# ROYAL BAKING POWDER

**Absolutely Pure**

[From a series of elaborate chemical tests.]

Comparative digestibility of food made with different baking powders.

An equal quantity of bread (biscuit) made with each of two kinds of baking powder—cream of tartar and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder: **99 Per Cent. Digested**

Bread made with alum powder: **67 Per Cent. Digested**

Royal Baking Powder raised food is shown to be of greatly superior digestibility and healthfulness.

## CALDWELL DRUGGIST MAKES A STATEMENT

We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say: Try the mixture of simple buckthorn bark, glycerine, etc., known as Adler-ika. This simple new remedy is so powerful that JUST ONE DOSE usually relieves sour stomach, gas on the stomach and constipation QUICKLY. People who try Adler-ika are surprised at its QUICK action.
