WEEKLY ESTABLISHED DEC. 8, 1888, and
entered at the Caldwell P. O. as second class
matter. Act of March 3, 1879.

JUST AS IT IS.

At last the electric railway from Boise down the valley to Caldwell and beyond has become assured. It will be a great thing for this entire section. It will immediately add to the value of farm lands anywhere from 25 to 40 per cent, and probably increase prices relatively. Caldwell town property will experience rapid and permanent appreciation. Everything of this kind enhances values. When we consider that right now in Caldwell are practically under way a \$62,000 court house, a \$15,000 wood working plant, a \$12,000 grist mill, a \$10,000 city hall, a \$10,000 public school house, \$30,000 worth of business blocks and \$7,000 worth of residences, that we will soon be connected up by electric railway with the oldest and most productive section of the valley, and that overspreading and illuminating it all is the \$11,000,000 government irrigation enterprise—when we look straight at those things and sum them all up, we may form intelligent estimates of the future of Caldwell and its surroundings. [Will the young men realize and grasp the opportunities, or will they, like most their pioneer predecessors, permit themselves to look with gloomy eye upon their immediate location and go chasing some distant phantom of wealth? Most of them will probably go chasing the will-o'-the-wisp and get lost in the fog; but a few hard-headed boys will stay right here and become great and rich and influential.]

CITY HALL.

Very timely and very wise was the action of the Business Men's Association in adopting a resolution strongly favoring the erection of a city hall. Last week THE TRIBUNE invited expression on this subject, and is highly gratified to get it in such effective form. Mayor Madden stated that the city council had given the subject some consideration and would be glad to get expression from all quarters. We believe that the people of Caldwell are almost unanimously in favor of this much needed improvement. Practically every fact and argument advanced in favor of a court house can justly be advanced for a city hall. A \$10,000 structure could be erected without the imposition of a perceptible burden. Nothing could be more unwise or more shortsighted than to delay the undertaking. Every improvement made in the city adds to its solidity, its attractions, its desirability as a home place and to its fame and reputation abroad. Nature makes the country, but the people must make the city, if there is one to be.

The assessed valuation of Caldwell is \$552,000. The interest on \$10,000 at 5 per cent per annum amounts to \$500 a year. Five hundred a year is less than one-tenth of one per cent of \$552,000. If you are now paying \$20 a year city taxes, your share towards building a \$10,000 city hall would be in the neighborhood of 19 cents a year.

Everything is looking good for government reclamation these days. There no longer seems to be anything to cause serious delay. Engineers will meet at Boise in 10 days and make final estimates preliminary to letting the contracts.

Now, it is said, a Caldwell man has been found who objects to a city hall because it will increase his taxes. We think the report is false and libellous. It was a New Plymouth man in disguise.

Peculiar Disappearance.

J. D. Runyan of Buttrickville, Ohio, laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc. Guaranteed at Porter & Stone's drug store, price 25c."

NEW PLYMOUTH

Obituary.

The death of Mr. A. C. Ringer occurred at his home last Saturday afternoon, resulting from heart trouble of a year or more duration. During this time he has been a great sufferer.

Mr. Ringer was born in Nova Scotia in 1846. When a young man he moved to Boston. About this time he married Miss Sarah Merritt of Nova Scotia and as a result of the union there were eight children, five sons and three daughters, all of whom, with the exception of a daughter who died in childhood, survive him. His sons Fred and Robert and daughter Hattie (Mrs. Dee Richards) are residents of this place.

Mr. Ringer left Boston and went to Chicago, where he married Miss Elizabeth Webb, who has been a most devoted wife. She also survives him.

Mr. and Mrs. Ringer came to New Plymouth Aug. 8, 1895, entitling them to the distinction of being the earliest pioneers of this place, having erected the first dwelling place here. Mr. Ringer has taken a keen interest in all that would tend to the best development of his home town and also of the country, and is well and favorably known throughout the district.

The funeral services were held at the Congregational church and were conducted by Rev. Greenly, pastor of that church, and Rev. Clemens of Caldwell, who was also one of the early settlers of New Plymouth. Rev. Clemens preached the sermon, speaking words of comfort to the family. During the services the choir rendered a number of pathetic but favorite hymns of the deceased during his lifetime.

At Mr. Ringer's request, the casket was made by friends. It was appropriately trimmed and draped in soft black cloth. The result was beautiful, the idea proving a decided success. Many lovely floral contributions were a token of esteem in which Mr. Ringer was held. A large procession of sorrowing friends followed the remains to Park View cemetery, where the Odd Fellows conducted services at the grave.

Mr. Ringer will be greatly missed in the community, as well as in the home he has left. And we as a people extend to the bereaved family our heartfelt sympathy.

LETTER OF CONDOLENCE.

To Our Beloved Sister in the Church, Mrs. A. C. Ringer:
Tried also in this school of life, where alone the heart can be taught, we know well and can partially feel what you have lost, what you have suffered, are suffering, and yet have to endure. Our hearts, therefore, go out to you in sincerest sympathy in this your time of sorrow. May the comfort of an abiding faith, the assurance of a happy reunion, where the ties shall never again be severed, give you hope and peace. God bless you and support you under your heavy affliction.
