And Carbuncles result from a debilitated, impoverished, or impure condition of the blood. Ayer's Sarsaparilla purifies and cures these eruptions and painful tumors, by removing their cause; and the only effectual way of treating them.

Ayer's Sarsaparilla has prevented the usual course of Boils, which have prevailed several years.—G. Seales, Plainville, Mich. I was badly troubled with Pimples on the face, also with a disfigurement of the skin, which showed itself in ugly dark patches. No external treatment did more than temporarily soothe. Ayer's Sarsaparilla effected

**A Perfect Cure,** and I have not been troubled since.—T. W. Hoady, River St., Lowell, Mass. I was troubled with Boils, and my health was much impaired. I began using Ayer's Sarsaparilla, and in due time the eruptions all disappeared, and my health was completely restored.—John R. Elkins, Editor *Shelby Observer*, Albamarle, N. C.

I was troubled, for a long time, with a tumor which appeared on my face in ugly Pimples and Boils. Ayer's Sarsaparilla cured me. I consulted the best medical purifier in the world.—Charles H. Smith, North Craycroft, Va.

# THE TRIBUNE.

CALDWELL, IDAHO, JUNE 2, 1888. —Come to the dance Thursday night. —Frank Gibbon was in town last Monday. —Mrs. D. L. Badley visited Boise this week.

—Good, fresh drugs at Little & Blatchley's drug store. —J. F. T. Bayse, of Emmett, was in town last Tuesday. —Mrs. B. T. Young is visiting friends in Caldwell this week.

—Liberty, independence, patriotism and drugs at Isham & Co's. —"Cub," Moulton, of Emmett, was a Caldwell visitor this week. —John Arvidson, of Reynolds Creek, was in town Thursday.

—Groceries of all kinds—staple and fancy—at the lowest prices at Coffin's. —Mrs. E. S. Mohr, the popular hostess of the Mohr House, visited Payette Tuesday. —Born to Mr. and Mrs. Snodgrass, of Dixie, on the 17th inst., a fine 10-pound boy.

—Capt. Geo. Little and family, and Mrs. Clark, of Laramie, went to Boise Decoration Day. —Remember, strawberries, and ice cream at Presbyterian church Tuesday evening, June 5. —Mrs. F. L. Olmstead and Mrs. B. T. Young took part in the exercises at Boise on Decoration Day.

—Isham & Co. will not deliver the oration on the Fourth, but they are selling drugs very cheap. —One or two boys met with accidents at the stock yards while loading sheep. Nothing serious. —Tom. Black, the noted horseman of Willow Creek, got lost and strayed into Caldwell last Thursday.

—The Boise Statesman speaks in very complimentary terms of Rev. Gwinn's address at that place on Decoration day. —Dr. C. E. Lee is putting on style with the handsome fence in the country. The doctor's residence is a thing of beauty. —The flags will float, the eagle scream, the canons roar and drums be sold cheaper than you can steal them at Isham & Co's.

—Blaine buttons are quite fashionable among Caldwell republicans, while some of the democrats have organized a white plug hat brigade. —As will be seen in another column, John McMahon, of Sucker Creek, offers his entire herd of sheep. Here is a good chance for a purchaser. —Beautify your homes by painting. Little & Blatchley carry a magnificent line of elegant mixed house paints. Both beautiful and reliable. Try it.

—G. R. Weatherford, the enterprising hotel man of Weiser, was calling on his many friends in Caldwell this week. THE TRIBUNE acknowledges a call. —Prof. L. J. Emerson started for Portland last Tuesday. We understand that he intends opening a law shop at that place. The friends of Prof. Emerson wish him a lucrative practice. —We hear that the "shebney" and his instrument of torture has arrived in town again. It is also rumored that another magic lantern will be turned loose on an unprotected community. Ye gods! what next?

—John Allington, who has filled a position in the depot at Nampa for some months past, was in town Thursday. John's friends will be pleased to learn that he has accepted the Silver City office of the telegraph line. —The genial glow of T. T. Dan-dillon's cheerful countenance shone on our streets last Wednesday. "The" looks as though Ontario agreed with him, and carries an air that betokens good health and a prosperous business. —Mr. and Mrs. Jim. Miller, of Mountain Home, spent last Sunday with Mrs. M. Collins, of this city. This is Jim's first visit to Caldwell since his marriage, and his many friends were pleased to meet him and his accomplished bride.

—More than twenty "Buckeye" twine binders sold by us in the last four years, and not a single complaint has been heard. We have never sent out an expert to set up and start them, and still they work perfectly. F. R. COFFIN & BRO. —Maj. Henry Darman, Lieut. H. N. Maxey, Corporal John Zehner, High Private Nuzman, Capt. Geo. Little, Chaplain R. M. Gwinn, and Admiral Chris. Fahy were among the old "vets." who went from here to Boise on Decoration Day.

—Geo. Wooten came in from Long Valley Wednesday. He says the stock wintered there came out in splendid condition this spring; that feed is good and water plenty; that the roads are in fair condition and that everybody is prosperous and happy. —Eczema causes an itching so persistent as to produce, not only sleeplessness, but, at times, even delirium. Local applications will not remove the cause, which is impure blood. Ayer's Sarsaparilla cures this disease by cleansing the blood and eradicating all humors. —J. G. Whitney, of the Payette Nurseries, was in town Thursday. He reports good crops and a great deal of real estate activity in the vicinity of Payette. He also informs us that his strawberry patch yields sixty gallons per day, but he cannot begin to supply the demand.

—There is only one thing scarcer than money in the country, and that is rain. —We pay the highest market prices for butter and eggs. F. R. Coffin & Bro. —C. W. Cooper is authorized to canvass for THE TRIBUNE in the Chicago convention. —Mr. Ben. Young has recently refitted and repaired his residence in the north end of town. —Coffin still has the famous "Buckeye" binders, mowers and reapers. The best known harvesting machines in Idaho. —Go and see that wonderful McCormick Steel Frame Binder whether you have any idea of buying one or not. We will be glad to show it to you. COFFIN. —Charlie Picard, of the enterprising firm of Picard & Roberts, came in with about thirty head of as fine beef cattle as one often sees the other day. —The low and uncertain price for wool has made the delivery very slow. A great many sheep men are not going to haul their wool at all unless prices raise. —After the raid of the horribles on July Fourth, all the dead and wounded will rush to Isham & Co's with one accord and buy their drugs. They have plenty for all. —Sixty thousand, three hundred and twenty-one McCormick machines sold during the season of 1887. This is more than twice the number sold by any two other makers on earth. —If you think of purchasing a mower for the coming harvest, go to Coffin's and have him show you the new No. 4 McCormick. It is the strongest, the highest running, the most simple, and the best grass cutting mower on earth. —The Appleby Binder as used by nearly all makers of twine binders, weighs 400 pounds. The wonderful new McCormick weighs only 198 pounds. It has only seven pieces, while the Appleby has forty-six. Coffin will be glad to show it to you. —Little & Blatchley wish to inform the public that notwithstanding the dull times, they are still at the same old stand, and are carrying a larger and better stock than ever before. They give especial attention to the wholesale trade and solicit orders from the surrounding country. —Sim Badley and Mike Roberts are making extensive preparations to go east the 6th of next month. They are trying hard to give out the impression that they are going home to get married, but THE TRIBUNE is betting two to one that neither one has nerve enough to take that important step. —Silver City people say that the telegraph line will be used exclusively. While they appreciate the factory interest, Boise City is taking in their welfare, they hardly feel under obligations strong enough to warrant them supporting a Boise City enterprise at the expense of one of their own. —Go to Coffin's for your boots and shoes. An immense new line of Gent's fine boots and shoes just received. Also another stock of the celebrated "Henderson" shoes for Ladies, Misses and Children. Remember the "Little Red School House" shoe for children; it has no equal for neatness and durability. —If there is one thing that Caldwell should attend to more than another, it is the Jordan Valley mail line. No one can fully realize the importance of this enterprise without going over into that country and seeing. The people over there will make every effort, and Caldwell should push the matter to a speedy consummation. —Over in Jordan Valley, and in fact in all the high valleys, the cold weather last winter completely killed out the alfalfa and timothy, thus almost entirely destroying the hay crop for this year. As wintering stock on the range, in its present condition, is almost out of the question, the outlook for the stock men in that region is rather blue. There will be lots of stock sold this year at some price. —It is really amusing to see how nicely the boys at Nampa "work" the reverend local on the Statesman. They glibly manufacture a neat little story, sugar-coat it with a little flattery, and laugh in their sleeves at the avidity with which he swallows the bait. Telephone nearly completed! Nampa division station! Post holes to Warm Springs!!! Great Scott! they will ruin his reputation yet. —The holes for the telegraph line have been dug, and the poles distributed from Silver to the Snake, over two weeks ago. They are now waiting for the wire, which was shipped over a month ago, but which, unfortunately, was mis-carried. It is now looked for every day, and when it arrives the line will be pushed to a rapid completion. It was a most exasperating delay, but it can't be helped. —Mr. Robt. Henderson, the popular Snake river ferryman, will start to Chicago about the middle of next month, where he intends to have a steam boat built to navigate the Snake river. The boat will be fifty feet long, about fourteen feet wide, and the screw propeller will be driven by a 33-horse power engine. The boat will have a capacity for 100 passengers besides an immense amount of freight, and will also tow two barges, thus making the freight capacity wonderful. The boat will draw only about four feet of water, thus making it possible to navigate the Snake for a long distance. Mr. Henderson is an old river man with much experience. He has thoroughly investigated the route, and is not only convinced that it is practicable, but that it will be a paying investment. He expects to have the boat running in September.

—Have you seen that wonderful steel frame McCormick Binder at Coffin's? The knoter has only seven pieces while all others have forty-six. —Dr. H. J. Brink, of Iowa, has formed a co-partnership with Dr. W. C. Maxey in the practice of medicine in Caldwell. Dr. Brink comes among us highly recommended as a physician, and will be a valuable acquisition both to the town and the profession. Dr. Maxey needs no recommendation from us, as his successful practice during the past year speaks louder than words of praise. The new firm will be a power in the practice of the country. —THE TRIBUNE put in a bid for printing the school blanks for the Territorial Superintendent. The bids were to be opened at Boise on Monday, May 21st. THE TRIBUNE mailed its bid, which was the lowest and would have taken the work, on Saturday morning, May 19th. It did not reach Boise until Tuesday, May 22—taking just three days and a half to make the trip that is ordinarily made in two hours. Of course, as THE TRIBUNE's letter did not arrive in time, the work was given to Pinney, and will be sent east. THE TRIBUNE, mailed two hours later on the same day that the letter was mailed, arrived in Boise the same day. Now where was the letter those three days? Mr. Moody informs us that it bore the Caldwell postmark of the 19th, and therefore must have left the Caldwell postoffice on time, but where it put in those three days is something we would give our best press to know. And we are going to find out, if possible. Of course we realize that mistakes are liable to occur, but why this particular letter at this particular time should be just one day late, is to say the least, singular. And it is all the more singular from the fact that the papers in the same mail arrived at their destination on time, and a careful inquiry has so far failed to find anybody else who noted any irregularity of their mail on the date mentioned. Mr. Moody, who has always treated THE TRIBUNE fairly and honorably, has laid the matter before the post office inspector, and THE TRIBUNE is going to follow up the case. We realize that we have very little to work on, as the letter was not registered, but we venture the assertion we will improve the mail facilities between here and Boise at least. —We have just received a car of the famous Tubular Axle Wagons, and have them on sale at our wagon sheds. Come and see them. They are the coming wagon for Idaho. The axles are guaranteed not to break under any load. They run easier and will carry heavier loads than any other wagon. Come and see them at F. R. Coffin & Bro's.

**GO TO THE ANT, THOU SLUGGARD.** Boise Statesman. But, then, are we to sleep on forever, or will the resurrecting angel of commerce too his horn for the dead to rise out of sleep? —"A TIME TO DANCE." Next Thursday evening, June 7, a grand ball will be given at the Commercial Hotel, Caldwell. A grand time is anticipated and everybody is invited to partake of the enjoyment of the occasion. Supper will be served at the usual hour. Best of music in attendance. Everybody dance. —DO YOU WANT TO BUY SHEEP? I offer to sell and deliver all my sheep (stock sheep) about 8,000 head of ewes, lambs and bucks, on or after July 10th, 1888. Said sheep are of a superior quality, average clip at last shearing 7 1/2 pounds. Perfectly free from scab or any other ailment. Wool of said sheep always commands the highest market price. JOHN McMAHON, Rockville, Idaho.

**FAST FREIGHT MULE LINE.** Boise Democrat. There were two errors in the item in Wednesday's Democrat referring to the Fast Freight Mule Line between Caldwell and Boise. Frank R. Coffin, the general manager, says the quantity of freight shipped over it by F. R. Coffin & Bro., amounts to nearly fifty thousand pounds each month, and steadily increasing, at a saving of ten cents on every hundred pounds and one day's time. —THE TRIBUNE has interviewed Sherman M. Coffin, first vice-president of the line, and he fully corroborates the general manager's report. It is an actual fact that F. R. Coffin & Bro. send their immense volume of freight over the Fast Freight Mule line at a saving of ten cents per hundred pounds and one day's time. The irrepressible mule cannot be kept down. —STRAYED. From Falk's Store, Payette valley, March 25, 1888: 1 sorrel horse 8 years old; away back, strip in face; branded on left side (A) 1 bay horse, 6 years old; brand on left shoulder and C on hip. 1 roan mare 12 years old; branded H on left shoulder. I will pay \$20 reward for any information that will lead to their recovery. Address, L. HUGHES, Jordan Valley, Malheur Co., Ore.

**LUMBER.** We have at our mills at Emmett, well seasoned common lumber, only \$10 per thousand, cash. Also Matched Flooring, Siding, Rustic, Ceiling and Shingles, all cheap for cash on delivery. J. WARDWELL.

**COMPLETED.** The Last Mile of the Great Snake Ditch Completed this Week—A Magnificent and Successful Enterprise. Last week THE TRIBUNE had occasion to review the successful workings of one of Caldwell's young business institutions. This week it is its pleasure to herald to the world the completion of an enterprise which for actual benefit to this entire western country, for magnitude of conception and business-like management, stands at the head of the list—the Idaho Canal and Colonization Co's ditch. Work was commenced on this canal March 1st, 1887—the twelfth of last mile will be completed today. The work has been pushed continuously from the start and in such a manner as to gain the entire confidence of the people. Starting at a point on the Boise river one mile north of Caldwell on a level with the river bottom, the ditch is 30 feet wide on the top and 20 feet wide on the bottom. This dimension does not vary until the end of the third mile where it is reduced to 15 feet to the end of the fifth mile. From this point on to the end of the twentieth mile and the terminus of the ditch proper, the bottom width is 12 feet. Heavy laterals will be extended from this point down to Snake river, a distance of four miles. Further on the line has been extended to the Payette bottoms and will be built in the near future. The substantial character of the work has already been tested, water having been running for some time and no breaks of any importance have occurred. The land covered, about 22,000 acres, is of a high character. All kinds of small grain, the grasses, and fruits are produced in abundance and of the finest quality. Improvements are being made along the whole line of the ditch, houses are springing up as if by magic, fences being built, land cleared and cultivated, and orchards planted. Among the most important improvements being made are those of Howard Sebree, fencing and clearing one section; J. A. Goodhue, one section; Mr. G. has also set out 5,000 fruit trees; C. H. Sebree, one section; P. H. Lannan, one section; P. P. Shelby, one section; P. A. Devers, 320 acres, while Messrs. Fouch Bros., C. J. S. Peterson, Anthony Anderson, Mike Conway, H. L. McLaughlin, and a host of others are rapidly transforming the desert into fields of waving grain. Every acre of land under the ditch has been taken and not an acre of it is held for speculative purposes. And now why can not the glorious results apparent here be attained elsewhere? The amount of land covered by this ditch is very small when compared with the vast tracts of irrigable land in Ada county. Here is an actual demonstration that canals can be profitably constructed in Ada county, and that the land so watered leaps at once into value and has marvelous qualities for producing crops—still the vast volumes of the Boise are allowed to flow uncessantly to the sea, when by proper effort they would make happy homes for thousands of settlers. There are now at least half a dozen canal sights in Ada county awaiting the requisite capital for development, all of which, with proper management, can be made enormously profitable investments.

**CONSUMPTION SPEEDILY CURED.** TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. My timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE of charge to any reader who has consumption and if they will send me their express and postoffice address. Respectfully, T. A. SLOCUM, M. C. 181 Pearl St. N. Y.

**IS CONSUMPTION CURABLE?** Read the following: Mr. C. H. Morris, Newark, N. J., says: "I was with slow consumption, and friends and physicians pronounced me an incurable consumptive. I began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Jesse McMillan, Decatur, Ohio, says: "I had not been for Dr. King's New Discovery for Consumption I would have died of lung trouble. It has given up by doctors. An hour's rest of health. Try it. Sample bottles free at Little & Blatchley's Drug Store."

**ATTENTION LADIES.** When in need of Parasols, Fans, Gloves, Mitts, Underwear, Hats, trimmed and untrimmed, call on Gwinn. —Worth Knowing. Mrs. W. H. Morgan, merchant, Lake City, Wis., was taken with a severe cold, attended with a distressing cough and running into Consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption, and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption. Guaranteed to do just what is claimed for it. Trial bottles free at Little & Blatchley's Drug Store.
