The lower house of congress passed a bill legalizing railroad pooling. It was a superfluous piece of legislation.

Senator Teller says that Carlisle's currency scheme is absurd and that New York bankers do not generally favor it.

There is considerable talk among the farmers living down the valley, of starting a creamery in Caldwell, some time next month.

The dispatches say that the cattle men of the country are going to lock arms with the sugar trust and strangle it. Good enough.

Mrs. Marion Bennett, of Boise, has sued John Early for \$25,000 for permitting her husband to fall down stairs and break his head.

A diving-bell arrived in town a few days ago. It will be used in the Boise river while putting in the center pier for the new wagon bridge.

The members of Caldwell Lodge No. 10, I. O. O. F. will entertain the members of surrounding lodges on installation night. A grand time is expected.

Mr. George C. Oakes, of the wide y known and justly celebrated firm, Oakes Brothers the square dealers, is in the De Lamar and Silver City country looking up business this week.

The distance to the sun has been finally correctly ascertained. It is 92,800,000 miles and its temperature is 15,000 degrees Fahrenheit. Some one has let the fire go down recently.

Gov. McConnell is in Salt Lake City. He will pay the Blackfoot Asylum a visit of inspection on his return. Additions will have to be made to the institution within the next year.

Miss Neely Stevens' recital Thursday evening was the best musical treat the people of Caldwell have enjoyed for a long time. Miss Stevens is an artist in every sense of the word and richly deserves the generous praise which has been awarded her performances. It is hoped she will pay Caldwell another visit soon.

The Boise men, who were accused of enticing Nellie Holcomb into a house of ill-fame were acquitted. The Holcomb girl said she went to the Carlton place of her own volition. She told the landlady she was a married woman and that her name was Blanche Russell. She explained her conduct by saying she was dependent on account of home difficulties.

Dr. Ed. E. Maxey received a telephone message late Wednesday night from Opaline, where a man by the name of Jim Keith received serious injuries, from being kicked by a horse. Keith was coming down hill with a heavy load of wood, when the dash board to the wagon gave way throwing him upon the heels of the horses, causing them to kick him in a terrible manner. Dr. Maxey reports his injuries as not being as bad as at first expected though his internal injuries may prove serious.

Mr. Chas. Lockerman, of Willow creek, was in town yesterday. Mr. Lockerman informed us that the mill had not yet arrived but was expected to be at the mines, in operation by the first of the year. A great deal of the ore is rich enough to ship while the majority ranges from \$10 to \$50 per ton. The miners are waiting anxiously for the mill, so as they may realize something for their hard labor of years. If the parties who intended putting in the mill, don't have it in operation soon, ore will be shipped by the mine owners in that district, to procure a mill which they must have in order to make something out of the low grade ore.

BORN—In Boise, Idaho, December 11, 1891, to Mr. and Mrs. Hiram Peley, a 9 pound son. Don't weep.

IMPORTANT BUSINESS CHANGE.  
Immense Business Growth Necessitates a Separation of Departments—Tom K. Little will Take Charge of The Dry Goods, M. S. Gwinn and Others Retain The Grocery Department—Change Made On The First Day of January.

The immense business built up by the firm of Montie B. Gwinn & Co., attributable to the business energy and enterprise of Messrs. Gwinn and Little, has necessitated a change, placing the distinct departments under separate managements. For this reason and the further determination of vastly increasing their respective departments, Mr. Gwinn and others will take charge of the general grocery department while Mr. Little will give his attention exclusively to the dry goods business. The change will take place on the first day of January and the firm of Montie B. Gwinn & Co. will be dissolved. No doubt this change is largely responsive to the growing business demands of the country. Intelligent and progressive business men realize that the general merchandizing house which carries everything from a sausage mill to a seal skin sacque and back to salt mackerel is only adaptable to cross roads establishments and commercial museums, therefore Messrs. Gwinn and Little have determined to keep abreast of business requirements by making the change indicated. The intention with both gentlemen is to add largely to their respective stocks. Mr. Little will put in the largest and best stock of dry goods that has ever come to the state and with his thorough knowledge of the business will be able to satisfy every class of customers. Mr. Gwinn and those connected with him will devote themselves entirely to grocery and kindred lines and propose to carry the very finest grades. In a few months either branch will be as extensive in its particular way as both combined have been heretofore. This will give Caldwell a dry goods and a grocery establishment unequalled in this part of the west both for retail and wholesale purposes. Under the able and experienced management of these gentlemen, there is no question of the success of their new departure.

Most people can not afford to experiment. They want immediate relief. That's why they use One Minute Cough Cure.

We might tell you more about One Minute Cough Cure, but you probably know that it cures a cough. Every one does who has used it. It is a perfect remedy for coughs, colds, hoarseness. It is an especial favorite for children, being pleasant to take and quick in curing. H. D. Blatchley.

You ought to know this: De Witt's Witch Hazel Salve will heal a burn and stop the pain instantly. It will cure badly chapped hands, ugly wounds, sores, and a well known cure for piles. H. D. Blatchley.
