CATTLE MARKET IS QUITE STEADY

STOCKERS AND FEEDERS SHORT OF REQUIREMENTS.

Increasing Supplies in the East Send Spring Lambs Down Fifty to Seventy-Five Cents the First of the Week—Woolmen Much Encouraged With the Outlook.

Correspondence The Sun.

KANSAS CITY, Mo., June 14.—The Kansas City cattle market held steady to strong in the face of weaker prices elsewhere. Here the run was moderate, being about two thousand less than a month ago, and about the same as a year ago, quality, however, was well suited to local and shipping needs, carrying enough finish to interest the special trader and at the same time, quite enough medium beef to make up the rank and file for killers' use. In the finished classes of heavy, medium and light weights, sales were reported at \$8.75 to \$9.15, the latter price being paid for a load of 779-pound steers and heifers mixed. Western steers sold at \$8.25 to \$8.75. On the quarantine side sharp competition was evident and prices ruled strong to ten cents higher. About thirteen carloads were on sale. Steers brought \$6.50 to \$7.65. Steers brought \$6.50 to \$7.55.

The supply of stockers and feeders was short of requirements and prices ruled strong to ten cents higher, and quality considered the highest this year. Inquiries are increasing from Eastern States. Last week an Illinois feeder took a car load of 725-pound steers and heifers mixed at \$8.80.

Packers here are having trouble to keep the hog market down to Chicago's level, and last week they paid more here than in Chicago. Today they started to line up the market by taking off twenty-five to thirty cents, but in that they were not fully successful, and their purchases averaged as high as the lake market. Shippers paid up to \$7.75, and pickers' droves cost \$7.25 to \$7.50, compared with \$7.15 to \$7.50 in Chicago.

Increasing supplies in the East and lower prices sent spring lambs off fifty to seventy-five cents, making a break of \$1.25 in the past four days. The top price today for spring was \$19.35. Sheep were off fifteen to twenty-five cents.

Kansas City Market.

Prime fed steers \$8.65 to \$9.30; dressed beef steers, \$8.00 to \$9.00; Western steers, \$7.50 to \$8.50; stockers and feeders, \$6.00 to \$8.00; bulls, \$6.25 to \$7.00, and calves \$5.75 to \$11.25. Sheep—Receipts, 2500; market weak. Lambs, \$6.75 to \$9.75; yearlings, \$6.65 to \$8.50; wethers, \$5.75 to \$8.25; ewes, \$4.25 to \$5.50.

Omaha Live Stock.

OMAHA, June 17.—Cattle—Receipts, 3200; market strong. Native steers, \$7.25 to \$9.15; cows and heifers, \$5.85 to \$7.85; Western steers, \$6.40 to \$8.40; Texas steers \$6.00 to \$7.60.

Sheep—Receipts, 2500; market lower. Shorn lambs, \$7.00 to \$8.50; wethers, \$7.05 to \$7.15; spring lambs \$8.00 to \$9.50.

Expects More Firmness.

Prediction that the wool market will continue firm and that prices may be even higher for certain kinds of wool is made in a circular letter recently sent out by the National Wool Warehouse and Storage company of Chicago, copies of which have been sent to sheepmen of this state. According to the information given in the letter, the United States exported \$21,000,000 worth of woolen goods in the nine months ended March 31, 1915, as compared with \$2,500,000 for the corresponding period of the previous year.

Record Price For Lambs.

Six hundred head of Idaho grass lambs were last week sold on the Omaha market for \$11.75 a hundred weight, according to notices received by S. W. McClure, secretary at Salt Lake City of the National Woolgrowers' association. The lambs were sent from the Williams ranch near Filer in Twin Falls county, Ida.

"This is the highest price ever paid on the Eastern market for Western grass lambs," says McClure, "and it also is the earliest that a shipment of Western grass lambs has been placed on the Eastern market. These lambs were born in January."

"I believe that the price for lambs is going to remain high, although it always is highest for the first shipments."

received a degree of master of agricultural engineering which was conferred upon him, he being the first in the state to be honored with such a degree by the agricultural college. They spent a very enjoyable day at the college and returned home Wednesday.—Garland Globe, 12th.
