating the object of the meeting by reading the official call. R. H. Kirkpatrick of Sunnyside was the unanimous choice of the delegates assembled for temporary chairman. Carl H. Marcussen was selected as secretary, and later the temporary organization was made permanent. In a brief speech Chairman Kirkpatrick urged the nomination of the party's best men only for offices this fall, stating that a well chosen ticket meant victory for the party at the polls.

On motion of C. C. McWhinney a committee of five on credentials, permanent organization, order of business and resolutions was named. Credentials, Samuel Dugmore, Carlos Gunderson, Robert Williams, Jr., J. R. Fleming and W. N. Wetzel; permanent organization, C. H. Pierson, George J. Dunn, C. K. Jensen, C. B. Hill and J. H. Pace; resolutions, C. C. McWhinney, Joseph Barboglio, Robert Menzies, G. A. Iverson and C. R. Marcussen. After the committee on credentials had reported the names of the delegates entitled to seats in the convention, the report of the committee on permanent organization and order of business was adopted. The resolutions adopted by the convention follow:

## Endorse Taft and Spry.

The republicans of Carbon county in convention assembled unqualifiedly endorse the administration of that illustrious statesman, William Howard Taft, as president of the United States, and congratulate the state and the nation on the unprecedented industrial, commercial and social progress made under his leadership. We endorse the splendid administration of state affairs under the direction of the governor of the state of Utah, the Hon. William Fry, and the corps of efficient officers associated with him in this state, and we urge upon the delegates to the state convention that they use all honorable means to insure his nomination to succeed himself as governor of the state of Utah, confident that the good sense and patriotism of the republicans of Carbon county will bring about the election in November of the nominees of this convention.

We suggest that under the peculiar conditions obtaining in Carbon county that the best and strongest ticket be named by this convention, to the end that the business of Carbon county be transacted along safe and sane business lines, and the interests of the people as a whole subserved. We deprecate dishonesty in public as well as in private life, and pledge the nominees of this convention to an honest, clean and business administration of county affairs. To A. W. Hofsley, our county chairman, we express our sincere thanks for his able efforts during the past two years in the furtherance of the principles of republicanism, and his honest support of the nominees of the party.

We unanimously endorse the splendid efforts of Senator G. A. Iverson in the legislature and pledge the support of Carbon county in securing his nomination and election as congressman.

We further pledge the support of Carbon county to the support of Jesse D. Jowkes as state treasurer.

Jensen of Clear Creek and Robert Williams, Sr., of Sunnyside were named for the four-year commissionership, Jensen being nominated by a vote of nineteen to seventeen. Robert Williams, Sr., of Sunnyside and John H. Pace of Price were nominated for the two-year commissionership, Williams being chosen by a vote of twenty-six to ten over Pace. C. H. Pierson of Sunnyside, for clerk, C. H. Coty of Helper, for treasurer, and Miss Josie Fitzgerald

for recorder, were all named by acclamation, neither having any opposition whatever. C. C. McWhinney's nomination for county attorney also came by acclamation, as well as that of C. R. Marcussen for county superintendent of public schools. W. J. Tidwell of Wellington and George Collingham of Sunnyside, present incumbent, were the seekers for the assessorship, Collingham winning out by a vote of twenty-one to seventeen. W. N. Wetzel of Castle Gate was nominated over George Hill of Wellington for surveyor by a vote of twenty to eleven. W. J. ## SOCIALISTS PLACE FULL TICKET IN LOCAL FIELD

Carbon county socialists held their convention at Helper last Monday evening, it being quite largely attended. W. A. Jameson was chairman and I. W. Stark, secretary. Two years ago the party polled about two hundred votes in the county, but this year it is anticipated this will be more than doubled. A full ticket was nominated as follows:

## JUDGE JACOB JOHNSON MAKES GOOD IMPRESSION

Judge Jacob Johnson and W. D. Caudland of Sarpete county spent last Thursday in Ogden in the interest of Johnson's campaign for the nomination of state representative in congress on the republican ticket. Judge Johnson and Caudland have traveled over the greater part of the state and find much encouragement for another republican victory.

Weber county republicans have no candidate for congress and it is expected that their support will be thrown to the candidate from Southern Utah. Judge Johnson is backed by a long residence in Utah, and a good record on the bench.

## STRAWBERRY PROJECT WILL IRRIGATE ADDITIONAL ACRES

It is reported that the government, through the reclamation service, is preparing to open fourteen thousand acres of land to the south and southwest of Utah Lake to settlement early next year, and that this great area of arid land will come directly under the waters from the Strawberry project, either through a gravity canal or pumping station to be established along the shore line of the lake. When the land is opened it will be cut into forty-acre tracts. But one more date this month for registration, August 31st.

## MEMORIAL OF GEN. WILLIAM BOOTH

At noon today (Thursday) the wheels of all in the Salvation Army in America will be stopped in honor of Gen. William Booth, whose funeral takes place at 11 o'clock in London. Every member of the Salvation Army in this country will drop his task and engage in prayer. Orders to that effect have been sent out from the army headquarters. Arrangements have been completed for memorial services simultaneously in every city and important town in the States at 3 o'clock, Saturday, September 1st. A program has been drawn up for all the eight military divisions in the United States, and the various committees have been requested to invite city and state officials, of all denominations and Christians generally to take part in the countrywide memorial.
