Wrist Watches at Bowen's for \$2.00 each.

SCHOOL NOTES.

The high school students had the unusual pleasure of having Judge T. A. Walters, member of the State Board of Education, and Capt. Hobson with us for the Thanksgiving exercises Wednesday afternoon. School was dismissed at three o'clock after invigorating talks by visitors and an excellent Victrola concert. Botkin-Harmon very kindly loaned a Victrola with an excellent set of records in order that the students might have the benefit of having some of the world's greatest artists before them.

Thank-offering envelopes were placed in the hands of all the students of the grade buildings during the week in order that they might contribute to the Thanksgiving offering which the school children all over the state give annually for the homeless children who are maintained in the state institutions.

children who are maintained in the school wish to express their very sincere appreciation to the business men of Caldwell and the other supporters of the football team. The fact that \$500.00 has been freely contributed to assist in making the Portland game a financial success is a very fine mark of confidence that the patrons have in the local high school. The students feel that every possible support that they can add toward making this game a success should be given.

DEFEAT NAMPA DECISIVELY.

Last Saturday our Nampa neighbors had to take the car home minus their football scalp for this year and acknowledging the superiority of the Caldwell team. Owing to injuries several shifts were made in the lineup and men were placed in new positions at the beginning of the game. This fact showed itself up for the Nampa backs pierced our line in altogether too regular a manner, and several times held us for downs. At the end of the first half only two touchdowns had been made and loose playing had been the rule rather than the exception.

The second half, however, was quite different and everyone seemed to come nearer to playing up to their ability so that the score began going up until it became a race against time to get just one more. The final score stood 48-0. Breshers kept up his record in goal kicking and the punt out after touchdown never failed.

This week the team has been having the final workouts in preparation for the championship battle here Thanksgiving day with Washington high school of Portland. The slight injuries that the boys have are being given the best of care and when the whistle blows at 3:30 Thursday, Caldwell will be ready to fight to the last.

Word has been received here to the effect that large parties are coming from Boise, Nampa, Parma and other adjoining towns and the largest crowd of local football fans in history is expected.
