Mrs. J. A. Bullock and children arrived in Caldwell this week from Salt Lake. She has purchased a small tract from Madden & Badley in the Golden Gate Addition and will make this her future home.

Baker & Harris always sell to the same people—they must have a good reason for coming back. The Sunday school basket ball league will conclude their series of games next week. The contest for the championship is quite spirited.

The Baptist ladies will serve all day Saturday in the building next to the News office. R. M. Collins, who recently arrived here from Hemet, California, has rented the Sower place for the coming year. His family will arrive in a few days.

R. S. Madden was a Boise business visitor Tuesday. Mrs. C. H. Leighty was on the sick list the fore part of the week, but has improved so a sto be around again. We have 1000 bushels of good seed wheat to sell. Expect to have seed corn, seed corn and all other kinds of field seeds. In need of seed or if you have any good seed to sell call on H. D. Hanna & Co., at Traders Association grounds.

O. V. Badley has just returned from a business and pleasure trip to Portland. He attended the Northwest conference of the Y. M. C. A. at Vancouver, Washington, while away and was elected secretary of that body. He reports business conditions much improved on the coast and every indication points to a better financial condition. Rev. Varney of the Baptist church will move into the Mrs. R. H. Davis house on Dearborn street in the near future.

People who once trade with Baker & Harris always come back. There must be a reason. J. Murer, who has been connected with the Binford Lumber Company for some months, will move with his family to the Twin Falls tracts, where he has valuable land holdings. Twenty families arrived in Homedale Sunday from Kansas. This is a colony who have leased state land and will improve the same. The junior department of the M. E. Sunday school will have a party in the basement of the church Saturday afternoon from 2 to 5 o'clock. A. K. Calloway and family will move to Southern California in the near future.

See Madden & Badley if you want to rent a house. Mrs. Fannie Long and Miss Hoyt have moved to their 10-acre tract near the Polo orchard where they will reside during the summer. Clarence Sloan, the bookkeeper in the Commercial bank, has been on the sick list with a case of the grip for the past two weeks. Mrs. Jake Mussell, who went to Portland last week for an operation for gonorrhea, is reported as doing nicely. O. V. Badley is in demand as a "Riley Reader" and entertainer. He has been filling engagements all winter and will give an evening at the McGuire school house and at Midway in the near future.

The February term of the District Court opened Tuesday with 112 civil cases and only four criminal cases on the docket. That new Panther Coal that arrived a week ago is all O. K. If you don't believe it ask those who are using it. The only place you can get it is at H. D. Hanna & Co. Phone 18. The Greek held in jail pending his hearing on a charge of burglary, had his preliminary hearing in Probate Court on Monday. He was bound over to the District Court. The younger Greek was released Monday morning. Madden & Badley for bargains in real estate. Mrs. Bryan and Mrs. Jackson entertained at luncheon at the home of the former on Monday. County Superintendent, Miss Fowler, is visiting schools at Emmett, Fruitland and New Plymouth this week. Teachers' examination will be held at the office of the County Superintendent, Thursday, Friday and Saturday of next week. Judge Ed L. Bryan has been in Boise sitting on the Supreme Bench. R. A. Broilner is at work in the County Assessor's office at present writing the rolls. Good, clean, reliable groceries at the lowest possible prices. No wonder Baker & Harris sell the most groceries. Miss Opal Stewart is working for the abstract companies at the court house in the absence of Miss Mann. Miss Mabel Miller of Nampa is working in Miss Stewart's place in the office of the Idaho Abstract Co. Say, you selfish fellow who is always getting something to suit yourself and letting the Wife fight the smoke and soot! Order some of that old original and genuine Rock Springs Coal of H. D. Hanna & Co. and cooking will be a pleasure to the Good Wife. Rock Springs Coal makes no soot. Phone 18. H. E. Cupp, of Nampa, son of Mrs. Lillian Cupp of this city, on Monday became the proud father of a ten-pound son. Mother and child are doing well. There will be a meeting at the high school Wednesday, February 25, at 3:30, for the purpose of organizing a circle for the high school. All parents are urged to be present. For Sale—250 boxes apples at W. A. George orchard. Oris McCubough. The Parent-Teachers' Association met at Washington school Wednesday of this week for the purpose of forming the Local Circle for that school. About forty parents were present and practically all of them decided to become active members of the organization. A short program was given by children of the school after which Mrs. C. A. Wheeler read a very interesting paper on the pur-

pose of the Parent-Teachers' Association. Mrs. Dr. Weymouth read and explained parts of the constitution. Thens permanent organization was taken up and the following officers elected: Mrs. R. S. Madden, president; Mrs. C. A. Wheeler, vice-president; Miss Lillian Nicholson, secretary; Miss Edith Engle, treasurer. It was decided to meet the third Wednesday of each month at Washington school. All parents are urged to become members.

Lem Harding was relieved of a sore appendix Tuesday by Dr. Cole. Patient is doing nicely, though he insists on the constant attendance of two of the prettiest nurses. Hon. Finley Monroe of Emmett was in the city on legal business Tuesday. The windows of the Caldwell post office will be open Monday, February 23rd, from 8:30 to 10 a. m. The city carriers will make one delivery. No mail will be delivered on the rural routes on the above date. Jake Horn, P. M. J. C. Goodwin of Pleasant Ridge was a business visitor in the city Tuesday. Madden & Badley have plenty of 8% money on good security. E. E. Perry has moved from the Cowden house from Deer Flat. He expects to erect a number of houses during the summer. Messrs. Hugh and Joe Richards spent a few days at New Plymouth this week at the bedside of their father, who some time ago suffered from a paralytic stroke. They found their father greatly improved.

REACHING THE SPOT It Has Been Done, So Scores of Caldwell Citizens Say. To get rid of an aching back, The sharp twinges, The tired-out feelings, You must reach the spot—get at the cause. In many cases 'tis the kidneys. Doan's Kidney Pills are for weak kidneys. Caldwell citizens testify. H. A. Merritt, carpenter, 1321 Albany St., Caldwell, Idaho, says: "I strained my back while working and it seemed as though it would break. My back pained me constantly, and was so lame and sore that I couldn't rest, no matter what position I took. My kidneys acted badly, and I knew that they were weak. I used three boxes of Doan's Kidney Pills, and they rid me of every particle of the trouble. I am glad to say that I haven't had a sign of it since." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Merritt had. Foster-Milburn Co., Props., Buffalo, N. Y.

BAPTIST CHURCH. "Why Did Christ Die?" will be the pastor's morning theme. In this sermon an effort will be made to state the doctrine of the atonement in terms of modern thought. In the evening the second address will be given to young men, basing the thought on answers received from representative business and professional men. The subject will be "Failure, or why young men fail in life." The ordinance of baptism will be administered in the evening, both by the pastor and the pastor of the Middleton church. George R. Varney minister; Prof. Neal N. Nash, superintendent.

BIRTHDAY PARTY IN HONOR OF MR. COWDEN. We neglected to mention in our last issue the birthday party given in honor of the Rev. W. G. Cowden. The occasion was his 77th birthday. A delightful evening was spent enjoying Victrola music. An elegant four-course dinner was served. The central piece at the dinner was a fancy cake with 77 candles. Those present were: Mr. and Mrs. H. T. West, Mr. and Mrs. J. M. Thompson, Mr. and Mrs. H. D. Blatchley, Mrs. Price, Mrs. Landers and Mrs. W. G. Cowden. "Those two boys next door are quaddling all the time." "That's so. If you saw 'em fighting together you'd never dream they were only half-brothers."—Cleveland Plain Dealer.

GO-TO-CHURCH SUNDAY.

Reasons Why Some of the Caldwell Men Go to Church.

Why I Attend Church. 1. My personal responsibility to my Creator and preserver is my first and greatest obligation. 2. My knowledge of God comes through my consciousness, nature and the bible. 3. The church is the organized exponent of the bible and God's truth. 4. In order to secure the best interpretation of the bible and to associate with those who are seeking the highest ideals of life, I cannot afford to remain away from church. 5. The church gives a most excellent opportunity for work for the human race.

J. J. ALLISON. I Go to Church. 1. Because experience has taught me I am made better thereby—physically, mentally, morally and spiritually. 2. Because I recognize the church to be the chief exponent of the Gospel of Jesus Christ. 3. Because the church is the only organization for the promotion of the christian religion among men for their salvation, here and hereafter.

GEO. E. BERLIN. Makes Him a Better Man. I go to church because it is a duty I owe to my family, my neighbor and myself. I know it makes a better man of me and I can meet the world better. It really enjoys going to church because it gives me great strength mentally and spiritually, and I think every man would be benefitted the same if he would attend church.

J. M. MESLER. Necessary to Highest Development. "The highest development of man's social nature demands constant association of man with his fellows; the largest growth and development of his intellect cannot take place without such association; the greatest success and efficiency in business requires frequent conventions of men with kindred interests for the interchange of thought. So I believe and feel that the highest development of man's religious and spiritual life depends upon his frequent association in places and in the manner especially appointed for that purpose, with others whose aims and tendencies are similar to his own."

PROF. H. A. IRELAND. Early Training. 1. Because I was brought up to go and cannot remember the time when I did not do so. A habit, yes, but about the best habit I have to thank my parents for. 2. Because I find satisfactions there that I can find in no other way, believing that true worship is well pleasing to God and an influence for good on all men.

A. GREENLUND. Nature Demands It. I go to church to satisfy a restlessness in my nature which demands a fuller knowledge and a closer communion with the spiritual life, which alone can give us that peace of mind which passeth all understanding. CLAIRE J. BARKER. Feels Lost Without It. Church attendance is a principle that I believe in and I am glad to stand up for it. I was brought up in the church and I feel lost when I miss a church service. I believe the church to be uplifting. The church and the christian people are the biggest assets of any town. You take the churches and the christian people out of a town and it will go back to barbarism; therefore I am glad to uphold the institution that conserves the real good of society.

R. W. OAKES. An Uplifting Influence. I go to church because of the uplifting influences of its services, especially its music and sermons, and for a period of meditation of a different character than business affairs. In this day and age it is taken for granted almost unanimously that none of us would care to live in communities where church services, or at least church influences, are lacking and I consider it a privilege to assist in the work of the church and in its support. F. D. MUMFORD.

HIGH SCHOOL NOTES. A joint debate was held Friday morning in the assembly by the school debating teams for practice before they begin their league debates. The students are proud of their debaters and much enthusiasm was shown. Mrs. Olmstead's comic opera play among the high school students is progressing rapidly and will be ready to stage in the early part of March. A number of the boys are getting base ball and track fever already. There are a few new hopefuls showing up in good style and the season looks very promising. The boys' basket ball team played Meridian last Friday night. The score was 38 to 19 in favor of Meridian. Walter Siebenberg was unable to play the latter part of the game on account of a cold which settled on his lungs and this crippled the team some what. The Sophomore and Junior classes are planning to hold a party in the gym, next Saturday evening. Next Friday night the local basket ball team expects to meet the Star team at Star. Judging from Star's record so far this year, their team is a strong one. In the Star-Nampa game at Nampa last Friday Star was victorious by a score of 53 to 31. Our boys, however, meant to make the Star boys work for their honors. The high school enrollment has reached the two hundred fifty mark. The assembly room has a seating capacity of less than two hundred. It may prove necessary to organize an open air school on top of the building.

Office of Superintendent. The manual training department has enrolled to date a total of 103 boys. These are distributed as follows: high school, 40; eighth grade, 24; seventh grade, 39. The course in

the high school is entirely elective; the classes recite five ninety minute periods per week. The course as outlined at present is a three-year course. At present no class is organized in the third year's work. This course was introduced into the high school curriculum last year with accommodations for groups of sixteen students. The present equipment is sufficient to accommodate groups of thirty-two. The students follow a definite and regularly outlined course consisting of required and optional projects in free hand sketching, mechanical-drawing and bench work. The grade work is required of all boys in seventh and eighth grades.

The Domestic Science department has enrolled to date 168 girls distributed as follows: high school, 99; eighth grade, 36; seventh grade, 33. This department of our city schools is one year older than is our manual training department. The course is again definitely outlined and runs continuously from the seventh grade through the Senior year of the high school course. This means, as is also the case in the manual training department, that in the course of the elementary and secondary school life of a child a very large percentage of all the homes in Caldwell will be reached. The boys will be required to do two years of manual training work and may do five years' work. The girls will be required to do two years work and may do six years' work. The seventh and eighth grades in both departments work one and one half hours per week. It seems probable that the following tentative debate schedule will be the one accepted by the majority of schools:

March 7. Payette Aff. to Emmett; Emmett Aff. to Star; Star Aff. to Payette; Caldwell Aff. to Nampa; Nampa Aff. to Ustick; Ustick Aff. to Caldwell.

March 13. The winners of the two above series to debate for championship of southwest Idaho, negative teams will travel. Mountainhome, Boise and Weiser are not entertaining the State league this year. Caldwell is putting out a strong team but the outcome of the series of debates in this part of the state is too doubtful to predict results. The Parent-Teachers' association is organizing a branch circle of the association in the Washington ward. They hold their first meeting in that ward Wednesday afternoon at 4 o'clock.
