

H. N. Maxey is building an addition to his house. Don't forget the special election to-day. Tax or no tax. Trunks and valises of all kinds, sizes and prices at Gwin's. Wm. M. Atkins, of Long Valley, was in town this week. Miss Kate Dryden is visiting friends on Reynold's Creek. Remember Gwin's stock of clothing is the largest in town. Miss Elsie Moore, of Boise, is visiting her parents in this city. Prof. McNieh, formerly of Emmett, now resides at Silver City. The Pansies cleared about \$13 at their recent ice cream venture. Baker City had a big fire recently. A whole block burned. Jesse Harmon recently bought a horse, but he keeps it very quiet. Fine, large cedar posts for 20 cents each at Caldwell Lumber Co. Miss Ollie Lucas is visiting the family of Gov. Stewart, of Falk's Store. Call early and get one of those laundered shirts at Gwin's. Only a few left. Isham is selling drugs cheaper than ever. Take your prescriptions to him. The W. C. T. U. meets at Mrs. W. J. Boon's, Saturday, Sept. 8, at 7:30 o'clock p. m. Misses Charlie and Ora Lucas are visiting Mrs. W. F. Reynolds, of Weiser, this week. J. B. Smith was elected school trustee of the Middleton school district last Monday. Griffin, our night operator, has been placed in charge of the station at Cokeville. Sorry to lose Griffin. L. Tompkins, of Parma, was rash enough to venture into THE TRIBUNE's den last week. \$3 and costs. Preaching in the Presbyterian church tomorrow morning and evening by Rev. Gwin. Also Sunday school at 8 o'clock in the afternoon. Joe Hungerford, who is well known here, fell off of a house in Silver City last Wednesday, but luckily escaped without any serious injury. Messrs. J. M. Miller and D. S. Hill, two of Mountain Home's best young business men, were in town last Wednesday. THE TRIBUNE acknowledges a pleasant call. The renewed activity on the Oregon Pacific has not raised the price of Isham's drugs. On the contrary, he is selling all goods in his line cheaper than ever. Ham. Kautzman, a brother of Al. Kautzman, well-known here, has recently associated himself with Geo. P. Wheeler in the publication of the Pocatello Reporter. A man by the name of Owen McMahan died at Grete's hotel in Silver City last Sunday. He was about 50 years of age and had no known relatives in the territory. We acknowledge receipt of a complimentary ticket to the Bingham County Fair, to be held at Eagle Rock, September 18 to 20 inclusive. They have a good premium list. Picard & Roberts have made so many valuable improvements on their ranch west of town, that they now claim to have the prettiest place in the valley. Point Breeze Ranch is a daisy and no mistake. Capt. Abner Packard is having a severe tussle with chills and fever. As the Captain expresses it, they are "sweeping him fore and aft," and he has been confined to the cabin for over a week. We hope he will soon be able to be on deck again. As will be seen in another column, Robert Strahorn & Co. are going to make extensive improvements about Hailey. Robert E. Strahorn will be in Caldwell Monday and will receive bids for the scraper work necessary to be done. Contractors are requested to call and see him. While Elder Morrow was officiating at the wedding of our friend Butts, some one hid his horse and the good man was compelled to walk home. He appeared in town bright and early next morning, however, and seemed to highly appreciate the joke. The rumor that it was our town ministers that hid the horse is perhaps unfounded. In recent conversation with Mr. James Vanderjason, of Emmett, recently, he informed us that the crops on the Payette, both hay and grain, were far below the average. He also somewhat questioned THE TRIBUNE's statement that hay was abundant in Boise valley. We have since then talked with Mr. Riley Cox, who has been threshing in the valley for some weeks past, and he states that there was never as much hay in the valley as this year, but that grain is below last year's crop on account of a poor stand.

The election for the school trustees here last Monday resulted in the election of Mr. George Little to fill both the long and short term. There were two trustees to be elected—one for a term of three years and the other to serve the one year of Chas. H. Reed's unexpired term, Reed's removal from the district creating the vacancy. There were four candidates, namely: W. C. Maxey, George Little, T. W. Boone and T. H. Callaway. In casting the ballot each voter was required to state on the ballot, which one he desired for the long term and which for the short term. In counting it was discovered that George Little had a majority for both terms, thus electing him to both offices. Of all votes cast, Boone was next to Little, but on vote for short term alone Callaway was ahead of Boone. Of course Little cannot fill both offices, and the case has been referred to County Superintendent Stevenson for his decision on the matter. If an extremely light vote counts for anything, we should judge that the average Caldwell citizen don't care whether school keeps or not. An anarchist wearing the red shirt, who has been about town the past week bumming free drinks and making himself generally obnoxious, came to grief last Saturday. It seems as though this noble bilk is something of a rustler, and instead of giving up after being kicked out of every saloon in town, he conceived the idea of starting in business on his own hook. Being short of capital he "borrowed" a few dollars from a fellow who was too drunk to offer any objections, and who, by the way, ought to have been robbed for getting in that beastly condition. But alas! for human hopes! The "Heagle-Hye" of Dan Brown was upon him, and before he could start for Canada with the "boodle" Dan had him headed for Caldwell's palatial bastille. He was brought into the august and distinguished presence of Judge Beatty who read the revised code through to him, hoping thereby to soften his heart and bring him to tears of repentance. Failing to move his hardened heart by kindness, the Judge fined him \$20, which he will board out in the county jail at Boise. On the 18th inst. the Building and Loan Association will elect new directors for the ensuing year. THE TRIBUNE will publish a statement of the past year's business at that time, provided we can get it. A new bracket will also be opened at this meeting, whereby new members may be admitted without paying back assessments. Go to the bank and get a copy of the Constitution and By-Laws free and find out just what this organization is and what it is doing. It is a safe and profitable investment for your spare change. Owing, we suppose, to an unusually interesting game of "draw" in the mail service last week, we did not receive last Sunday's Statesman and Democrat until Wednesday. The Idaho World of the 31st of August came straggling in the same day. THE TRIBUNE is accumulating some evidence that will enable it to "raise" somebody a few "beans" one of these days. Married, at the residence of bride's mother in Caldwell, on Tuesday evening, September 4, 1888, Mr. A. L. Butts and Miss May Hopkins, Rev. B. F. Morrow officiating. The happy couple went to Mr. Butts' ranch on the Payette, which he has recently prepared to receive his bride. They have the best wishes of many friends here. As an experiment a sack of mail was recently made up in the Caldwell postoffice and the Boise City tag put on, so that no sorting was necessary, all being required was to throw it off at Nampa. It was gone two or three days and was at last thrown off at Caldwell, the place it started from. I rise to remark that I have one of the finest stocks of drugs, patent medicines, liquors, etc., that can be found in this country. And I might add that I have these goods to sell and that I intend to sell them by offering them at the very lowest prices. A. F. Isham. Cunningham has arrived with his car load of bucks and is prepared to talk business to sheep men. He can be found at the Pacific house. Mr. and Mrs. Cal. Shepherd were called to Salubria last Saturday by the sickness of their daughter. She is recovering. Gwin's stock of men's and boys' hats is composed of new and nobby styles. Chas. Seebree says he will have hats to throw at the birds after election. SHEEP MEN. Charles Cunningham, of Umatilla County, Oregon, will be in Caldwell on or before September 10, with a car load of good bucks. Refers to Adam brothers, of Rockville. He will sell to sheep men on time.

BOB TURNS DETECTIVE

And "Spots" a Notorious Time Lock Manipulator. Threshing nearly all done. Farmers usually well satisfied with the crops. Mr. and Mrs. Tucker and daughter Mammie, took dinner with Mr. and Mrs. Pease on Sunday last. Miss Mammie has a handsome new Estey organ, and is taking lessons of Miss Addie Andrews. Geo. Andrews has returned from Long Valley. He says that country is being settled quite rapidly and all are doing well. George denies that he left here to avoid the ladies, but says he will stand his ground if any feel disposed to take advantage of leap year. Richard Stockton's new residence is nearly completed. It is a large, commodious dwelling in the town limits. The work is being done by E. R. Fletcher, and speaks for itself. While meandering through the streets of Parma on Monday last, I saw several groups of men talking quietly but earnestly together. I thought they must be advocating the school question, as there were two directors to be elected on that day, but on investigation I found that they had seen a suspicious looking character on the streets that morning, and they were naturally very much excited over it. They told me he looked as though he could manipulate a combination lock without any trouble whatever. I soon saw the object that had caused so much commotion in our midst, and recognized C. S. Scott of the Stockgrowers and Traders Bank, of Caldwell. He was in company with G. W. Paul. I soon quieted their fears by telling that there was not a bit of danger as long as Paul stuck to him, and that I thought he would rather manipulate a combination of a well-cooked meal than a Yale lock, in the country. He did look so gaunt and hungry. The train pulled in and when Scott boarded her for Caldwell, the excited citizens quietly dispersed. G. W. Paul has not been very well of late, but can still shout for Cleveland and the democratic party. Parma, Sept. 5. Bon. Gwin can show you the best line of pocket knives for the money in town. NOTICE TO STOCKHOLDERS. The Annual meeting of the stockholders of the Caldwell Building & Loan Association, will be held at the secretary's office on Tuesday evening, September 18, 1888, at 8 o'clock sharp, when new directors will be elected for the coming year, and any other business which may come before the Association will be attended to. C. S. SCOTT, Sec'y.

LUCKY HAILEY.

Salt Lake Tribune, September 1. For years the Hot Springs near Hailey have been used with beneficial results at the hospital located near, while the bath rooms have been much resorted to by citizens and visitors. It is pleasant to know that the property has passed into new hands and is to be greatly improved. Not only is this the case but the Hot Springs make an important factor in the enterprise of a new firm styled Robert Strahorn & Co., who have made large purchases in and around Hailey for the purpose of improving and using their business. The Hot Springs and adjoining lands which they have purchased aggregating 480 acres, with all water rights, besides which they have leased 320 acres more, adjoining with privilege of purchasing. Their purchase of land amounts to \$15,000, and they broke ground yesterday for improvements to cost \$20,000. It was only yesterday that the purchase of lands was consummated and ground was broken in a few hours afterward for building 50x105 feet, two stories and basement, in which there will be large and small bath rooms, ball room, pavilion, parlors, dining room, billiard room, tennis-alley and rooms for persons to rest in after bathing. The bath tubs will be porcelain and all else in keeping with them. The new buildings are to be located on the flat a half mile below the springs, within sight of Hailey, and the grounds will be laid off and cultivated in the highest style of landscape art, so as to make the place as attractive as possible. The new buildings are not to be used as a hotel any farther than serving with the guests lunches and temporary rest after bathing, while there will be ample arrangements for amusements. A complete system of water works is to be put in for the buildings and grounds. These improvements, to be made at once, will cause an outlay of \$20,000 and are to be finished as soon as possible. There will be on the grounds three lakes, one for outside swim-

ming and bathing and the other two for the cultivation of trout and other fish, and boating. An ice house and large barns are among the contemplated immediate improvements. Thousands of trees are to be planted on the grounds about the springs and around the buildings, and it will not be long before this will become a most delightful resort. The company own 150 registered pedigree short horn cattle, said to be the largest pedigree herd west of Iowa. This herd alone is worth over \$15,000, and possesses many very fine animals. The plan of importing bulls to this mountain region has not proven best since it requires one year for them to become acclimated, hence it is best to raise them here, and this company have embarked in that business. They have also a small band of fine horses imported from Kentucky, and David Yaden is here from that state and has charge of the stock. Thoroughbred and fine grade stock is to be raised for sale, while their dairy will supply Hailey with milk. They are now laying in hay for the stock, and having secured the best hay lands in this locality, they will plant tame grasses and be able to raise an abundance of hay for their stock. The company in making this purchase of land, secured a most excellent mill site and water power, when all Wood River can be put to turning turbines for running machinery. They have purchased controlling interest in the Hailey Electric Light plant at a cost of \$8,000, and will run it by water power instead of steam, and at once put in more than double the number of lamps, in fact make the plant equal to 1000 incandescent lamps. The Electric Light Company has been reorganized with Robert E. Strahorn as president, H. Z. Burkhardt secretary, and the First National Bank treasurer. It is well to say who Robert Strahorn & Co. owners of the Hot Springs and lands, and owners of the Hot Springs Herd are. Robert Strahorn is connected with the Chicago stock yards, and is quite wealthy. The company is Robert E. Strahorn, so well-known in connection with the Literary Bureau of the Union Pacific, and the Idaho & Oregon Land Improvement Company. He still remains with the latter company to look after their business, and will manage the affairs of Robert Strahorn & Co. here, during the summer, while he will devote the three winter months to the service of the Union Pacific. Jake Hamm has leased his blacksmith shop to Henry Nenebannner, and wants all those indebted to him to call and settle. Ladies, my fall stock of dry goods are arriving daily. Call and see them. M. B. Mrs. Florine Chealey, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: Land I bought, had been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain.
