## CALDWELL HAS FAILED TO RESPOND TO THE CALL FOR HELP

Responses to the appeal for subscriptions to the fund being raised for the dependents of members of Company G., Second Idaho Infantry are coming in slowly and the committee in charge of the fund is sorely disappointed over the apparent indifference of residents of this section toward the plan. Since the publication of the names last week but four new pledges have been received.

That the people in general do not appreciate the importance of the fund is the opinion of a prominent business man. "The people of Caldwell and vicinity should respond liberally to the appeal made for funds to assist dependents of members of Company G., who are now serving their country on the border, and it now is a distinct disappointment to me that Caldwell, the most prosperous city in the state should thus respond so slowly. As I understand it the total amount pledged is less than \$30 per month and that it will be necessary to have at least \$150 pledged monthly in order that the committee may properly care for demands made upon it.

The personnel of the committee assures that the fund will be expended advantageously, and it is indeed asking but little of those of us who remained at home to contribute our mite towards this worthy cause."

The complete list of subscribers to the fund follows: E. M. Hendon, Howard & Lemaster, W. E. Wright, Thomas Tarr, L. A. Harmon, F. M. Cole, Caldwell Commercial Bank, H. J. Zeh, Alfred F. Stone, Sutton & McCarty, Joe Kahn, W. S. Gordon, F. C. Boyes, R. A. Thornton, Harry Froman, Picard & Roberts, Caldwell Dry Goods Co., F. T. Fueling, L. Harding, Amos J. Miller, Caldwell Horse & Mule Co., M. H. Gibbons, J. D. Kelleher, C. W. Emery, Lawrence Reynolds, R. T. Hurt, W. S. Maxey, Idaho Implement & Grain Co., W. P. Lyon, W. L. Girard, C. E. Wycoff, J. L. Magee, Fritz Miller and H. A. McCullough.

The committee in charge of the fund is as follows: W. P. Lyon, E. H. Plowhead, Fritz Miller, Mrs. E. L. Bryan and Mrs. L. W. Botkin.

## PRESBYTERIAN CHURCH

## BLACK CANYON TO GET NO APPROPRIATION THIS SESSION

The senate passed Tuesday Representative Smith's bill previously passed by the house, providing for the creation of lien on unpatented homesteads and desert lands entries within irrigation districts organized under state laws, and also on government lands in such districts which later are entered under land laws.

The conference committee on the agricultural bill struck out Senator Borah's amendment appropriating \$10,000 for the examination of the Black Canyon irrigation project. The house refused to accept the senate's amendment, saying that such money should come out of the reclamation fund and not out of the treasury.

## TAYLOR CONFIDENT OF CARRYING NORTH IDAHO

His Nomination Means 5000 Democratic Votes for Republican Ticket

Lieutenant Governor Herman H. Taylor of Sandpoint was in the city Wednesday for a few hours. Mr. Taylor is making a trip over southern Idaho in his automobile in the interests of his candidacy for the Republican nomination for governor.

Lieutenant Governor Taylor states that he will carry north Idaho for the nomination by a handsome majority. He also states that his nomination means that 5000 Democratic voters in north Idaho will vote the Republican ticket at the general election.

**Outlook is Pleasing**  
Mr. Taylor is well pleased with the reception which he has met in all sections of the state. He is confident that he will get his share of the votes in every county in the state.

From Canyon County he went into Ada thence into Washington. After a tour of Washington and Adams counties Mr. Taylor will invade the southeast.

## FARMERS OF FRANKLIN AND VICINITY OPPOSE DISTRICT

Farmers of the Franklin and Marble districts met with members of the Commercial club Friday night and protested against being included within the proposed Caldwell Highway district. That the objectors had received an erroneous impression regarding the organization of the district was apparent from the remarks of the country speakers, who were under the impression that under the Highway district a large proportion of the money raised for road work would be expended on city roads. It was explained by Caldwell speakers that all but 25 per cent of the road tax paid by Caldwell would be turned back, the balance, with the exception of 5 per cent would have to be spent on the country roads within the district. The meeting bore fruit in a better understanding between business men and visitors.

It is understood that farmers living south of Caldwell are anxious that a Highway district be formed including all of the territory in the corporate limits of Caldwell and extending south to Snake river. A series of meetings will be held by the farmers and definite boundaries decided upon. It is declared by the farmers who are promoting the move that by the organization of the district the road tax of Caldwell amounting to several thousand dollars will be spent in the country districts to the south, instead of in different sections of the country as is done at the present time.

Tuesday evening, Wm. Wright was kicked by a horse, which crushed the fingers of his right hand. The accident occurred at the home. The wound was dressed and he hopes to save the fingers.

## LINK'S BUSINESS COLLEGE WILL OPEN SOON

Boise School is Splendid Institution of Its Kind

The announcement of the fall opening of the Link's Business College appears elsewhere in this issue of The Tribune. Link's enjoys the reputation of being a splendid school of its kind. Its graduates have no trouble in securing positions.

We commend Link's to prospective students in this section of the country. We do not know where they could get better or more systematic training in commercial methods and laws.

## CAPITAL NEWS HAS LIVE WIRE ON ITS STAFF

Correspondent Stotts is Giving Paper Better Stand on Loop

The Capital News has a live wire on the loop these days. Correspondent Stotts who covers this territory has greatly increased the prestige and influence of Boise's evening paper. We presume that the results of Mr. Stott's efforts are being registered in the business office.

The News is an independent newspaper and there is no anomaly in its having a straight Republican employed in the capacity of correspondent. In fact the employment of Republicans and Democrats are absolutely necessary if an independent newspaper is to be independent.

## GOWEN IS NOMINATED FOR STATE SENATOR BY J. JESTER

J. B. Gowen, one of the leading citizens of Caldwell, and for many years closely identified with the political, commercial and civic activities of Caldwell and Canyon County, was placed in nomination for state senator yesterday. The papers were filed by Mr. J. Jester, Junior of this city and were signed by leading business men of the town.

Mr. Gowen is one of the most public spirited men Caldwell has ever had. He is a former mayor of the city, a chief promoter and for many years the hardest worker in the county and state fair association; an ex-director and ex-secretary of the Commercial club. He has helped in every movement that has for its purpose the advancement of the city and county.

## Well Known Man

## NAMPA TAKES ANOTHER GAME FROM CALDWELL

After playing gilt edge ball for seven innings the Caldwell team soared to dizzy heights and graciously presented Nampa with 8 runs and the game at Recreation park Sunday. With the score two to one in the seventh in the home squad's favor the fireworks opened and in the three wild innings that followed the Junction City athletes paraded seven men around the circuit.

Breshears pitched hitless ball until the fatal seventh when two errors and two hits gave Nampa four runs. Bunched hits in the eighth and ninth added three more.

## FOR SECRETARY OF STATE

To the Voters of Idaho:

I hereby announce my candidacy for the nomination for the office of Secretary of State on the Republican ticket, subject to the will of the electors at the primaries to be held on Tuesday, September 5th, 1916.

I have been a resident of the state for over 20 years and, while my home is in Nezperce, Lewis county, I feel that I can serve the people of the state as a whole, without prejudice or partiality, and with equal rights to all and special privileges to none.

I have never held an elective office, but have had considerable clerical experience and believe I am fully competent to fill the position for which I ask your support.

I heartily endorse the Republican state platform and if elected will do all in my power to help fulfill its pledges.

I am in favor of the good roads movement and hope to see the plan carried out whereby convict labor can assist in this work.

I am a firm believer in the State of Idaho, having my little worldly possessions invested here, and am interested in its progress. I believe one of the most important ways of bringing Idaho into her own is to encourage the development of her resources and to improve the farms and homes. I am persuaded by experience that this can be most effectively accomplished by giving the farmers cheaper money with which to make these improvements and developments, and in order to do this I would favor the state taking the lead in lowering the rate of interest and suggest loaning state money to farmers and school districts at five per cent; the basis of the farm loan being made on a certain per cent of the assessed valuation of the farm.

I shall be very grateful for any support you may see fit to render in my behalf and promise that I shall use every endeavor to run the office as economically as possible—as I would were it my own business.

Respectfully submitted,  
Chancey Wallace.
