Seven Young Men and Seven Young Women—The Declamation Contest Was Excellent.

This week the College of Idaho completed its thirteenth year. Sunday a forceful and masterly baccalaureate sermon was delivered by Rev. Geo. Runciman of Boise. Wednesday evening occurred the declamation contest. The contestants each did exceptionally well, reflecting credit upon themselves and the college. Mr. Verling Cox won the \$10 prize offered by Hon. T. C. Egleston of this city. The program was as follows:

We would like to give a short review of each production, but the event occurring so late in the week denies us the privilege. Rev. R. A. The Ball Game

Last Sunday the Boise base ball team came down with the intention of putting the Caldwell team out of business. It succeeded handsomely. Sunday afternoon not a man in Caldwell could be found who had even attended the game except Umpire R. V. Sebree and he explained the situation. Everything went well until the seventh inning. The score stood 11 to 4 in favor of Caldwell. Pitcher Christianson then took pity on the Boise farmers and with the assistance of Catcher Kelleher, First Baseman Coppo, Second Baseman, Will Kelleher, Third Baseman Beaty, Short Stop Weaver Hurtt, Left Fielder Roy Hurtt, Center Fielder John Doe and Right Fielder Strickland, let them get in 7 runs. Roy Hurtt tried to rescue the bows by getting into the box. It was too late. The Caldwell boys had gone into the air and it is whispered around that some have never come down. We think this rumor a libel.

Epworth League Convention
The West Boise District Epworth League met at Weiser Monday of

this week, and was in session until Wednesday, when the convention adjourned. Those present from Caldwell were Mrs. R. W. Oakes, Mrs. R. S. Madden, Mr. C. S. Sloan, Misses Blanche Hodson, Mabel Kay and Ruby Calkins.

The delegates report a good convention, fine time and splendid entertainment. The people of Weiser were particularly kind and courteous, and won their way to the hearts of all the delegates. It was a most profitable meeting.

The Merry Milk Maids.

A large audience greeted the Merry Milkmaids at the opera house Friday evening. Great care had been taken in the preparations and as a result each part was well sustained. The entertainment was a huge success in every respect. Great credit is due the managers, Mesdames Church and Williams. They in company with those representing characters had spent much time and labor. A synopsis and caste of characters was published a couple of weeks ago in THE TRIBUNE, consequently our readers know what the program was and who carried it out.

Landed Scholarships.

Mr. Lawrence Gipson, a graduate of the University of Idaho, and Mr. C. H. Foster, also a student of the university, have won Cecil Rhodes scholarships to Oxford. Idaho is entitled to two scholarships and these two won the honors. The examination took place about two months ago under rules provided for, and in accordance with Mr. Rhodes bequest, the examination papers were forwarded for examination, and the award is entirely upon merit. Mr. Gipson is from Caldwell, but for the past year has been employed as an instructor in the preparatory department of the university here. Mr. Foster's home is at Weiser.—North Idaho Star.

Caldwell will Celebrate The Glorious Fourth

Caldwell has celebrated in the past, and those celebrations were something great—something to be proud of. But the coming celebration will outdo anything and everything in the way of a celebration that ever was attempted.

First

We are going to have the usual grand salute; then a procession that will parade the principal streets; including the brass band and the horribles.

Second

Then will come the usual program—oration, a splendid effort; reading the Declaration of Independence; patriotic music, by choir and band—one that will stir the blood and set the nerves a tingling. A grand affair in every respect.

Third

We are going to have the usual barbecue—a big eat—but it's going to be a bigger one than ever. Ten steers will be roasted whole with sheep and swine a plenty. Then there will be tanks of coffee and wagon loads of bread.

Fourth

Then we are going to have a sham battle. It will be just like the real thing, only better—no body will be killed, unless from heart failure through sheer excitement. This will be something unique—something you may have never seen before, perhaps will never see again.

Fifth

Then will come the races—foot races, horse races, sack races, fire drill, contests of all kinds. Everything exciting and interesting.

Sixth—A Base Ball Game

Seventh—A Grand Ball

Sundry other events are scheduled; and will be pulled off on that day, but space will permit us to mention only the most important features of the program.

Eighth

Fireworks galore. Five hundred dollars worth of fireworks have been ordered, and will make the grandest illumination ever seen in the west.

Last but, Not Least

We want every man, woman and child in Canyon County to come and celebrate with us. We expect you, we have made big preparations to entertain you, and will be disappointed if you don't come. Pioneers especially invited.

EVERYTHING FREE

LIGHTENING HIT

Joseph P. Wilson's Fine, Large Stallion Crusader

HE WAS INSTANTLY KILLED

The Horse was Valued at Fifteen Hundred Dollars—He was Insured for About Seven Hundred.

Last Wednesday, about 6 p. m. the beautiful and valuable stallion, Crusader, belonging to Joseph Wilson of Middleton was struck by lightning and instantly killed. The clap of thunder preceding the flash was terrific, and was felt in Caldwell.

Mr. Wilson had just taken the horse to water and returned him to the stable. He stepped out for something expecting to return immediately to give the horse further attention, when a shower coming on suddenly, he took refuge in an out-house near by. Had he not done so in all probability, he also would have been killed. After the shower he returned to the barn, and seeing the horse lying down in apparently a natural condition, spoke to him expecting him to get up. Of course the animal failed to do so. Examination showed that he was quite dead and had been struck down instantaneously.

The lightning struck him on the hips and followed down his hind legs to the ground, where it made considerable of a hole. The door, near where the horse stood, was not much damaged, although nails in it were melted and twisted. There was in the same barn, about 60 feet away, a valuable horse belonging to Mr. Turner of Caldwell. He received no injury except a severe fright.

Crusader was a magnificent animal, register No. 30,313. He was worth anywhere from \$1800 to \$2000 on the market, but probably Mr. Wilson would not have sold him for that, as he was very much attached to him. It is understood that some insurance was carried on him, but that will but slightly compensate Mr. Wilson's loss. Crusader had attracted much attention in Caldwell, and competent horsemen say that he was among the best horses that ever came into the State.
