Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good; -it can't bite your tongue; -it can't parch your throat; -you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:

"PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

YOU'LL find a cheery howdy-do on top no matter how much of a stranger you are in the neck of the woods you drop into. For Prince Albert is right there - at the first place you pass that sells tobacco! The tippy red bag sells for a nickel and the tidy red tin for a dime; then there's the handy some pound and half-pound tin humidor and the round crystal-glass humidor with sponge-moistener top that keeps the tobacco in such bang-up time!

This is the reverse side of the Prince Albert tidy red tin. Read this "Patented Process" message-to-you and realize what it means in making Prince Albert so much to your liking.

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it! It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?
