

## PRICE CLUB INVADES KINGDOM OF EMERY

(Continued from page one.)

been able to eat before speaking he might have said more.

The luncheon prepared by the ladies of Emery was something that will long be remembered by every one in the party, and while Carbon county produced gold medal winners at the state contest some of them might take lessons from those good women of Emery.

At 1 o'clock cars began leaving Emery for Ferron, where there was a second welcome and all enjoyed the basketball game between the Ferron and Huntington girls. The game was a little one sided, but a large part of the success of Ferron may be attributed to its team being well acquainted with the ground. The crowd witnessing this game has been estimated to be about eight hundred people. At this point the excursion was about thirty minutes behind schedule but all remained to see the finish of the game.

Arriving at Castle Dale about 4 o'clock it was found that someone had rented a field for a crowd come in town and the grounds for baseball within the city limits had been given the boys for a game between their team and Price. The game was one of the best seen this

year up to the fifth inning. After that time the writer does not care to get into any argument. Castle Dale got seven, Price two. All enjoyed themselves greatly anyway. About this time County Attorney Dickson announced that the ladies of Castle Dale had prepared a hot chicken dinner and were prepared to seat about a hundred and twenty at one time. At this announcement all interest in the ball game was lost and the building was quickly filled. The way our Price people did eat was something to be proud of and no doubt the ladies lost money on that supper and the Price people certainly got all they paid for.

Our cars began leaving Castle Dale about 7 o'clock, arriving home all the way from 8:30 to 10:30. Many being without lights had to travel the last end of the road very slowly.

With the number of cars traveling on this excursion the writer challenges anyone to slight us to a trip of the same distance being made with as little trouble, which certainly speaks well for the condition of the roads.

In the writer's judgment this was a red letter day for the people of Emery and Carbon counties. More of these trips should be made. The people of the two counties should become better acquainted with one another. The interests are mutual and as one county prospers the other is bound to also.

Price and Carbon county ship in thousands of cars of produce every year that should be produced by the two counties. More and better farmers in both counties are needed and the money kept at home to build up our own industries. The time is not far distant when we can say to our friends in the northern part of the state we have been telling you so.

Long live the good people of Emery county. We are learning to love you more and more every day.

A. J. LEE.

### In the Matrimonial Whirlpool.

County Clerk E. S. Harsley has issued the following marriage licenses: May 19, Elmer P. Madson and Jessie Fugate, Manti; May 22, Salvatore Raschols and Rosina Marchisa, Mohrland; Nick Parvick and Frances Ostank, Standardville.

### NO LONGER REPRESENTATIVE.

Thomas Joubas is no longer employed, in any manner, as a representative of our company. THE McDONALD REAL ESTATE & INVESTMENT COMPANY. 41

### PUBLIC SCHOOL STUDENTS PERFORM CREDITABLY

As a part of the commencement program at the City Hall last Thursday evening, Thos. G. Shepard's operetta, "Boy Blue," was given by a selected company of singers from Grades I to IV, inclusive.

As to the operetta itself, hardly a better choice could have been made. The music is light without being trivial, and most tuneful. Mediocrity characterizes most music written for children but in this operetta every number is such a gem that composers should study it carefully as a shining example of the heights to which juvenile music can rise without getting beyond performing ability.

The performance of the work was marvellously perfect. The children entered into the spirit of the story with such spontaneity as to leave little to be desired. The attack was always prompt and the singing well sustained. The principal parts were taken by John Harmon and the Misses Muriel Wade, Beulah West and Alice Hoffmann. Without exception the parts were very well rendered.

As director of the performance, Irving Gingrich, supervisor of music in the schools, justified every expectation. In the one year he has had charge of music in the schools, distinct progress has been made, as was reflected in the perfect response of the pupils to every shade of meaning as expressed by the baton in Thursday night's performance. Miss Augusta Walsh, one of the city's very efficient music teachers, was accompanist and deserves much credit for the support given the singers.

The performance began promptly at 8 o'clock and standing room was at a premium at that hour. The audience expressed its enthusiasm in prolonged applause and nothing but the most commendable and appreciative remarks were heard at its close.
