R. Lowell's freight outfit which was
at Campbell's livery stable just
before he skipped was sold at auction
yesterday to satisfy a lien. Although
the outfit did not bring enough to pay
the lien and expenses, the prices real-
ized were very fair. Geo. Provan
bought a span of mares for \$50; Lee
bought a span of horses and harness
for \$100; and Mike Devers the wagon
for \$41; making a total of \$196.

Tom K. Little, of the enterprising
firm of Little & Boone expects to leave
tomorrow (Sunday) for the east, and
will not return until he has bought up

Baker, Caldwell.

The band boys have secured the ser-
vices of J. H. Davis, of Atchison, Kan-
sas, as instructor. Mr. Davis is a band
master with an excellent record, and
the boys are congratulating themselves,
and anxiously awaiting Tuesday, when
he is billed to arrive.

Bishop Glorieux of Boise, held ser-
vices at the residence of Christopher
Fabry last Sunday. It is expected
Catholics will build a church in the
near future to accommodate the in-
creasing number of communicants at
this place and vicinity.

Cleveland, the little eleven year old
son of Mr. and Mrs. John Orr, of Boise
Valley, died July 16 after a lingering
illness of six months. The cause of
his demise was a cancerous growth up-
on the side of his face. The remains
were interred in the Canyon Hill cem-
etery.

Ed. Lee is reported to have struck a
bonanza in his Willow Creek mine. He
has had some of the quartz tested from
the reef just struck, which goes \$900
per ton free gold. Carter & Rhodes
were last week offered \$10,000 in cash
for their property, the Lincoln, but it
was refused.

Wednesday afternoon and evening
next, August 5th, the ladies of the M.
E. Church will serve cream and cake
and ice cream soda, at Dr. Isham's.
The doctor having given the ladies the
exclusive use of his fountain for that
day, everybody is invited to eat, drink,
and be merry.

Mosby & William, of the 16 to 1
cigar factory, yesterday moved their
stock and fixtures from the old stand
to the Gwinn building, adjoining
Blatchley's drug store. The run of
their cigars is increasing to such an
extent that an extra roller is now em-
ployed, making a smoker's delight un-
excelled in the country.

H. N. Maxey, who with his brother
own the Blackbird mine at Willow
Creek, came from the camp Tuesday
elated over the fact that the main
ledge, which is fully 3 feet, had been
struck, and samples of ore taken out
that is as good looking as any yet dis-
covered in the camp. The ledge was
struck at about 80 feet from the sur-
face. The Blackbird like all other
Willow Creek mines, improve as they
are sunk upon.

The Populists of Latah county met
this week. They failed to do any work
of special moment, fearful that by so
doing the chances of fusion with the
Idaho "unterrified" might be impaired.
The Democrats have already promised,
in return for the Governorship, that
they will assist the Pops in electing a
Congressman and a United States
Senator. Who do the pops want: Fre-
dy, The Grey Eagle, Ruick, Jackson or
Gunn?

The Chairman of the Republican
county central committee will need get
a move on if Canyon county is to be
represented at the state convention
which meets at Boise on August 26th.
The call of Chairman Patrie is some-
what lengthy embodying many sub-
jects, foremost of all is that part which
states the bolting of Republican dele-
gates to the St. Louis convention will
be a matter for our consideration, and
that definite action will be taken either
endorsing or repudiating their action.

Joshua Levering, of Baltimore, has
been nominated by the Prohibition
party for President. Joshua has a long
head, and sees with a quick eye the
trouble in the old parties over the
financial planks in their platform. He
sees no necessity for a second Demo-
cratic ticket favoring sound money
while he is in the field. Prior to his
notification of the nomination he said:
"I do not see any necessity for the
sound-money Democrats who do not
wish to vote for McKinley to nominate
a third ticket. Let them vote the Pro-
hibition ticket. We shall have electo-
ral tickets in every state, and those
Democrats and others who cannot con-
sistently vote for either Bryan or
McKinley can vote for our ticket. My
views on the money question and the
tariff question also are in accord with
these people in general, and decided-
ly definite."

The "Middle of the Road" Populists
are in a sorry plight. They want Sew-
all withdrawn, but he won't pull off.
They ask Bryan to declare himself a
Pop, but he won't declare worth a cent.
Tom Watson, the Populist nominee for
vice president says he accepted the
nomination to save the party, and Mc-
Dowell of Nashville says if Watson is
not elected, Bryan will be defeated.
Altogether the Populists are having a
hard time, in many instances the past
week considerable difficulty being ex-
perienced in state conventions to have
the national platform endorsed. But
that is nothing when compared to the
difficulty to be experienced in keeping
them in line to vote 'er straight.

Thomas Freshette Wednesday even-
ing attempted to shuffle off the mortal
coil. About 7:30 in Levey alley at
Boise he plunged a knife into his left
breast immediately over the heart and
laid down to die. He was discovered
at once and taken in charge. The
doctors were unable to say how serious
the wound was, but it was thought
that he would pull through all right.
The wound was taken to St. Alphonsus
hospital. Freshette is about 40 years of
age. He came here from Washington
a short time ago and has devoted him-
self to drink very assiduously since
his arrival. When asked why he at-
tempted suicide he simply said that he
was tired of life.—Statesman.

THE BOLTERS RECEPTION.

Thursday last Senator Dubois appear-
ed for the first time in Boise since he
and the other four delegates bolted
the St. Louis convention, and those in
accord with this action arranged a re-
ception that has never been excelled in
the history of the state. About 1500
people were on the streets of Boise
when the procession was formed to
march to the court house square. In
the procession were carried many tran-
sparencies, on some of which consid-
erable talent was wasted. The pyrotech-
nic display was one of the leading fea-
tures of the evening.

A delegation 140 strong left Cald-
well on the 5:43 train. The company
ran a special that they might return
the same evening, which, together with
the reduced fair, induced many to go
over. The Caldwell band played sev-
eral tunes for the edification of Boise-
ites and the delegation made them-
selves heard shouting at every mention
of Bryan's name.

At the court house J. H. Hawley, as
master of ceremonies, introduced the
speakers, who on the occasion were
Senator Dubois, Congressman Wilson,
O. E. Jackson, Judge Morgan, Judge
Richards, Judge Huston, Ben Rich,
and T. J. Jones.

The speakers received considerable
applause at every mention of Bryan
or silver, but not so much as might
have been expected. But as a whole
the ratification was a success.

SHOULD HAVE MCKINLEY ELECTORS.

ED. TRIBUNE—It can be truly said
of the politics in Idaho this fall that
with the politician, "These are the
times that try men's souls." In Idaho
Republicans are divided, some think
that it is in the interest of the party
that a separate organization be effect-
ed known as the Silver Republicans
and others that it is far better to re-
main with the old party and keep up
the old party organization. I, for one,
am confident that a majority of the
Republicans in this state think it far
better that the party organization be
kept up. The Republican party is not
a party of one principle, nor of one
idea, and especially it is not for the
free and unlimited coinage of silver,
nor has it once declared for that doc-
trine. Still, I believe, that the people
of the party and the party leaders if
they were possessed with a thorough
conviction that the free and unlimited
coinage of silver, 16 to 1, independent
of all nations, powers and principal-
ties, was necessary of adoption for the
benefit of the masses, that that idea
would receive the earnest and undiv-
ided support of the party. But this
is a many sided idea and not a simple
question to be solved by every beer keg
financier; it is a question that demands
the earnest, prolonged and conscien-
tious thought of the statesman and
private citizen. It is a question, in its
modern sense, such as Hamilton and
Lincoln, Jefferson and Jackson, had
not to deal. It is my candid belief
that if those illustrious men were now
citizens of earth, and the conditions
were such as now surround us, that
each would support his party and
yield individual convictions to the wis-
dom of the majority. The right of in-
dividual thought and conscientious
action is denied no one. There are Re-
publicans in this state who have fol-
lowed the party ever since its birth, ad-
vocating its principles in season and
out of season; voting for its men and
measures upon any and all occasions.
Some of these men now have come to
the conviction, no doubt after mature
deliberation, that the sole principle of
silver is paramount to party. They sent
delegates St. Louis who carried out
those convictions to the letter, and who
thought it in the interest of their con-

stituency to bolt the convention and
party. That was right. They did a
thing that is the inalienable privilege
of every citizen. So far they were per-
fectly consistent. Now that they have
done everything in their power that was
right and honorable and failed of their
purpose, this faction should step down
and out. They are not in accord with
their party, having openly opposed the
platform and candidate, and have
openly espoused the Democratic plat-
form and candidate, hence are Democ-
rats and have no more right to
dictate Republican policy in Idaho
than any other Democrat. In this cat-
egory are to be placed such men as Du-
bois, Sweet, Huston, Borah, Parsons,
etc. There are quite a number of Repub-
licans in this state who desire to
support McKinley, protection and reci-
procity, and quite a number of Republi-
cans do not desire to make the grand
old party a tail simply to fly a free
trade, free silver sky rocket. They
know that Democracy is the synonym
of incapacity and demoralization and
the badge of perfidy and dishonor; they
know they are destroyers of honest in-
dustry and the maker of tramps and
deficits. The people have subjected
themselves to Democratic experiments
long enough and want no more of
them, and it is believed that the Re-
publicans of Idaho will not support a
disruption of the only party that will
open closed factories and set the un-
employed laborers to work, giving the
farmer a market for his produce. The
people do not care to face another
\$300,000,000 deficit and a sale of bonds
to run the government. The people
do not care to be forced to vote for a
candidate who is first for free trade
and lastly for free silver, nor for a
party that has brokered every promise
and dishonored the American name,
and adopted a platform declaring for
free silver because every theory of De-
mocracy had been tried and exploded.
The Republicans of Idaho are for Mc-
Kinley, the man who supports the tru-
ism that "the credit of any government
is imperiled as long as it expends more
money than it collects," and that "The
credit of the government, like that of
the individual citizen, is best subser-
ved by living within its means and provid-
ing means with which to live."

O. J. SROBR.

If you have ever seen a little child in the
agony of summer complaint, you can realize
the danger of the troubles and appreciate the
value of instantaneous relief always afford-
ed by DeWitt's Colic & Cholera Cure. For
dysentery and diarrhea it is a reliable
remedy. We could not afford to recommend
this as a cure unless it were a cure. H. D.
Blatchley.

by physicians, but the sufferers want quick
relief; and One Minute Cough Cure will give
it to them. Safe cure for children. It is

Don't trifle away time when you have
cholera morbus or diarrhea. Fight them in
the beginning with DeWitt's Cholic & Cholera
Cure. You don't have to wait for results,
they are instantaneous, and it leaves the
bowels in healthy condition. H. D. Blatch-
ley.

PERFECT and permanent are the
cures by Hood's Sarsaparilla, be-
cause it makes pure, rich, healthy,
life and health-giving BLOOD.

dry feet

means the prevention of scores
of cases of colds, coughs,
bronchitis, pneumonia, and
consumption. Wet feet do
not directly make the germs
of consumption appear in the
lungs; but they do cause
coughs and colds and inflam-
mation of the throat and lungs;
weaken the whole system. In
this condition the germs of
consumption find just the soil
in which to work.

Scott's Emulsion of Cod-
liver Oil, with Hypophos-
phites, is a most valuable re-
medy for restoring the system
to health before these germs
get the upper hand.

SCOTT'S EMULSION has been endorsed
by the medical profession for twenty years.
(Ask your doctor.) This is because it is
always palatable—always uniform—always
contains the purest Norwegian Cod-liver Oil
and Hypophosphites.

Put up in elegant and \$2.00 sizes. The small
size may be enough to cure your cough or
help your baby.
