

THE TRIBUNE.

CALDWELL, IDAHO, AUG. 11, 1888.

Where oh where is the Caldwell Fair Association? Wanted, immediately at THE TRIBUNE office—\$50,000. Dr. Pefferle, the genial tooth-doctor, was in town Thursday. Ladies can get bargains in summer dress goods at Gwinn's. Mrs. F. M. Roberts, of Glenn's Ferry, Idaho, was in town Friday. Wanted—9,999 men, women and children to drink soda water at Isham's. Catch on! Pineapple Cocktail, Banana Cider, Happy Hour Cigars at Martin & Brown's. Miss May Kelleher left last Sunday for an extended visit with friends and relatives in Illinois. The W. C. T. U. will meet at Mrs. G. H. Newman's, Saturday August 11, at 7:30 o'clock p. m. Mr. Bently, of Baker City, who is well known here among the Odd Fellow fraternity, was in town this week. An elegant shawl was found the other day and is at Gwinn's. Owner can get it by paying for this notice. THE TRIBUNE erred in giving the date of Frank Corron's dance last week. It will be held on Thursday evening, August 23rd. Hon. D. L. Badley, Grand Master of Idaho, I. O. O. F. instituted a Rebekah Lodge at Shoshone last Tuesday evening. Notwithstanding the efforts of the Western Union to ruin the Silver City Telegraph Company, the latter is doing a lively business. Isham puts up prescriptions promptly, carefully, correctly, cheaply, and you should take all prescriptions to him immediately. Henry Cox lost a valuable horse last week by drowning. By some means the animal got down in a slough and drowned in less than six inches of water. Mr. H. W. Zimmerman, a school teacher well and favorably known in these parts, informs us that he will act as principal of the Silver City schools for the ensuing term. The Rev. E. Talbot, S. T. D., Bishop of Wyoming and Idaho, will visit the following places: Caldwell, October 2; Emmett, October 3; Payette, October 4; Weiser, October 5. Wm. P. Glenn, the able editor of the Weiser Leader, was in town last Sunday. Billy is making his paper "a holy terror" to mossbacks, and a firm friend to the party of advancement. Mr. L. Adam paid a year's passage on the good ship TRIBUNE last week. Mr. Adam recently arrived here from Oregon, having purchased sheep on Succor Creek. He is young, enterprising and possesses excellent literary discrimination. The freighters of Mountain Home, some twenty or twenty-five in number, have organized a Freighters' Trust, as it were, for the purpose of forwarding heavy freight quickly and cheaply, and also for their own protection against outside competition. Mr. A. Bascom, of Emmett, called on THE TRIBUNE Thursday. He said that on returning from High Valley last week he met the Caldwell caravan, under command of Capt. Little, slowing "climbing up the mountain side." Also reports Emmett quite and business fair. The owners of the Caldwell branch right-of-way met in Boise City last week and refused to give or sell the Idaho Central a portion of the right of way. It was a pretty neat dodge of the U. P. to get control of this valuable piece of property and thus shut out all other railroads, but it failed to work. The Moscow Star says: "We know of a man who wanted to take his wife to the circus, and not having the money, he bought four dollars worth of groceries at one store on time and sold them at another for two dollars cash, thus getting the price of admittance. It's a cold day when a Moscow man gets left." The primaries of both parties were held here last Saturday. Each party cast exactly twenty-one votes. The republicans headed their ticket "Fred T. Dubois for Congress," and it was unanimous, not a single ticket being scratched. The democrats flew no name at their mast head, but the general supposition is that the delegation is solid for James H. Hawley. The following delegates were elected by the democrats: T. W. Boone, F. L. Kellar, Swain Beaty, R. L. Morrow, W. W. Dryden, A. J. Reagan. The republican delegates are H. W. Dorman, D. L. Badley, Robert McGuire, D. S. Brown. Both delegations will leave on the noon train to-day for Boise, where both conventions will be held this afternoon.

Mr. J. M. Hagar is putting up an elegant two-story brick building at Mountain Home. The Odd Fellows, who will occupy the upper story, laid the corner stone last Wednesday with imposing ceremonies. We hope our Parma "Bob" has not succumbed to the hot weather and the wrath of the deacon who was lulled into peaceful slumber under the mild, intoxicating influence of the preacher's sermon. That's nothing to be ashamed of. A person has a right to resort to extreme measures to escape being bored. Robert E. Strahorn & Co. recently purchased the Hailey Hot Springs property, the Lamb ranch on the west and also a controlling interest in the Electric Light Works, paying about \$20,000 cash for the property, besides an agreement to pay a round sum cash at any time during the next five years if they conclude to take the whole of the Lamb ranch property—480 acres.—Wood River Times. Mr. A. M. Lackey has discovered some deposits of splendid coal over on the Owyhee, about twenty miles from Caldwell. The coal is of excellent quality and the only question standing between Mr. Lackey and a bonanza, is the quantity. He claims to have struck a three-foot vein but is unable to tell the extent of it. Parties from Caldwell have gone over to examine the find. We will make known the result of the investigations. Montie B. Gwinn, D. D. G. S., organized the Grand Encampment, I. O. O. F., of Idaho, at Hailey, last Monday. The following officers were elected and installed: C. S. Scott, Caldwell, Grand Patriarch; Edward Carlisle, Pocatello, Grand High Priest; D. W. Figgins, Hailey, Grand Senior Warden; W. E. Peck, Ketchum, Grand Scribe; C. B. Marlatt, Ketchum, Grand Treasurer; P. M. Bruner, Hailey, Grand Junior Warden; M. B. Gwinn, Caldwell, Grand Representative. The following officers were appointed: N. G. Franklin, Pocatello, Grand Marshal; D. L. Badley, Caldwell, Grand Sentinel; O. Cole, Boise, G. O. S. The boys who attended from here speak enthusiastically of the Hailey boys as entertainers. Mr. H. R. Stevenson arrived from Denver this week and has formed a partnership with R. A. Cowden to engage in the lumber business in Caldwell, under the firm name of the Caldwell Lumber Company. Mr. Stevenson comes to Caldwell highly recommended as a thorough, practical, safe business man who knows how to push things. Mr. Cowden needs no introduction to the trade of this vicinity, having been engaged in the lumber business here some two years ago, and anything THE TRIBUNE might say cannot add to the enviable reputation he won while in active business here. Together they will make a strong and active firm. They expect to be ready for business in two or three weeks, and are now hard at work making active preparations to boom things. The good people of Silver City have evidently reached that point where forbearance ceases to be a virtue. When Boise City refused Silver City's invitation to join them in building a telegraph line, and attempted to dictate to them, the people of Silver were, to say the least, surprised; when, after Caldwell had met Silver City's manly and business-like proposition in a manly and business-like way, and Boise immediately entered into a scheme to force Silver City to accept a telephone in direct competition to their own home enterprise, the citizens of Silver were somewhat indignant; but when, through the W. U. Telegraph Company, they attempt to destroy fair competition, they overtax the patience of even the peace loving people of Silver City, and they indignantly resent any further meddling with their affairs. This is the way the Silver City Avalanche talks: "After all the hard feelings engendered by the action of the Boise City people in building a telephone line to Silver City, in direct opposition to a Silver City enterprise in which they had a fair show, the people here tried to forget how the telephone managers and the Boiseites had acted, and were willing to play quits, giving them a fair show for Silver City business. Just when the Silver people thought the breach had been healed by their own magnanimity the whole feud has been opened up again by the action of the manager of the W. U. Tel. Co., issuing an order attempting to favor the telephone line at the expense of our own telegraph line. Very justly the Silver people are indignant, and if they don't now make a war which will force the said manager to a realization of the wrong he has done us, the writer is very much mistaken in the stuff the citizens of Silver City are made of."

The question whether or not Caldwell ought to incorporate, is one that all should study. There is no question but that incorporation is a good thing and a great advantage to a town in many ways, but it also increases taxation. Now the only question arising is this: Are the benefits and advantages arising from incorporation just returns for the increased taxation? THE TRIBUNE has as yet not investigated the matter fully, and is not prepared at present to express an opinion. Weiser incorporated some months ago, and the last issue of the Leader talks this way: "No citizen of the town, or those who visit the place often, can help but admit that the incorporation has been of great public benefit in many ways. Since the town has been incorporated fewer drunken rows and quarrels and less hoodlumism have disturbed the peace and quietude of our citizens; no hogs are wallowing in the streets and around our doors; no great bands of lousy, mangy, fighting curs are barking at every person's heels as they happen to drive, ride or walk through town. Our streets and thoroughfares are in better condition than ever before, the many irrigating ditches all being nicely bridged. People can now leave their wagons on the streets a few moments with flour or groceries on them—and even a little hay—without having a dozen old cows with their fore feet in the wagon box eating, chewing and destroying provisions. Property owners in town can, in the future, set out trees and beautify their homes, thus adding public wealth, with the assurance that no hungry cow or other stock are going to destroy them. Yet, to the surprise of all, a few of our citizens are so close-sighted that they are making a terrible howl. Take a look, gentlemen; quietly study the matter over a little bit, and we think you will come to the conclusion that trying to make a cow pasture of the streets, alleys and public lands of a town is a bad idea, and that you never can please the people any more than you could by trying to run a pest house in the streets of New York City. These are facts." Good work and low prices always command plenty to do. In spite of the general depression of business this summer, THE TRIBUNE's job press has kept up a continual clatter, that Dr. Maxey, whose office adjoins THE TRIBUNE, went to Long Valley for a little quiet rest, and Lawyer Reed, whose office joins on the other side, was forced to move out on a sage brush ranch for the same reason. But still the best job press in Idaho keeps up its merry clatter, and has at present 50,000 impressions staring it in the face and new orders arriving daily. THE TRIBUNE expects to put in steam power as soon as a suitable office can be obtained. We predict a good trade this fall. Last spring the outlook was gloomy, and there was little or no trade outside of actual necessities. Everything is much brighter now. Instead of a failure, the crops of Boise Valley have turned out better than usual, more cattle, horses and sheep have been shipped than ever before, the mines of Silver City are taking on a lively appearance, and everything points to increased activity in all branches of business. Ayer's Hair Vigor is cleanly, agreeable, beneficial and safe. It is the most elegant and the most economical of toilet preparations. By its use ladies can produce an abundant growth of hair, causing it to become natural in color, lustre and texture. To make room for the largest stock of gents' clothing ever saw in Caldwell, I will close out my stock on hand at very low prices. Call and see me before buying. M. B. Gwinn. Chas. H. Sebree returned from Salt Lake last Thursday. Mrs. Sebree has entirely recovered and will return in a few weeks. Their friends will be glad to welcome them back. The fighting editor of THE TRIBUNE is in Boise to-day. Those who have any differences to settle will see him there. The working editor is sick. Machinery for the Oro Fino Limited is arriving at Caldwell in immense quantities. They seem to be making lots of improvements on War Eagle. Isham is selling drugs at such a greatly reduced figure, that you cannot afford to buy without first calling on him. Gwinn will soon have the finest lot of new and nobby gents' hats in Idaho. Wait for them. Miss Florence Dryden returned from her Reynolds Creek visit last Thursday. Dr. Barnes, of Jordan Valley, was in Caldwell last week. Capt. Stearns, of Nampa, was in town this week.

We know a man who rode a horse from Boise in the morning, let the poor animal stand in town all day without feed and rode back in the evening. And he pretends to be civilized too. We understand, however, that he did allow the poor brute to drink out of an irrigating ditch near Middleton. It is surprising the number of shrewd, practical railroaders Boise has developed recently. Some of their productions in the Boise papers are really marvelous for logic and reason. We confidently expect to see Boise largely represented in the board of directors at the next annual U. P. election. The Idaho Enterprise speaks of Judge Logan, one of Idaho's new judges, as follows: "We met Judge Logan in Murray, and the people there speak very highly of his decision, ability and impartiality in conducting court, which they claim has already saved their county several thousand dollars of expense in the promptness with which he decides cases, and in the manner in which he chokes off the lawyers who have been accustomed to occupy whole days in long winded arguments on dreary motions and pettifoggish technicalities. Under the new administration the counties of this judicial district will soon be able to pay off their county indebtedness, which has in great part been accumulated by the dilatory terms of court in which justice has been administered." The floor in the building used by Dorman last winter as a butcher shop, was once used for skating purposes. Good chance for some one to open a skating rink there now. Some new railroad schemes are continually springing up and going the rounds in Caldwell. THE TRIBUNE will print none of them as they are all without foundation. The hay and grain crop generally in Boise Valley, is immense. The acreage of grain is less than usual, but the turn out is big. Hay is absolutely abundant. The bold politicians of both factions will go to Boise to-day. We understand that Boise will increase her police force until they leave. All the boys in town are smoking at the expense of John Allington, of Silver City. And John will settle the bill without a murmur. Mr. Alex. Duffles, the most enterprising citizen of Nampa, and his estimable lady, were in town last week. Mrs. Andrews has moved from the Danilson building into the house next door to Pefferle's Harness shop. J. P. Clegg, a stock man of Jordan Valley, Oregon, is in town. A few ladies' and gents' summer hats at cost at Gwinn's. Mr. Scott and wife, of Reynolds' Creek, are in town. Hardware, tinware, hard wood, iron and steel at Gwinn's. Bob Bryant is in Silver City. Al. Butts is in town. CONSUMPTION SPEEDILY CURED. TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and postoffice address. Respectfully, T. A. SLOCUM, M. C. 184 Pearl St. N. Y.

The Ninemire boys, who killed three men at Graham, have not been caught yet. It is reported that they were seen in the canyon above Boise City. The following story comes from the camp of our Long Valley hunters. Jim Gwinn went out one morning with his gun on his arm and murder in his heart. While wandering around he espied a deer. Jim instantly forgot all about his gun and turned and started for camp at neck-break speed, where his appearance threw the entire camp into confusion, and implored some one to go and kill the deer. "Why didn't you shoot it yourself," said some one pointing to the gun he carried. And then Jim realized that he had the "buck ague." HELPING THE RIGHT SIDE. To help the right side is not only commendable in a general point of view, but is judicious and prudent when that help is enlisted in the right side of the body. Just over the lower ribs in the region of the liver, the most effectual place is occupied by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable effect. Indigestion of the liver is accompanied by constipation, sick headache, nervousness, general weakness, vertigo, an unpleasant breath, yellowness of the skin and ball of the eye. The author of these symptoms, liver complaint, treated by the Bitters is accompanied by them in its fight. Fever and rheumatism, debility and kidney troubles are all cured by the early relief and full cure of which this standard medicine is adopted. Don't use it by the dose and start, but systematically, that its full effects may be seen to perfect the action of health. Spring Wagons at Manufacturer's Cost. Frohlichstein, of Mobile, Ala., writes: "I was great pleasure to receive from Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me relief and entirely cured me and I have not to be afflicted since. I also lost a statue that I had valued very much, and with a good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend. I have also used Dr. King's New Discovery for Consumption, and I can say that it is a positive guarantee. Try at bottles free at Little & Blatchley's Drug Store." MONEY TO LOAN. \$100.00 to loan on farm property. Enquire of CHAS. H. REED. Scrofula. Is one of the most fatal scourges which afflict mankind. It is often inherited, but may be the result of improper vaccination, mercurial poison, uncleanness, and various other causes. Chronic Sores, Ulcers, Abscesses, Cancerous Humors, and, in some cases, Emaciation and Consumption, result from a scrofulous condition of the blood. This disease can be cured by the use of Ayer's Sarsaparilla. Inherited a scrofulous condition of the blood, which caused a derangement of my whole system. After taking less than four bottles of Ayer's Sarsaparilla I am Entirely Cured and, for the past year, have not found it necessary to use any medicine whatever. I am now in better health, and stronger, than ever before.—O. A. Willard, 219 Tremont St., Boston, Mass. I was troubled with Scrofulous Sores for five years; but, after using a few bottles of Ayer's Sarsaparilla, the sores healed, and I have now good health.—Elizabeth Warnock, 51 Appleton Street, Lowell, Mass. Some months ago I was troubled with Scrofulous Sores on my leg. The limb was badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy failed until I used Ayer's Sarsaparilla. By taking three bottles of this medicine the sores have been healed, and my health is restored. I am grateful for the good it has done me.—Mrs. Ann O'Brien, 158 Sullivan St., New York. Ayer's Sarsaparilla, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.
