Pimples, Boils,
And Carbuncles result from a debilitated, impoverished, or impure condition of the blood. Ayer's Sarsaparilla prevents and cures these eruptions and painful tumors, by removing their cause; the only effectual way of treating them.

Ayer's Sarsaparilla has prevented the usual course of Boils, which have pained and distressed me every season for several years—G. S. Gales, Plainville, Mich. I was badly troubled with Pimples on the face; also with a discoloration of the skin, which showed itself in ugly dark patches. No external treatment did more than temporarily good. Ayer's Sarsaparilla effected

A Perfect Cure,
and I have not been troubled since.—T. W. Boddy, Silver St., Lowell, Mass. I was troubled with Boils, and my health was much impaired. I began using Ayer's Sarsaparilla, and, in due time, the eruptions all disappeared, and my health was completely restored.—John H. Rikins, Editor Stanley Observer, Newbury, N. C.

I was troubled, for a long time, with a humor which appeared on my face in ugly Pimples and Boils. Ayer's Sarsaparilla cured me. I consider it the best blood purifier in the world.—Charles H. Smith, North Graysbury, Va.

3RD DISTRICT.
Reddington, R. 137
Johnson, D. 144. 7

As will be seen the vote on commissioner in the second district is a tie. This necessitates a new election for that office. When there is a tie between any two candidates, it becomes the duty of the clerk of the board to so inform the sheriff, who shall order a new election, after having given ten days' notice. The sheriff has not as yet given notice when the election will be, but will, we presume, soon do so. The second district comprises the following precincts: Caldwell, Lower Boise, Middleton, Union, Pomeroy, Green Meadow, Nampa and Kuna.

The annexation vote for Buck in North Idaho will reach upwards of 1200.

Washington Territory and Montana Territory elected Republican delegates at the late election. Utah elected John T. Caine, Mormon.

Hon. J. L. Brown, editor of the Moscow Star, has been elected coroner of his county by his patriotic democratic subscribers. Mr. Brown had to choose between the Coronership and a seat in the Idaho legislature. Of the two evils he chose the least.

The Des Moines News says the first installment of cotton for the Des Moines (Iowa) cotton mill, came in last week, two car loads of it. Bids will be received for the first yard, which will be the first cotton cloth made in the state. The Shenandoah Normal school has bid \$48.

Two Prosperous Territories.
Eugene Semple, Governor of Washington Territory, in his annual report estimates the population of the Territory at 167,082, an increase of about 24,000 during the year. The taxable property is given as \$84,621,182.

Preston H. Leslie, Governor of Montana, in his annual report estimates the population of the Territory at 140,000, an increase of 10,000 over his estimate last year. Of the financial condition of the Territory the report says that Montana enjoys the enviable distinction of being entirely free from debt, owing not a dollar, with plenty of money in the treasury.

As for Idaho's population, Gov. Stevenson is content with the 100,000 which he credited to her last year.

To the Victors Belong the Spoils.
If the declarations of the republican platform in regard to Territorial appointments are adhered to by the coming administration, there will be some lively scrambling by the patriotic republicans of Idaho for positions which have, under former administrations, been awarded to the needy or dangerous politicians in the "states."

Commencing with the Governor there are no less than a dozen offices, exclusive of the Land offices, the pay of which will run from \$1,500 to \$3,000 each, which will be charged upon immediately after Harrison's inauguration. What a feast for the hungry horde who for the past four years have been making a hand to mouth campaign!

And four land offices worth \$5,000 each, will go a long way towards making eight republican hearts beat tumultuously! Who will get the reward? The men who have fought the party's battles and won its victories. The man who was in for "principle and right" a month ago is the spoilsman of today. 'Twas ever thus.

"To the victors belong the spoils," is a saying that has preceded in the acts of every administration since the formation of our government; let the victorious Idaho republicans bear off the "spoils" of their own Territory.

The Elections.
It is now positively determined that Harrison and Morton will have 233 electoral votes, and Cleveland and Thurman 163. The six votes of West Virginia are in doubt. Indiana gives Harrison a plurality of 3,500; New York upwards of 10,000. The only northern states which give Cleveland a plurality are Connecticut and New Jersey. In fact the whole result is one of pluralities: Harrison does not carry a single doubtful state by a majority. A change of 5,000 votes in New York and 2,000 in Indiana, would have changed the result completely. When it is remembered that New York casts over 1,000,000 votes and Indiana 500,000, the "Harrison Cyclone" of today bears a striking resemblance to the "Cleveland Accident" of four years ago. When it comes to admitting that "Protection of American labor" depends upon a very small proportion of the voters of the States of New York and Indiana, the absurdity of the whole tariff bugaboo becomes apparent.

The republicans claim the Fifty-First Congress by from three to seven majority.

In Idaho there is nothing new to state. Dubois will have at least 1500 majority.

Brother Against Brother.
A horrible duel between the Hutchison brothers took place at Blackfoot, Idaho, last Sunday afternoon. A feud has existed between the two brothers John and James, for some time. James had threatened to shoot John on sight, and that afternoon they met in a billiard hall. Both pulled their revolvers and began firing simultaneously. Four shots were exchanged and John turned and ran down the street, the blood streaming from a wound in the side of his neck. James fell to the floor on his face while the blood streamed out of a ghastly wound in his right temple. The ball came out at the base of the brain which oozed out through the hole made. His death was instantaneous. The brothers formerly lived in Utah, and it is said their parents still reside there. At the examination the testimony warranted the release of John and he was accordingly set free.

Remarkable Prizes.
On Tuesday October 9th, 1888, (always Tuesday), the 221st Grand monthly drawing of the Louisiana state lottery occurred. The prizes were from \$100 to \$300,000. This and all the drawings of this company are under the exclusive control of Gen'l's Beauregard and Early. No. 46,755 drew the first capital prize \$300,000. It was sold in fractional twentieths: one dollar each, sent to M. A. Dauphin, New Orleans, La. One went to F. M. Heathcote, Derrick City, Pa., through Bradford National Bank, Bradford, Pa.; another to M. F. Locke, Coldwater, Miss., through Bank of Commerce, Memphis, Tenn.; another to J. C. Proebstet and M. C. Hanell, Vancouver, Wash. T.; another to Jno. T. Claver, Murray, Iowa; etc., etc. On Dec. 18th occurs the mammoth drawing, in which the first capital prize is \$600,000. All information to be had by applying to M. A. Dauphin, New Orleans, La.

Christian Separateness.
Under the above caption the Richmond Religious Herald makes the following statement, the fitness of which is patent to any close observer of the trend of modern christianity:
"We lay the flattering unction to our hearts that because the world is so much better, there is no reason why there should be any difference between God's people and the world. Christian men and women thoroughly practice the ways of the world as to life, pleasure, desire, and morality in business. They think that it is doing an honor to religion by liberalizing it and putting it on a worldly footing; that they help religion by being as popular in society as possible. Thus the aggressive power of Christianity is checked. 'Why are so few from the world joining the church,' was asked the other day. 'Because so many from the church are joining the world,' was the answer. Our power is in our separateness from the world, not our affiliation with it. We cannot carry the conviction of religion to the world by standing on the world's own level and asking approbation of it. When the salt loses its saltiness, it is good for nothing. The power of religion in the world is a life separated unto God by its free instructors."

The Elmore Division Ticket.
The Elmore county division ticket in Alturas county polled about 450 votes. Only one of the ticket—John Van Shaack—who was endorsed by the republicans, was elected. The Mountain Home Bulletin says:
The people of Elmore should now begin plans to create Elmore county this winter. John Van will lead the procession at Boise and Badley of Caldwell, will be the first to follow in the cause of justice to an oppressed people—then will drop into line representatives from nearly every county in the Territory.

Boise county cast a total of 851 votes. The county officers elect are: Assembly, J. A. Bruner, Rep.; District Attorney, H. W. Dunton, Dem.; Probate Judge, B. L. Warren, Rep.; Sheriff, C. C. Havird, Rep.; Auditor, Wm. Warner, Rep.; Treasurer, S. C. Silsby, Rep.; Assessor, Ralph Calderwood, Rep.; Surveyor, A. L. Rhinerson, Rep.; School Sup't, J. A. Lippincott, Dem.; Commissioners, Charles Mann, Dem.; Martin Cathcart, Dem.; and S. M. Sisk, Rep. Long Valley polled 83 votes.

The total vote of Washington county will foot up about 700. H. S. King is elected district attorney, N. M. Hanthorn, Probate Judge, O. M. Harvey, Assessor.

Alden's Literary Cyclopaedia.
The eleventh volume of Alden's Cyclopaedia of Universal Literature well sustains the very high reputation the work has secured. Among the eminent authors of all ages and all nations represented in this volume are: William Henry Herbert American naturalist and novelist; Herder, German poet; Herodotus, Greek historian; James Hogg, the Scottish "Ettrick Shepherd;" Holberg, Danish dramatist; Oliver Wendell Holmes, American poet and novelist; Houssaye, French essayist, etc. These names simply illustrate the comprehensive character and popular interest of the work, and are but a few of the names included—for instance, besides these, Homer occupies over 50 pages, Thomas Hood, 15 pages, W. D. Howells, 13 pages, etc. The work is a veritable mine of literary riches, and there are very few published so well worthy of place in every home library. The price, so marvelously low, places it within popular reach—50 cents a volume for cloth binding, 60 cents for half morocco; postage, 10 c. A specimen volume may be ordered and returned if not wanted. John B. Alden, Publisher, New York, Chicago, Atlanta, and San Francisco.
