

AN OPEN LETTER.

To the Men, Women and Children of Caldwell and Surrounding Country.

If you wish to purchase a shoe for your boy or girl that will stand the wear and tear of every day usage—

If you want a pair of Ladies' Goat Button shoes that will stand the wear and tear of every day usage—

If you want a good, solid, heavy, every day Ladies' shoe—

If you want a good, sensible and stylish Cow Boy Boot—

If you want a good, solid, durable boot—

See our stock before purchasing. We can please you in price, in style and in quality.

Take Notice.

We will again be ready for business Monday morning, in our new stand opposite Gwin's and first floor east of Lewis' hardware shop.

Bel Dresses and Wedding Outfits, a specialty. Will open with a line of millinery between the first and middle of March.

Exchange Saloon! J. M. MARTIN, Prop., A fine line of WINES, LIQUORS & CIGARS.

Fahy Bros' Saloon, CALDWELL, IDAHO. Always on Hand.

Popular Place of Resort Opposite Pacific Hotel. The Choicest Wines, Liquors & Cigars.

Always on Hand. Good Billiard and Pool Table in the room. Try some of our clever year.

Old Kentucky Bourbon Whiskey. The best in the Market.

FINE JERSEY BULL. "Mickey Boy," a thoroughbred, registered Jersey bull, will be open for services at my farm, near Caldwell, this season.

—Fire protection is needed. —We must have a fire company. —M. B. Gwinn is receiving new goods daily.

—Fred Foster is driving the Rockville stage. —Frank Mason, of Mountain Home, is in the city.

—E. J. Harness, the tree man, was in town Tuesday. —Grant Whitney, of Payette, was in town this week.

—Morrow & Johnson are shipping horses east this week. —Ed. Maxey cut his knee badly, but can still limp around.

—Wall paper, largest stock in Idaho, at Little & Blatchley's. —Brunt Young, foreman of the bridge outfit, was in town Monday.

—The largest stock of gents' and boys' clothing in town at Gwinn's. —Do you eat fruit? If so go to Isham & Co's and get the best.

THE TRIBUNE.

CALDWELL, IDAHO, MARCH 10, 1888.

—Miss Ora Lucas who is teaching school at Falk's Store, will spend Saturday and Sunday with her parents in this place.

—We pleased to note that the members of Mr. Elijah Frost's household who have been dangerously ill for some weeks part are on the road to recovery.

—Bob. Bryant, the contractor, says that all the flumes on the Sebree ditch will be completed within three weeks. There are 300,000 feet of lumber in these flumes.

—Pendleton, Oregon, has already arranged for \$175,000 worth of improvements for the coming season. The building association is back of Pendleton's wonderful growth.

—A fire broke out in the building occupied by the Palace Restaurant, last Saturday evening, caused by a defective flue. Luckily it was discovered and extinguished before much damage was done.

—Mr. T. B. Shelton, of Boise Valley, died on the 7th inst. Mr. Shelton has lived in Boise Valley all his life, and leaves a large circle of friends to mourn his loss.

—Clergymen, lawyers, public speakers, singers and actors, all recognize the virtues of Ayer's Cherry Pectoral. One of our most eminent public men says: "It is the best remedy that can be procured for all affections of the local organs, throat and lungs."

—Little & Blatchley have the finest line of garden and field seeds ever seen in Idaho. Their stock comprises a full and complete variety of both the famous E. J. Bowen and D. M. Ferry test seeds, the best brands in the world.

—Al. Butts, who is a reformed blacksmith and settled down to an honest living on his ranch near Emmett, came over last Sunday to see his girl. If Al. will take good advice he will take his girl over there where he can see her all the time. Much safer, old boy.

—Mrs. D. P. Dodd died last Sunday morning. Mrs. Dodd has long been a sufferer, having been confined to her bed most of the time during the past three years. The funeral occurred last Monday, conducted by Rev. Gwinn. The bereaved relatives and friends have the sympathy of all.

—Some generous person donated \$75 towards a bell for the Presbyterian church, provided \$100 more could be raised to go with it. The ladies of that church immediately started a subscription paper. We have not yet learned the results, but as the first subscription paper that did not accomplish its object is yet to be heard of in Caldwell, we feel safe in saying that the bell will be here.

—Remember that until March 20th you can come into the Building and Loan Association at par. A new bracket is now being formed and this will be your last chance to start in even for six months. Young man save your money. You will be surprised to see what a few dollars a month at 12 per cent interest amounts to. Call at the bank and get you a book. It will save you money and is the making of the town.

—Col. Brown, our vigilant constable, had more fun than anybody last Saturday night. A suspicious character had been hanging around town all day, and fearing he might do some mischief, Dan concluded to "run him in." The fellow went peacefully enough until Dan went to unlock the jail door, when he suddenly filed a vigorous protest, and attempted to walk on Brown a while for exercise. Strangely enough our valiant night-watch object and a fight ensued that must have been truly beautiful. Both fell off the bank into Indian Creek, where the struggle was resumed. Dan came out victorious in the fight, but the prisoner escaped.

—The Board of Trade has under consideration a new road from this place to Poison Creek. The proposed new line will cross Snake river some miles below Henderson's, at which place Froman & Beck propose to put in a ferry. It is estimated that the new road will shorten the distance between this place and the Jordan Valley country five or seven miles. It is also estimated that the cost of the proposed road will be about \$600. The subscriptions already amount to \$425, and the figures will soon be increased. THE TRIBUNE supports the Board of Trade knows its grounds, and that the proposition is a good one, but the idea occurs to it, that \$600 invested in a road that taps no new territory should be well considered. We only ask that the Board weigh the matter carefully before taking final action.

—The Boise Board of Trade has passed resolutions sustaining Mr. Clark in his action of sending printing to eastern houses, detrimental to home establishments, and the Statesman is surprised. There is no cause for surprise. A blind man could have seen that that would have been the outcome. Pinney, president of the Board, is the father of the scheme of running down home industries by sending work away, and he yet does all in his power to foster his legitimate offspring. How could the board do anything but exhortate its secretary when his president is in the same boat? Fire both of them or neither one. By the way, it is highly amusing to hear old croakers who won't know an ear quadrant from a wagon wheel, stand around and declare such and such work cannot be done in Idaho. And the poor things don't seem to know they are making a show of themselves and their monumental ignorance is acting clown.

—Two thousand newspapers are published in Japan; only twice as many in Great Britain and Ireland. Africa has 206 journals and Australia 700.

—Isham & Co. will handle all kinds of fruit again this season, Fresh oranges, lemons, etc. will be kept constantly in stock. Always keep the best at lowest prices.

—Miss Florence Dryden wishes to inform the public that she is now prepared to do all work in the dressmaking line in all the latest styles, at the residence of W. W. Dryden.

—Bill Kinkaid says that Charlie Picard is married. As Bill is Charlie's nearest neighbor he ought to know what he is talking about. The Batchelor's Club will send a committee to investigate.

—Mrs. E. A. Hannan, who has successfully managed the Iowa House the past year, has rented the house for six months and will seek rest and recreation in Nebraska during the summer.

—Grand Master Badley, accompanied by his lady, started last Sunday on a tour through the Wood River country. He will visit lodges at Mountain Home, Shoshone, Bellevue, Hailey and Ketchum before his return.

—A word to ranchers: Isham & Co. have a large, fresh stock of pure blue vital, which they are selling at prices unheard of in Caldwell before. Soaking wheat in blue vital before sowing is said to prevent rust.

—Thomas Rowland, of Boise, has rented the Iowa House of Mrs. Hannan, and took charge of the same last Wednesday morning. THE TRIBUNE speaks for Mr. Rowland a continuance of the liberal patronage the house has always enjoyed.

PARMA.

"Bob" Tells All About the People of Parma.—Bachelors on the Run.

Farmers are all busy in this part of the valley. Plowing is the order of the day.

B. Shipley and wife were in Caldwell last week. Mrs. L. A. Pease is in Caldwell.

Albert Fouch is at his ranch near Star. Frank Fouch is—will tell you more about it in a few days.

Zimmerman has taken a school and will teach for the next three months.

Work on the Sebree ditch is progressing rapidly and with the present force will soon be completed. Howard Sebree is devoting most of his time to his interests in this part of the valley. A large, comfortable house has just been completed on his ranch and is occupied by his foreman, Mr. Oscar Castator and family. They are very pleasant people and will be quite an addition to the social element of this community.

I see by THE TRIBUNE that the matrimonial boom has struck Caldwell and has caused a break in the Bachelor's Club. The boom is coming this way. There is matrimony in the air. Bachelors are afraid to be seen on our streets.

Geo. Andrews died himself, to Long Valley last fall. Bill McKnet did not leave his ranch during January for fear that he would be called upon to contribute to the support of one of the gentler sex. Brye Bennett has not been seen for some time. The girls mean business and are determined to embrace the opportunity (or some one else.) It is a privilege they have vouchsafed to them once in four years and I expect it, am ready for experience, actually yearning for it.

LET US PROTECT OUR PROPERTY.

How we can Fight the Flames Cheaply and Effectually.

In these days of petitions all tending toward the improvement of our little town, would it not be good policy to protect what improvements we already have. The roads that we are taxing ourselves to build, would avail us little should the town burn up while they are being constructed. The blaze of Saturday was a warning. A little later start and a little wind would have destroyed the block. We understand that the railroad company have offered their tank in case of fire, and all that Caldwell needs is to buy the necessary hose. Six hundred feet of good hose will cover the entire business portion of the town, and the town is full of good, strong, athletic young fellows, who are spoiling for exercise, who would volunteer their services in a moment. The Board of Trade is now resurrected again, and they should at once take steps toward securing an active and efficient fire service. There are many ways to accomplish it. Incorporation, private subscription, etc. Let us have fire protection.

CONSUMPTION SPEEDILY CURED.

To the Editors:—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and postage address. Respectfully, T. A. SLOCUM, M. C. 181 Pearl St. N. Y.

MONEY TO LOAN.

\$100,000 to loan on farm property. Enquire of CHAS. H. REED.

Wonderful Cures.

W. D. Hoyt & Co., wholesale and retail druggists of Home, Ia., say: "We have been selling Dr. King's New Discovery, Elix. for Catarrh and Bronchitis for two years. After having had a number of cases, we are now recommending it to our friends. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. So do by Little & Blatchley."

PERSONAL.

Mr. N. H. Frohlichstein, of Mollis, Ia., writes: "I had tried other remedies with no good result. I have used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend. Dr. King's New Discovery for Consumption, Coughs and Colic, is sold at a positive guarantee. Trial bottles free at Little & Blatchley's Drug Store."

NOTICE—TIMBER CULTURE.

U. S. LAND OFFICE, Boise City, Idaho February 27, 1888. Complaint having been entered at this office by Asa O. McCamley against Edwin B. Cannon for failure to comply with law as to Timber Culture Entry No. 278, dated October 20, 1881 upon the N.E. 1/4 section 15, township 4N, range 4W, in Ada county, Idaho, with a view to the cancellation of said entry; constant alleging that Edwin B. Cannon did not break or plow 5 acres covered by said entry the 1st year, nor 5 acres the second year, nor has he cultivated to crops or otherwise 5 acres at any time since said entry; nor has he at any time since said entry planted 5 acres or any other quantity of land in timber seeds or cuttings. The said parties are hereby summoned to appear at this office on the 14th day of April, 1888, at 10 o'clock a. m., to respond and furnish testimony concerning said alleged failure.

YOUR CHILDREN

Are constantly exposed to danger from Croup, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such ailments, Ayer's Cherry Pectoral, promptly administered, affords speedy relief and cure.

As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacious of all the medicines which have come to our knowledge.—Mary Parkhurst, Proctress, Home for Little Wanderers, Boston, Mass.

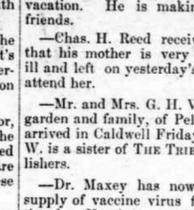

My children have been peculiarly subject to attacks of Croup, and I failed to find any effective remedy until I commenced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing, and invariably cures the complaint.—David G. Stacks, Chatham, Columbia Co., N. Y.

I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint.—J. B. Wellington, Plainville, Mich.

I find no medicine so effective for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It saved the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Maloney, Finesy, Va., Tenn.

Ayer's Cherry Pectoral, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; 25¢ bottles, 50¢.

ROYAL BAKING POWDER

A BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. It is economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., New York.
