

THE TRIBUNE.

CALDWELL, IDAHO, JUNE 16, 1888.
—Ice cold soda water at Isham & Co's.
—Good, fresh drugs at Little & Blatchley's drug store.
—The W. C. T. U. meets at Mrs. F. Moore's Saturday, June 16.
—We will now have no use for our Dutch orator on the Fourth.
—Rev. Gwinn will preach in the school house to-morrow morning and evening.
—Mr. Ed. Harrison, of Los Angeles, Cal., is visiting at the Dorman ranch.
—Flags, fire-crackers, torpedoes, pistols and caps at Little & Blatchley's drug store.
—Wm. Dorman has closed his meat shop during the coming summer months.
—You can get the coolest and most refreshing drink in town at Isham & Co's drug store.
—A drink exhilarating but not at all intoxicating can be had at Isham & Co's Drug Store.
—John McMahon, the popular sheep man and politician of Sucoor Creek, was in town this week.
—Jim Smith came down from Long Valley this week. He is very enthusiastic over that country.
—Miss Cora Bayse, of Emmett, started on an extended visit to Troy, New York, last Wednesday.
—Miss Delia Gilgan, of this city, was a guest of Miss Dollie Mott, of Middleton, for several days this week.
—The lumber for Froman & Beck's new ferry boat has arrived at Caldwell. R. E. Miller will build the boat.
—Mrs. Howard Sebree and Miss Lulu Sebree, have been visiting Mr. and Mrs. C. H. Sebree, of this place the past week.
—Rayer, the book fiend, and Harnoss, the tree fiend, came in Tuesday. They are now out seeking whom they may devour.
—Beautify your homes by painting. Little & Blatchley carry a magnificent line of elegant mixed house paints. Both beautiful and reliable. Try it.
—W. E. Mosby, who has been east for the past six weeks "blowing in" his hard-earned wealth, returned home Tuesday, and his gin mill is again running to its full capacity.
—Vale and Jordan Valley will be the contestants for the county seat of Malheur county at the next election, two years from now, they receiving the highest vote at the last election.
—Little & Blatchley have enough condensed nose on hand, in the shape of fire crackers, torpedoes, etc., to wake the dead. And the small boy has their permission to wake them on July Fourth.
—Some miserable sneak poisoned a pair of tame magpies belonging to Mr. Pepper, recently. They were great pets and could talk better than most talking parrots. A piece of poisoned meat was found in the cage.
—Little & Blatchley wish to inform the public that notwithstanding the dull times, they are still at the same old stand, and are carrying a larger and better stock than ever before. They give special attention to the wholesale trade and solicit orders from the surrounding country.
—Parties from Montana shipped about 700 head of cattle from Caldwell to the Montana market last Thursday. They were all from the Payette range. The amount of stock being shipped from Caldwell this spring is surprising. Every few days a long train of horses, cattle or sheep pulls out.
—M. B. Gwinn went to Boise Tuesday. The Democrat tells us that while there he entered into a damnable conspiracy with two other black and lawless republicans, ambushed the Democrat man, and made him cry for Blaine. Jud. rather insinuates that he will get even this fall.
—For the benefit of the Boise Republican we would say that Mr. Henderson's steam boat will be put together somewhere on the banks of Snake river, and that the boat in an "innocent desuetude" shape will be transported there either by railway or Coffin's Fast Mule Freight line.
—Col. J. J. Hickman made a very interesting talk to a small audience at the Presbyterian church June 14th. Although the Colonel is a very interesting and entertaining talker, he failed to work up much enthusiasm among the wicked Caldwellites, and his efforts to organize a lodge of Good Templars failed. The Colonel said that whisky won the day at Caldwell.
—Ed. Eames, formerly book-keeper for Coffin & Bro., but more recently of Oakland, Cal., was in town last Saturday. Ed's friends were pleased to hear that he was in town and would have been glad to see him had they the opportunity, but his time was completely monopolized by the young ladies. He left for Hailey Sunday, where he has accepted a position in the county Auditor's office.
—Sherm. Coffin is making more improvements in his hardware emporium. To escape the scorching rays of "Old Sol" and preserve Aid Oakes' complexion, he is having an elegant office built in the center of their mammoth store room, and will convert their present office by the window into a boot and shoe place. The new office will be the handsomest in town, and is a masterly piece of workmanship.
—MILK SHAKE—LITTLE & BLATCHLEY.

—Soda water with plenty of ice but no "stick" at Isham & Co's drug store.
—Read Hoover's new ad. He is selling furniture by the wholesale, and is receiving new goods daily. He has also put in a stock of coffins for those who contemplate dying.
—A stock train on the Oregon Short Line was wrecked near Shoshone last Thursday. It is said that the cars were thrown in every direction but no stock was injured.
—Fred Foster, driver of the Rockville Stage, found a bed tick filled with goods between here and the ferry. The owner can get the same by paying for this notice and proving property.
—Gem of the Mountains Rebeckah Degree Lodge No. 5, is rapidly becoming a strong and permanent institution. From the "joyful noise" that emanates from their hall on meeting nights, one would suppose that they were having a royal time.
—The report that the New York Canal Company has purchased the Phyllis Canal and would start work immediately has turned out to be a hoax. That ditch will never be built until Caldwell capital does it, and that is all ready when the blowhards get out of the way.
—Ayers' Hair Vigor is a universal beautifier. Harmless, effective, and agreeable, it has taken high rank among toilet articles. This preparation causes thin and weak hair to become abundant, strong, and healthy, and restores to gray hair its original color.
—The contract for carrying the tri-weekly mail between here and Emmett has been awarded to V. H. Pease, of Carson City, Nevada. The contract has been sub-let to Sam Ball, of this city. Mr. Pease also has the contract for carrying the Rockville mail.
—Last night about twenty-five couples came down from Boise on a special train, and together with the Caldwell people enjoyed a dance at the Pacific Hotel. At least that was the program, but as we go to press before the arrival of the train, we will have to wait until next week to verify it.
—We would call the attention of our readers to the new advertisement of Little & Blatchley. They have had an excellent cut of their place of business made, and it appears to-day. Such advertisements are great. They not only advertise the business firm thoroughly, but also the town, by showing the style and character of its buildings.
—Mr. Henry Hartley had quite a battle with a vicious stud recently. While being groomed, the animal suddenly evinced a desire to do mischief, and making a lunge he caught Mr. Hartley's right arm between his teeth, inflicting a severe wound just above the elbow. Mr. Hartley wrenched himself free from the stallion's teeth, seized a convenient club and proceeded to enter a very vigorous protest against such treatment, and succeeded in subduing the unruly beast. Mr. Hartley's arm will look well in a sling for a few days, however.
—Latest advices from Silver City say that the independent citizens of that place have become disgusted with the stage line to that place for its open and hostile opposition to their telegraph line, and that they propose to put on a tri-weekly fast freight line between Caldwell and that place, and withdraw their patronage from the stage line. It also contains a proposition for Caldwell to increase her subscription to \$1,500 and take stock and be represented in the management, instead of merely giving \$1,050 as a donation. Hurrah for grit and independence of Silver.
—Uncle Dan'l Bacon has moved his Boise Republican to Nampa. In his valedictory Uncle Dan says that "in enlarging the field of our operation, it is thought best to adopt a more significant title, hence hereafter the paper will be known as the Idaho Republican." "Enlarging our field of operation" is good. The Tribune has always tried to point out to the people of Nampa that they were the kite and Boise the tail, but the Republican, of Boise, seems to be the first to grasp the idea. All that has been the matter with Nampa is the fact that the tail has been a little too heavy for the kite to raise, but as the Republican is now cut off the tail and added to one of the guide strings, we may look for some tall soaring up the track.
—Robt. E. Strahorn returned from Salt Lake Wednesday with his uncle and aunt—Mr. and Mrs. Robert Strahorn, of Chicago. The Chicago namesake, so to speak, of our well-known townsman, is a capitalist whose name has long been familiar about the Union stockyards and in the street railway, gas and other prominent corporations of the great "City of the Lakes." The family came here to see Mrs. Robt. E. Strahorn off for Alaska, and returned to Chicago yesterday. Our Robt. E. Strahorn goes with them to Chicago, and after doing up the Republican convention and adding bright colors to that town generally, he will go to Kentucky after the big herd of Short Horn cattle he recently purchased there. Mrs. Strahorn also left yesterday for Alaska. She will join her sister, Mrs. Waters, and a party of other friends at Tacoma, and sail for the "land of the midnight sun" June 18. Herself and party will meet Mr. Strahorn here about a month hence, and all strike for Salmon Meadows on a month's camping trip. The Chicago installment of guns, tents, boxes, hales and some more mysterious packages have already commenced to arrive for the latter trip.
—MILK SHAKE—LITTLE & BLATCHLEY.

—The Statesman takes the Boise City Board of Trade to task for sending printing away from home. It seems as if the average Board of Trade has a mania to send printing away. It looks as though they were organized for the sole purpose of helping eastern print shops. The first money the Caldwell Board of Trade spent, was to send to Omaha for stationery—paying \$18 per 1000 for a snide lithograph letter head, when THE TRIBUNE would have printed a better job for \$6 per 1000. But as the Board of Trade was evidently organized to boom Omaha, the slight difference in the cost was overlooked. The Caldwell Building and Loan Association, another enterprise with its principal object to give homes and employment to mechanics, is a good second to the Board of Trade, and tries to employ home labor and build up home industries by sending east for its printing, and also gets robbed for its philanthropic effort. Consistency, thou art indeed a rare and glittering attribute. But THE TRIBUNE finds sweet consolation in the fact that it is not forgotten. When either of the two foundations of home enterprise want a free notice, or want their deliberations published in an anxious world, or want some pet scheme carried through, they lay aside their prejudices for a short time, and kindly allow THE TRIBUNE to give them some gratis advertising. Of course we appreciate the honor; 'tis so sweet to be remembered. But it is hard on our conscience. We feel that we are infringing on the rights of others. After some eastern house has done their work at a big profit, we do not think it right that said house should have no chance in the printing for glory. It is not in keeping with the object of the glorious enterprise—the building up and fostering of eastern print shops. They will get mad some day and "kick" and then THE TRIBUNE will forever have to carry on its conscience the stain of breaking the friendly relations between Damon and Pythias. But we have a noble scheme on foot. Just as soon as we can get all the printing sent out of Caldwell concentrated on one point, we are going to sell THE TRIBUNE, go that point, start a job office, and grow immensely rich. We can't do it here because it comes too cheap; Caldwell is bloated, you know. However, but never mind; "all's well that ends well."
—MILK SHAKE—LITTLE & BLATCHLEY.

—Go to Coffin's for your boots and shoes. An immense new line of Gen'l's fine boots and shoes just received. Also another stock of the celebrated "Henderson" shoes for Ladies, Misses and Children. Remember the "Little Red School House" shoe for children; it has no equal for neatness and durability.

The axles are guaranteed not to break under any load. They run easier and will carry heavier loads than any other wagon. Come and see them at F. R. Coffin & Bro's.
BEER FOR MAN AND BEAST.
A sensational affair that occurred at Caldwell, Idaho, on what is known in some localities as the Lord's Day, may furnish an attractive and novel illustration. Constable Dan Brown keeps a public place of resort on Main street at Caldwell, called the Exchange. The cowboys make Caldwell their headquarters during the "round up" in this part of the country. On Sunday afternoon, last week, "Happy Dan" was singing and dealing out poker chips in Brown's place, a band of cowboys, including William Ross, alias "Broncho Bill," Seymour Painter, alias "Shoe String Sig," "Pantry Binney," and three others, rode into the saloon and demanded drinks for themselves and horses. Constable Brown, nothing daunted, got up on the bar and opened a number of bottles of beer and gave a glass to each of the boys, and then poured a bottle into the trough of each of the horses. The affair wound up in a general jollification, and the boys rode home a model Idaho constable. The Police News has the facts. D. S. Brown, constable and proprietor of the "Exchange" adds: "The judge has told the story just as it was.—Police News, June 2."

A STAR IN THE DARK.
Sometimes fate is unmerciful. The indignities and distressing attacks made up in the reputation of Hooters' Spanish Bitters by persons who seek to palm off cheap and dirty tonics as genuine, with R. H. or some thing under another name, or "copy" as good, in most instances react disastrously upon the unprincipled trader more popularly credited who attempts them, covering their speculations into ruinous failures. The Editors of the News, who are thorough medicine men, adapted to the total cure and prevention of fever and ague, malarial remittent, drop-palsy, constipation, all fevers, cholera, dysentery, and kidney troubles, its very ingredients, unlike those in the fake, is of an aseptic character, standard of excellence, and while they, by reason of their dry properties, render them safe for the basis and nervous system, of both these organs it is a sedative and invigorant. Retain all these valuable ingredients.

Scrofula
Is one of the most fatal scourges which afflict mankind. It is often inherited, but may be the result of improper vaccination, mercurial poison, uncleanliness, and various other causes. Chronic Sores, Ulcers, Abscesses, Cancerous Humors, and, in some cases, Emaciation and Consumption, result from a scrofulous condition of the blood. This disease can be cured by the use of Ayer's Sarsaparilla. Inherited scrofulous condition of the blood, which caused a derangement of my whole system. After taking less than four bottles of Ayer's Sarsaparilla I am Entirely Cured and, for the past year, have not found it necessary to use any medicine whatever. I am now in better health, and stronger, than I have been for many years.—O. A. Willard, 215 Tremont St., Boston, Mass.
I was troubled with Scrofulous Sores for five years; but, after using a few bottles of Ayer's Sarsaparilla, the sores healed, and I have now good health. Elizabeth Wagnon, 54 Appleton street, Lowell, Mass.
Some months ago I was troubled with Scrofulous Sores on my leg. The limb was badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy failed until I used Ayer's Sarsaparilla. By taking three bottles of this medicine the sores were healed, and my health is restored.—I am grateful for the good it has done me.—Mrs. Ann O'Brien, 135 Sullivan St., New York.
Ayer's Sarsaparilla, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.
