THE TRIBUNE.
CALDWELL, IDAHO, DEC. 8, 1888

—Isham leads.
—Go to Isham for bargains.
—H. K. Hartley's majority in the district was eighty-one.
—A good cooking stove for sale cheap. Enquire at this office.
—Fred Brumzell left with a load for Silver City last Wednesday.
—Don't fail to call on Isham when in want of holiday goods.
—One of Jas. Kimsey's children is suffering with typhoid fever.
—We are pleased to see Abner Packard, Jr., on the streets again.
—The nicest hanging lamps in town at Gwinn's, at very low prices.
—Mrs. D. D. Campbell returned from a visit to Ontario last Tuesday.
—Step in at Gwinn's and see his stock of fancy china and glass-ware.
—Mr. Howard Sebree is back again from the east. Everybody welcomes him.
—Don't forget the church sociable at Mr. Isidor Mayer's next Thursday evening.
—Isham's low prices are like the laws of the Meads and Persians. They never change.
—J. W. Posey, J. Stillman and R. T. Young, of Jordan Valley, were in town this week.
—Miss Ora Lucus, who is teaching at Parma, spent last Saturday with her parents in this city.
—That is a very handsome window at Gwinn's, displaying his chinaware. Very nice, indeed.
—Mr. Jake Hamm's mammoth smithy is completed. All Jake needs now is an ad. in THE TRIBUNE.
—Little & Blatchley are opening up a very handsome line of holiday goods. Old Santa Clause will camp there sure.
—The many friends of Miss Florence Hartley will be pleased to learn that she has returned from her eastern visit.
—B. F. Haines, a prominent citizen of Nampa, called at this office the other day. He says Nampa is flourishing.
—Hon. James S. Negley is not improving very rapidly. It is feared he will not be able to take his seat in the Council.
—Therisa Pefferle will give instruction on the piano and organ. For terms inquire of her at the residence of Dr. Pefferle.
—D. L. Badley has placed his books in Judge Beatty's hands, and all those owing him are notified to call and settle immediately.
—We understand that Mr. Verley has purchased the old building formerly occupied by the ghost of the Caldwell Board of Trade.
—Wm. Hamersley, of Emmett, was recently married to Mrs. Alice Holly, of the same time. The "Saint's Rest" sends congratulations.
—J. G. Roop, a popular sheep man of Suecor Creek, started last Wednesday for Kansas City, Mo., to get acquainted with his people, he says.
—Miss Susan Winter, of Wheatland, Montana, is engaged to be married to a young man named Spring. Another case of Winter lingering in the lap of Spring.
—Taxes become delinquent next Monday. It's the same old story. Death and the tax collector are the only sure things in this world. Pay your taxes and save costs.
—THE TRIBUNE is booming. Its great run of job work has compelled it to increase its force. THE TRIBUNE will run the first steam printing house in Idaho. Mark the prediction.
—Road Supervisor Reed is doing good work on our streets. Nobody ought to "kick" at road tax, when the work is put on the streets. It helps the appearance of the town wonderfully.
—As winter is approaching, why would it not be good policy for the farmers on the river to repair their levees, and thus guard against overflows in the spring. A stitch in time saves nine.
—If you want to borrow money on real estate, go to Scott, at the bank. He will loan you money on long time and easy payments. Be sure and call on him when you want to borrow. He can and will accommodate you.
—We asked for space last week to publish a Thanksgiving sermon delivered in Caldwell, and granted the request. The "copy" has not yet arrived, and as we did not agree to furnish that, the sermon will be numbered among the lost gems.
—We wonder how many of our delinquent subscribers thought of us on Thanksgiving day, as they consumed their turkey and cranberry sauce, and we regaled ourselves on gopher-tail soup, with a dessert of butter milk and corn dodger? Nary one.—Edgar (Neb.) Times.

—Isham, his drug store, corner building.
—Gents' clothing cheaper at Gwinn's than any other place in Idaho.
—Do not be lead astray, but go to Isham's for drugs and holiday goods.
—Fahy Brothers shipped a car load of empty beer bottles to Salt Lake City last week.
—There have been enough law makers in town the past few days to hold a legislature of our own.
—W. W. Dryden sold his ranch up the river, to Mr. R. M. Steavenson, last week. Our popular lumber merchant is, no doubt, figuring on a handsome county residence.
—Some thief broke into Mosby's saloon the other night and stole \$17.50. A man by the name of Ellsworth was arrested on suspicion, but as nothing could be proven, he was discharged.
—James H. Gwinn attained his majority last Tuesday, and the boys in the store presented him with a handsome moustache cup. We don't think the boys intended to be ironical.
—Frank Randall, formerly of Caldwell, but now of Nampa, was in town Thursday. Frank has concluded that THE TRIBUNE is necessary to his complete happiness, and it will now make him weekly visits.
—Talk about work! THE TRIBUNE is actually snored under with job work. Have telegraphed to Portland for another printer, and will make things lively in typesetting circles this winter. THE TRIBUNE will be running an Idaho Job Print Establishment in another year, and will break up the practice of sending Idaho work away, or break itself trying. And it won't be THE TRIBUNE that breaks either, don't you forget that.
—Hon. George W. Emery, of Custer county, Hon. H. H. Clay, of Alturas county, and Hon. J. P. Clough, of Lemehi county, all law makers in the present session of the Idaho legislature, called on THE TRIBUNE last Wednesday. They were conducted into the most sacred santum sanctorum and given the high seats of honor, which are used only on state occasions. They are all pleasant, agreeable, well-informed gentlemen, and will, no doubt, represent their constituency with credit.
—The official vote for commissioner of this district is as follows: Caldwell—Hartley 106, Lanktree 74; Kuna—Hartley 6, Lanktree 24; Green Meadow—Hartley 18, Lanktree 13; Pomeroy—Hartley 22, Lanktree 25; Lower Boise—Hartley 24, Lanktree 26; Union—Hartley 34, Lanktree 33; Middleton—Hartley 54, Lanktree 18. Hartley is elected by 81 majority. Lanktree carried two precincts, Pomeroy by three and Lower Boise by two majority.
—Hon. D. L. Badley went to Boise City Friday, to assist in the organization of the House next Monday. Mr. Badley is a candidate for Speaker, and if the House knows its own interests, he will be elected by a unanimous vote. He is a master of parliamentary law, possesses rare discrimination, has excellent judgment and a keen, quick perception. If elected Speaker, he will preside over the deliberations of the House with credit to himself and honor to that body. There is no better qualified man for the position.
—The amount of petty thieving going on in Caldwell is really alarming. Nearly everybody has a tale of woe to tell of things that once was theirs. There is a well founded suspicion prevalent that there are several families in Caldwell living high off the efforts of some industrious persons who always work on the night shift. Coal, wood, and provisions of all kinds have a cheerful habit of mysteriously disappearing, evidently vanishing into endless space, for no trace is ever left behind. This petty thieving is getting exceedingly obnoxious to our citizens, and if it continues much longer, steps will be taken to run the culprits down and punish them as they deserve.
—The genial and enterprising Capt. J. R. De Lamar, left our camp last Monday to be gone all winter. He will stop for a few weeks in Denver, and then go farther east, finally bringing up in London during the winter. There is always a big hole left in the mining camp when this enterprising gentleman leaves it, and a very warm welcome for him when he returns. His large interests here will bring him back in the spring, and when we say large interests, we speak by the card, for the Wilson mine and the other properties connected with it, constitute one of the biggest and best mining properties on this coast, and when they are in full operation this new mill is ready for business it will be an addition to this camp the whole territory will be proud of.—Silver City Avalanche.

—Fahy Brothers have some excellent Oregon cider, suitable for mince pies. Chris. says that if you cannot afford to buy it, he will give it away.
—Hon. George W. Hunter, of Broadford, one of the ablest members of the last legislature, made this office a pleasant call last Thursday. Mr. Hunter is not a member of this session, but will be in Boise City at the organization. He was accompanied by Mr. Gordon, of Bellevue.
—Gov. E. A. Stevenson passed through Caldwell Thursday, on his way to his ranch on the Payette. He left the copy for the Territorial Superintendent of Public Instruction's Report at this office. Our home Governor—the best Idaho ever had—believes in building up home enterprise, and always throws what he can in the way of home industries. We wish more of Idaho's public men were like him.
—An editor was asked if he ever saw a bald headed woman. He replied no, we never did. Why should we? Nor did we ever see a woman walking around town in her shirt sleeves, with a cigar between her teeth and "dropping in" to every saloon she saw. We never saw a woman go fishing in the mountains with a bottle in her hip pocket, sit around on the damp ground all day and go home drunk in the evening. Neither have we seen a woman yank off her coat, spit on her hands and swear she could whip any man in town. No, God bless her. She isn't built that way.—Ex.
—H. B. Kinport had a very narrow escape from what might have proven a fatal wound, last Wednesday night. Kin had a Colt's 45 caliber revolver lying on a shelf under the ticket window. In the evening he was standing at the window and called the waiting room dog who jumped up onto the window sill. Kin, then had the dog a moment, and then he him jump down into the ticket office. As the dog jumped, his feet slipped and one of them striking the revolver, discharged it, the ball passing within half an inch of Kinport and lodging in the stationary case in the next room, making a wicked looking hole through the partition. It was a close call, and had the muzzle of the gun been moved the smallest fraction of an inch, the ball would undoubtedly have entered the abdomen in a most dangerous part of the body. Kin is congratulating himself on narrow escape.—Pocatello Reporter.

CALDWELL.
Bellevue Herald.

A correspondent writing from Caldwell this week, mentions a few items of interest about former Bellevueites, as follows:
—Mrs. M. Collins has the Commercial Hotel, does a splendid business and has a first-class house.
—Mrs. Gil. Bixby is now a resident of Caldwell.
—Bob Hillis and J. Brisco Hicks make their headquarters at Caldwell, and are both good musicians.
[NOTE.—Our Correspondent has probably heard someone call Bob and Brisco, tin-horners. Hence the joke.—Ed. Herald.]

Your correspondent had a minute's talk with Postal Clerk G. Foster. George says he never worked harder. Four clerks will do eight men's work beginning in December, with no extra pay, and we have George's word for it that they are kept hustling.
And Caldwell as a town is a rustling, hustling, bustling, growing place. The buildings are substantial, show a permanence, and is indeed a rival of Boise City in Ada county. The churches are unusually well built, some good brick business houses adorn the Main street, and the residences compare with any of those of Wood River.
Former Wood Riverites here seem content with Caldwell's future, and I hope they are making money.
J. ORGE.

FACTS ABOUT IDAHO.
—ADA COUNTY.
From the Governor's Report.
Population 11,000. Items taken from the assessment roll are as follows: Improved land patented, 80,579 acres; value, \$677,117; improvements on same, \$501,032; improvements on unpatented land, \$201,226; irrigating ditches, \$15,000; Territorial, county and municipal bonds, \$10,000; money on hands, \$28,720; goods, wares, and merchandise, \$195,000; stock cattle, 18,125 head, at \$12 per head, \$217,500; cows, American, 1,250 head at \$20 per head, \$25,000; horses, American, 9,125 at \$30, \$273,750; mules; 170, \$7,820; sheep, \$35,000 at \$2, \$70,000; hogs, 1,200 at \$2.50, \$3,000. The total assessment of real and personal property is \$3,020,000.
The estimated production this year is as follows: Wheat 175,500 bushels; oats, 200,000 bushels; barley, 25,000 bushels; corn, 15,000 bushels; potatoes, 80,000 bushels;

apples, 150,000 bushels; pears, 25,000 bushels; plums and prunes, 30,000 bushels; hay, 60,000 tons. PENITENTIARY.
This penitentiary is located two miles east of Boise City, on a tract of land owned by the United States and is now under control of the United States Marshal. The territory now pays annually to the United States, about \$18,000 for keeping Territorial prisoners, or at the rate of 75 cents per day.
The penitentiary in its present condition, is a disgrace to a great, rich, proud and humane government. In each cell two prisoners are now confined, when the capacity is only suited and intended for one.
There is a splendid stone quarry immediately adjoining the penitentiary, where the prisoners could and should be employed in taking out stone, and building suitable additions to the building to accommodate the wants of the large number of prisoners now confined in the prison. These prisoners are fed and clothed and crowded into these cells without any employment, and only kept there by the shot gun of the guards. The wall now surrounding the penitentiary is built of inch boards set up on ends.
There are among these convicts some of the most hardened and desperate criminals, and it is hoped that the general government will enlarge the penitentiary and surround it by a good, strong and substantial stone wall, so that these thieves, desperados, and murderers shall be securely confined, and not allowed to escape to again commit new depredations on our people.
If the general government will not make this penitentiary comfortable and secure, then I ask that it be turned over to the territory, and we will enlarge it, and not confine two prisoners in a cell six by eight twenty hours per day.
If the United States will give the territory \$20,000 to furnish extra guards and purchase iron, lumber and tools, we will take these prisoners now idle in those six by eight cells, put them to work quarrying stone and building a penitentiary creditable not only to the United States government, but also the territory, and we will surround it by a good, substantial stone wall.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this country. Disease had fastened its clutches upon her and for seven years she withstood its severe tests, but still could not get relief. Her condition was such that she could not sleep. She bought of us one of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle was miraculously cured. Her name is Mrs. Esther Lutz. This was written W. C. Hamrick & Co., of Shelby, N. C. Get a trial bottle free, at Little & Blatchley's."
