

CALDWELL, IDAHO, JUNE 23, 1888.

BIG BONANZA

No. 1. —Fire crackers at Isham & Co's. —Good, fresh drugs at Little & Blatchley's drug store.

—Isham & Co. will furnish the small boy with noise the Fourth. —Robt White and Jim Kinkaid are prospecting Long Valley for ranches.

—Miss Allie and Crawford Moore, of Boise City, are visiting at Capt. Packard's. —Flags, fire-crackers, torpedoes, pistols and caps at Little & Blatchley's drug store.

—Friends from the east have been visiting Mrs. R. McKinzie, of Middleton, recently. —BIG BONANZA— No. 2.

—Stockmen from Squaw Creek and Payette shipped a train of cattle from here this week. —We understand that A. Bascom, the Emmett merchant, is to retire on account of bad health.

—The monthly gospel temperance meeting of the W. C. T. U. will be held at the Baptist church to-morrow evening. —An eight-year-old son of D. Murray, of Emmett, was thrown from a horse recently, and severely though not seriously injured.

—BIG BONANZA— No. 3. —There is no limit to the wool that is coming into town. Every conceivable nook and corner is stored full of wool—and still it comes.

—Middleton people say that the mud thrown into the air by a few of our young people coming home from the festival, is just beginning to come down. —Beautiful your homes by painting. Little & Blatchley carry a magnificent line of elegant mixed house paints. Both beautiful and reliable. Try it.

—Everybody seems to be getting their pictures taken. Wilcox & Wilcox have already taken orders for Cabinets and Boudoirs and they are still crowded. —BIG BONANZA— No. 4.

—Every day brings in people from Long Valley for supplies. This not only shows the wonderful rapidity with which that section is settling, but that they know where to trade. —Those who attended the entertainment and ice cream social at Central Park last Thursday evening report a splendid time. The valley people entertained their visitors nicely.

—Moore, the popular photographer, is back again and is prepared to do anything in his line. Build up the town by patronizing home enterprise. Moore will do you good work. —BIG BONANZA— No. 5.

—Little & Blatchley have enough condensed noise on hand, in the shape of fire crackers, torpedoes, etc., to wake the dead. And the small boy has their permission to wake them on July Fourth. —There is considerable excitement throughout the country over the report that the Indians over in the vicinity of Duck valley have taken the war path. Troops from Boise City have been ordered to the scene of action.

—Sim Badley writes THE TRIBUNE that he is surrounded by an army of Iowa girls and does not hope to escape, while Roberts telegraphs to have his name stricken from the Bachelor's Club and say good-by to Picard. —BIG BONANZA— No. 6.

—The Boise Daily Statesman of last Tuesday morning came to hand Friday. Great mail service we have in Idaho. Why don't Coffin put in a bid to carry the mail over the Fast Mule Line. It is safer and quicker to have mules pull it than to have them handle it. —Many a poor sufferer who submits to the surgeon's knife, in consequence of malignant sores and scrofulous swellings, might be cured without an operation, by taking Ayer's Sarsaparilla. This remedy expels from the blood all the impurities by which disease is generated.

—Little & Blatchley wish to inform the public that notwithstanding the dull times, they are still at the same old stand, and are carrying a larger and better stock than ever before. They give especial attention to the wholesale trade and solicit orders from the surrounding country. —BIG BONANZA— No. 7.

—An illustration of how the ludicrous side of life will sometimes assert itself even at the very door of death was shown in the case of the poor fellow who was run over and killed by an engine recently at Shoshone. He was carried bleeding and dying from the track into the depot by kind hands, which did all they could to alleviate his sufferings and rob the dying hour of part of its terrors: The dying man slowly opened his eyes and attempted to speak. Willing ears bent low to catch the last intonation. Several times he essayed to speak and failed, but at last summoning all his remaining strength into one almost super-human effort, the anxious listeners caught the one short sentence through his labored breathing: "Boys—my name—is—pants!" And thus he died.

—MILK SHAKE—LITTLE & BLATCHLEY.

BIG BONANZA

No. 8. —Wm. Manning, of Jordan Valley shipped two car loads of horses this week. —MILK SHAKE—LITTLE & BLATCHLEY.

—Messrs. Wilcox & Wilcox, managers of the Chicago & Northwestern Photo Co. are this week giving the people of Caldwell and vicinity a rare treat. They have on exhibition the finest display of crayon, India ink and water color portraits this side of Chicago.

Their photographic work will compare favorably with the best San Francisco or Portland productions. They have already several of our prominent citizens transferred from life to paper. Any one wishing anything in the photo line will miss the best opportunity of their life if they do not visit the photo tent. The boys are rustlers and use the instantaneous, double-gear, lighting process entirely, and finish up their work in the shortest possible time. Negatives taken at 12 o'clock Thursday were finished and on exhibition the next morning. Every lady is invited to call and see the first and only portrait ever painted in water color on white velvet. The boys will take pictures all day Sunday and will remain until Tuesday, June 26.

HARRISON—DORMAN. MARRIED—At the residence of the bride's parents, below Caldwell, Tuesday, June 19, at 4:30 o'clock p. m., Mr. E. P. Harrison, of Los Angeles, Cal., and Miss Emma Dorman, of this city.

The wedding was a private affair, only a few very intimate friends being present. The happy couple left on Wednesday's train for a three months' wedding trip, after which they will settle in Los Angeles, Cal., their future home. Miss Emma was one of Caldwell's fairest and most lovable girls, and all who knew her heartily join THE TRIBUNE in its toast of a "long and happy life." Mr. Harrison, although a stranger in our midst, by his pleasing address and gentlemanly manners, has made many warm friends during his short stay in Caldwell, who unite in congratulating him on the prize he has won.

—BIG BONANZA— No. 12. —BIG BONANZA— No. 13. —BIG BONANZA— No. 14.

A HAPPY CROWD. Caldwell and Boise City unite in the Mazy Waltz.

Last Friday evening was the scene of one of the most enjoyable gatherings at Caldwell that it has ever been THE TRIBUNE'S pleasure to chronicle. About twenty couple of the pleasure-loving people of Boise chartered a train and run down to Caldwell, where preparations had been made for a social dance. The train pulled in about 9 o'clock, and the visitors were welcomed by the people of Caldwell and conducted to the Commercial hotel, and while the brass band discoursed its best music, all vied each other in showing hospitality to the visitors. The dance at the hotel was a splendid affair, about fifty couple participating. The Caldwell boys were completely captivated by the irresistible beauty and grace of the Boise ladies, while the Caldwell ladies seemed to thoroughly enjoy the attentions of the gallant gentlemen from the capital. A lunch was served about mid-night, after which dancing was resumed until 3 o'clock in the morning, when the guests departed for home amidst three rousing cheers. The people of Caldwell appreciate Boise City's compliment and will not forget to return it at some future time. Following is a list of the Boise people who were present:

Mr. and Mrs. John Hunter, Dr. and Mrs. O. L. Moar, Mr. and Mrs. Sig. Falk, Mr. and Mrs. F. Bliss, Mr. and Mrs. R. Mobley, Mr. and Mrs. John Lamb, Misses L. DeShield, M. Johnson, Grace Coffin, Bertha Falk, Hattie Harris, Minnie Hart, Ella Owens, Gussie Cohen, Annie Parrault, Beckie Spiegel, Annie Bledsoe, Mammie Block, and Messrs. Edgar Wilson, L. Logan, J. O. Baker, John Boomer, Julius Steimner, Chas. McColm, W. B. Connor, P. Lomax, R. Shandwald, Dr. E. Perrault, Harlan Peffer, Ray Peffer, L. Feiberg, Walter Boyakin, Jas. Agnew, F. Johnson.

TO OUR FRIENDS AND PATRONS. Having greatly increased the room in our already immense store by making great changes in the internal arrangement of the building, thereby securing better light and thus enabling us to display our goods to much better advantage, we beg to say to those who have so liberally patronized us in the past that we will be in better condition than ever before to supply your wants in the hardware, tinware, stoves, boot and shoe, hat and cap, furnishing goods, agricultural implement, wagon, plow, and iron and steel lines, and above all.

IN THE GROCEERY LINE. The grocery, boot and shoe and furnishing goods business were ex-

periments with us two years ago, but through the very liberal patronage you so kindly gave us from the very start in these lines, it has proved an immense success to us, and we hope it has not been without benefit to you. We feel that you will all concede that we have greatly reduced the ruling prices in these goods since we have been selling them in Caldwell. And we intend to more fully deserve your confidence by decreasing the prices and profits more and more as the increase in our business will warrant us, and at the same time we mean to give you a larger, better and more comprehensive stock to select from than ever, feeling that you will be prompt to appreciate all our efforts to give you better goods and lower prices.

Yours Truly, F. R. COFFIN & BO.

NEWS FROM PARMA. Lower Boise Coming to Caldwell the Fourth—A Sleepy Deacon—Wonderful Productive Land.

Special Correspondence to THE TRIBUNE. Mrs. John Ross is improving. She is now able to be out a little every day.

Lower Boise will visit Caldwell on the Fourth. Quite a number have expressed a desire to celebrate there.

Farmers are cutting grass and the hay harvest has fully begun. Alfalfa and tame grasses look well, but wild grasses have hardly begun to grow.

The president of our Bachelor's Club would like to know if Dan Levan is a member of the order in Caldwell. We think he handles a parrot with too much ease and grace to be a full-fledged bach.

There was but a small congregation at church last Sunday. I am told that one of the deacons went to the far end of the church and took his seat in the deacon's pew without removing his hat, and then went quietly to sleep. What an example!

I noticed in the article headed "The Sebree Ditch" that nothing was said appertaining to the fertility of the soil, or the water as a fertilizer. I will mention a few of its almost miraculous productions: Some nice light timber was hauled to the line of the ditch to be used for fumes, but as it laid on the ground about three months, it was found to have grown to such mammoth proportions that it was impossible to use it for that purpose. Sebree will put some rock under it and use it for the sleepers of a large barn. He may succeed in stopping its growth.

The water run into Col. Gary's blacksmith shop one night, and in the morning it was found that the anvil block had grown to within six feet of the roof. The Colonel had to raise the floor before he could get to work, but imagine his surprise when he stopped to pick up his hammer, which had been lying on the floor, he discovered the handle had grown to such proportions that he was compelled to use it for an axle to a freight wagon.

Frank Fouch has been using the water to wash his face with, and at this writing there is a fine, dark "fuzz" started on his chin and upper lip, produced by the free application of the water. I could mention other instances that have been told, but I fear they were somewhat exaggerated, and as the columns of THE TRIBUNE are noted for veracity, I will not give them to the public.

Parma, June 20. Bob. —BIG BONANZA— No. 22. —BIG BONANZA— No. 23. —BIG BONANZA— No. 24.

THE CITY OF SILVER. A "Strike" on Reynolds—Indian Re- "Strike"—The Great Ore Finer.

Special Correspondence to THE TRIBUNE. Rumors have come to Silver of a rich strike near "the Democrat," on the head of Reynolds Creek; but old miners who have known of quartz mines there, put but little credence in the reports.

The water has all been pumped out of the Owyhee mine and an examination of the ore by the superintendent has convinced him that there is lots of pay in it. Work on it will now be pushed.

Rumors from the Indian scare at the Junipers and Bruneaus have set all the old residents talking about the Indian troubles of ten years ago. A skull in the Idaho Hotel cabinet is a trophy of that trouble. Many young bucks have grown up since that raid, and the impression is out that they are itching for a taste of warfare.

Some miners were placed under arrest here this week under the complaint that they had committed perjury, in swearing to assessment work being done on their claims. They have been good citizens and malice has probably been at the bottom of this complaint. It however touches a subject where a too general laxity of ideas of strict truthfulness prevail.

It is a source of wonder to the writer why the Caldwell and Nampa people do not discover what a splendid summer resort Silver City is, and occasionally fly from the heat and dust of the valley to enjoy the delightful change, the lovely climate, pure water and grand scenery to be found in these picturesque mountains. We live high up here, and think life worth living. Sage hens are beginning to ripen now, and the splendid sport of shooting them is a big inducement to entice people here.

scene of activity. The water has been pumped out and Mr. Leech, the superintendent, is preparing not only to sink the main shaft 100 feet deeper, but at the same time to get out the big bodies of ore in sight, on the present level. All of the machinery has been thoroughly overhauled and repaired, several hundred feet of new track rail put on the ground, and contracts made for a year's supply of wood, charcoal and timbers. Many alterations and improvements have been made about the shaft house and shops, and the indications are that the old time activity of this camp will soon again exist. The tunnel being run on the lode through the 1,000 feet of virgin ground, on the Sinker claim, is now in 330 feet and on a nearly three foot vein over \$50 ore, with a very rich chute expected 75 feet further in, the ore being very rich in surface prospect holes at that distance from the present face of the tunnel. Mr. Leech is expecting big results from the use of a new patent diamond drill which he will soon have at work in the mine. This drill, invented by E. L. Sharpneck, of Denver, in practical tests, bores one foot through solid granite in four minutes, and is run by a rotary engine weighing only 41 pounds.

—MILK SHAKE—LITTLE & BLATCHLEY.

A Woman's Discovery. "Another wonderful discovery has been made and that too by a lady in this country. Disease had fastened its clutches upon her and for seven years concentrated its severe tests, but her vital organs were unimpaired and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery and Consumption and was cured. Her name is Mrs. Esther L. Taylor. She writes W. C. Hamrick & Co., of Shelby, N. C. Got a trial bottle sent, at Little & Blatchley's."

MONEY TO LOAN. \$100,000 to loan on farm property. Enquire of CHAS. H. REED.

—MILK SHAKE—LITTLE & BLATCHLEY.

"It Saved My Life" Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles."—E. Bragdon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and which had used various cough cures and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral. I did so, and am happy to say that it helped me at once. By continued use of this medicine I cured my cough, and, I am satisfied, saved my life.—Mrs. E. Coburn, 18 Second St., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave had it not been for this medicine. It has cured me of a dangerous affection of the lungs for which I had almost despaired of ever obtaining a remedy.—D. A. McMullen, Windsor, Province of Ontario.

Ayer's Cherry Pectoral saved my life. Two years ago I took a very severe Cold which settled on my lungs. I consulted physicians, and took the remedies they prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral. Two bottles of this medicine completely restored my health.—Lizzie M. Allen, West Lancaster, Ohio.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.

—MILK SHAKE—LITTLE & BLATCHLEY.
