

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength. You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you. This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you. It would bankrupt us. The dollar bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

Diarrhoea, Colic and Cholera Morbus

Are diseases that require prompt attention.

In almost every neighborhood some one has died from these diseases before medicine could be procured or a physician summoned.

Those who rely upon physicians often find that they are away from home when most needed.

Every family, and especially those who reside on farms and ranches, miles from any drug store or physician should keep at hand a bottle of

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

No physician can prescribe a better medicine for the purposes for which it is intended.

The remarkable cures effected by this remedy, in all parts of the country, have made it the acknowledged standard.

It can always be depended upon to effect a quick cure, and when reduced with water is pleasant to take. It is equally valuable for children and adults.
