

A BEAUTIFUL HORSE.

An Opportunity to Improve Your Stock.—Radiant Will Make Season in Caldwell.

The Belgian draft horses are considered the best in the world. A number of enterprising farmers have purchased the well known stallion, Radiant. He will make the season at D. D. Campbell's livery barn. This is an excellent opportunity for farmers and stockmen to improve their stock. Radiant was imported from Belgium by Messrs Springer & Stubbs of Denver, and was bought by the Belgium Horse Co. of Caldwell. Mr. D. D. Campbell is general manager; S. F. Chahey secretary and W. R. Cupp, treasurer of the company. Charles Mauritz, D. P. Dodd and W. N. Brown are stock holders and directors. These men are well known and of such standing in the community as to fully guarantee both the horse and fair treatment to breeders.

Creamery For Payette.

At the meeting of the Payette Valley Creamery Association held last Saturday a contract was closed whereby the establishment of a creamery for Payette was assured. The creamery to be in operation in sixty days or sooner if it is possible to do so. This is one of the enterprises which has been sadly needed and now that the association has perfected the plans and arranged for the speedy construction of a plant, all those who can do so should do all in their power to make it the best creamery in the state. An industry of this kind returns more money to the farmer than any other when the amount of money and labor required is considered. Farmers give it consideration and be prepared to furnish the milk from as many cows as you can handle.—Payette Enterprise.

City officers pinched a couple of hoboes last Monday night and run a number of others out of town. The city was apparently full of them and several persons reported that doors and windows in various parts of town had been tried. A report has also been received that Weiser is also overrun with tramps.—Payette Enterprise.

W. H. Cottrell is installing his shearing machine on Andy Little's Willow creek ranch, and E. W. Lake is hiring men to man the machine. Thirty men will be required to guide the clippers. Mr. Little has over 30,000 fleeces.—Emmett Index.

Send Me the Names

of your friends or relatives in the East who are contemplating movement to the West during the coming spring or summer. There will be in effect during the spring months, from all eastern points to every section of the west, greatly reduced rates (both one way and round trip), and it will be to their interest that you give me the names of parties who may be induced by these rates to come west. No matter where they may be located, we will have our representatives call upon or write to them and advise them of the cheapest and best way to make the trip. Call upon or address C. A. WALKER, Agent, Chicago & Northwestern Ry., P. O. Box Salt Lake, Utah.

Use Disinfectants Now
With the coming of warmer weather millions of germs that are now dormant will spring into activity to menace health. Get after them now with a good disinfectant and you will reduce the danger of disease to a minimum.
We have every good kind of disinfectant. Their cost is so small in proportion to the safety that their use affords that it is hardly worth considering.
