

PRESBYTERIAN CHURCH

The Sunday school meet next Sunday for the first time in its new quarters in the church. The new class rooms will be much appreciated. We have classes for all ages, and a general invitation is extended to all to meet with us. The service is at 10:30, followed by preaching services at 11:30. Afternoon and evening services as usual, Junior Endeavor at 3:30 and Y. P. S. C. E. at 7 p. m. The Young Peoples meetings are being made especially attractive. All young people are invited.

FIRST BAPTIST CHURCH

The Imperial Book will be the subject of the Pastor's discourse next Sunday morning. This subject was announced for one week ago but on account of the special visit of Rev. Margrets to the city it was postponed. The Sunday morning sermons are quite helpful and the general public is invited to be present. You may rest assured that the pastor will not say anything but what will be in the light of the truth as he sees it. Everyone is urged to attend the evening service which is to be held in the new Presbyterian church. The church presents a fine appearance since have been remodeled and upon next Sunday evening it is hoped that it will be taxed to its capacity. Rev. Ewing of the Methodist church is to be the speaker if present in the city but if not Rev. Vance will occupy the pulpit. All members of the various churches of the city together with their friends are urged to be present. Bible school starts promptly at 10:30 o'clock. B. C. Skidmore is the superintendent. He will be glad to see you as will everybody else in the school. Classes for all ages have been provided. Any strangers in the city without a church home are invited to be present at all these services. B. Y. P. U. at 7 o'clock. Every member is urged to be present next Sunday evening and help "Get out and get under." The young people's society is recuperating from a long sleep and is realizing that it must work while yet 'tis day. Now that the fall work is beginning, it is vital for each member of the Union to come out and help lift the load. A big rally is out and help lift the load. A big rally is to be held next Sunday evening at which the entire strength of the membership will be enlisted. So come out young people and thus swell the attendance for the evening. Let's show the people of Caldwell that we are alive and are going to do something in the future. Meeting starts at 7 o'clock sharp. Mid-week prayer service on Thursday at 8 o'clock. Everyone come. F. E. DARK, Minister.

FIRST METHODIST CHURCH

The pastor will preach Sunday morning—Union service in the evening. The Epworth League program Sunday evening was an excellent one. Miss Beauluh Nickle led. Miss Barney and Biss Gladys Nichol gave a beautiful duet. The E. L. is particularly fortunate in its musical resources. Watch the bulletin board for the next Sunday evening announcement. Harold Jester will lead which means a live program. The W. F. M. S. program and picnic on the Postlewait lawn was well attended. About eighty people enjoying it. The ladies aid will hold their annual election of officers Wednesday evening at 7:30. At 8:30 they have invited the congregation to enjoy a program and refreshments with them. The men were requested to leave their pocket books at home. The Stauber and Banks young people will have a merry-go-round in the basement of the church Friday evening. Wilkerson, McClure, Kyle, Ross and Wallace gave a delightful merry-go-round in Mrs. Wilkerson's commodious basement Thursday afternoon. The cool room was fittingly decorated and the pleasant occasion was much enjoyed by a large group of women. The Boy Scouts send most enthusiastic reports of their camp. They have won prizes in swimming and rowing at the Water Carnival, and are having a truly great time. The scout master has a gold medal from the U. S. government for rescue work, while he is in the life saving service at the W. W. university so we mothers can feel as safe as is possible when the boys are doing stunts on water. The party is expected home this week. C. E. Wyckoff left Wednesday evening for points in Nebraska. He went by automobile.

POSITIVE PROOF.

Should Convince the Greatest Sceptic in Caldwell. Because it's the evidence of a Caldwell citizen. Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it: H. A. Merritt, carpenter, 1321 Albany St., Caldwell, says: "I strained my back while working. It pained me constantly and was so lame and sore that I couldn't rest no matter what position I took. My kidneys acted irregularly and I knew that they were weak. I used three boxes of Doan's Kidney Pills and they rid me of the trouble. I am glad to say that I have not had a sign of it since." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Merritt had. Foster-Milburn Co., Props., Buffalo, N. Y.

Statistics show that 87 1/2 per cent of all estates left for administration consist only of life insurance thus providing the fallibility of the reasoning of that type of father who unwisely decides that he is sufficient unto himself in providing an estate for those dependent upon him. These statistics further prove that every father in this land should carry some kind of life insurance for each dependent child. A. I. Myers, Life Insurance.

Charles Crawford accused of assault with intent to commit great bodily harm was bound over to the district court Wednesday under bonds in the sum of \$5,000.00 W. H. Rosenberg was acquitted. The assault was committed on H. H. Cross at Fargo some time ago.

GOVERNMENT CROP REPORT

Washington, D. C., August 8.—A summary of the August crop report for the State of Idaho and for the United States, as compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau), U. S. Department of Agriculture is as follows: Winter Wheat State—Preliminary estimate 8,260,000 bushels; production last year (final estimate) 11,310,000 bushels. United States—Preliminary estimate 455,000,000 bushels; production last year (final estimate) 655,045,000 bushels. Spring Wheat State—August 1 forecast 6,410,000 bushels; production last year (final estimate) 7,420,000 bushels. United States—August 1 forecast, 199,000,000 bushels; production last year (final estimate) 33,460,000 bushels. Oats State—August 1 forecast 14,200,000 bushels; production last year (final estimate) 15,745,000 bushels. United States—August 1 forecast 1,270,000,000 bushels; production last year (final estimate) 1,540,362,000 bushels. Barley State—August 1 forecast 7,320,000 bushels; production last year (final estimate) 7,736,000 bushels. United States—August 1 forecast 195,000,000 bushels; production last year (final estimate) 237,009,000 bushels. Potatoes State—August 1 forecast 4,000,000 bushels; production last year (final estimate) 3,500,000 bushels. United States—August 1 forecast 364,000,000 bushels; production last year (final estimate) 359,103,000 bushels. Hay State—August 1 forecast, 1,910,000 tons, production last year (final estimate) 1,828,000 tons. United States—August 1 forecast 84,600,000 tons; production last year (final estimate) 85,225,000 tons. Pasture State—August 1 Condition 90 compared with the ten-year average of 94. United States—August 1 condition 86.9 compared with the ten-year average of 81.6. Apples State—August 1 forecast 223,000 barrels; production last year (final estimate) 573,000 barrels. United States—August 1 forecast 71,600,000 barrels; production last year (final estimate) 76,670,000 barrels. Prices The first price given below is the average on August 1 this year, and the second the average on August 1 last year. State—Wheat 81 and 84 cents per bushel. Corn 97 and 70. Oats 41 and 42. Potatoes 100 and 100. Hay \$8.90 and \$7.60 per ton. Eggs 24 and 23 cents per dozen. United States—Wheat 1.07 and 1.06 1/2 cents per bushel. Corn 79.4 and 78.9 cents. Oats 40.1 and 45.4 cents. Potatoes 95.4 and 56.3 cents. Hay \$10.70 and \$11.02 per ton. Cotton 12.6 and 8.1 cents per pound. Eggs 20.7 and 17.0 cents per dozen.

NOTICE

Notice of the receipt by the City Clerk of the 1916 Sprinkling Assessment Roll of Improvement District No. 1, of the City of Caldwell, Idaho, and the time fixed by the City Council of said City for hearing protests from any person or persons aggrieved by said assessment roll.

NOTICE is hereby given that the 1916 Sprinkling Assessment Roll of Improvement District No. 1, of the City of Caldwell, Idaho, is now on file in my office at the City Hall, and that the same was filed at 11 a. m., August 7th, 1916, and that the City Council will meet Monday, Sept. 4th, 1916, at 8 o'clock p. m. in the Council Chamber at the said City Hall to hear and consider objections to said assessment roll, by any person or persons aggrieved by such assessment.

The owner or owners of any property which is assessed on said assessment roll must file with the City Clerk before the said 4th day of September 1916, his, her or their objection in writing to said assessment, or any part thereof, which objection must be definite as to the property or piece of property included in said assessment, as well as the specific grounds of such objection.

The assessment roll will be open for inspection at the office of the City Clerk of said City on each and every day, except Sundays and holidays, from 9 a. m. to 5 p. m.

By order of the City Council this 7th day of August, 1916.

S. BEN DUNLAP, City Clerk.

The time for hearing objections must be fixed 10 days after the third publication.

Published in Caldwell Tribune 3 times. 1st Publication, Aug. 11, 1916. 2nd Publication, Aug. 18, 1916. 3rd Publication, Aug. 25, 1916. Life insurance cultivate saving habits, educates orphans, preserves the family, lightens the load of care, gives responses to the rich man, gives courage to the poor man, robs death of some of its terrors, builds a barrier to the almshouse, and provides for the future welfare of prudent men and women.

WHERE WILL YOU BE AT 65?

At twenty-sixty-five seems far away; but it may be interesting to know just where we will be financially at that age. The following statistics, compiled by a big life insurance company after a vast investigation for their own information, are correct: Out of 100 average healthy men at twenty-five, at sixty-five 36 will be dead, 1 will be rich, 4 will be wealthy 5 will be supporting themselves by work, 54 will be dependent upon friends, relatives or charity.—American Magazine. Guard against this with some Savings Life Insurance. A. I. Myers, Agent.

THE OBSERVATORY

I have lived long enough to have seen some remarkable changes in our country and the world: I can well remember when the burden of believers when praying in public for the conversion of the world was that God would open the way for missionaries to enter heathen countries many of which were closed tight against them; what a change 75 years has seen; practically now the whole world is open to the Christian missionary. Formerly if one desired information about such work one must look to the pages of publications printed for the dissemination of facts about such labor; now all the great newspapers of our country recognize such news as valuable, and that it is demanded by many of their readers; and not only that; they frequently call attention to such work on the editorial page, recognizing the importance of missionary labor and its relation to world politics and influence on it. I am led to these remarks by reading a recent editorial in the St. Louis Republic. Read it: "The supercilious citizen who has doubts about missions and the missionary spirit ought to drop in casually at the great Laymen's Missionary convention now in session at the Third Baptist church. "Many Americans, 1915 model, do not believe in foreign missions. These gentlemen go on in their indifference or opposition, serenely aware of the fact that they themselves are the direct descendants of persons who wore the skins of wild beasts and drank blood out of the skulls of their enemies, and that these ancestors of theirs were converted by missionaries from Italy and Asia in the days when it was further from Antioch or Rome to the forests of Germany than it now is from St. Louis to Shanghai. To make a case against foreign missions it would be necessary to blot out all the history. "No wonder the modern business man believes in missions. Business has learned of the missionaries. We read of American sewing machines in Turkish harems, American kerosene in transit across the mountains of China, American railroad cars treading the passes of the Andes and American rice mills—made in Moline, Ill., standing above the rice fields of Persia. All this simply represents the hopeless attempts of trade to catch up with the foreign missionary. A complete history of the economic development of the world can no more leave out Livingstone of Africa, Hamlin of Turkey, Judson of Burma, and Coan of Hawaii than it can leave out the Standard Oil company and the United States Steel corporation. The American trade expert goes everywhere, but he finds the footprints of the missionary wherever he goes. And the organizer of advertising campaigns, selling campaigns, and "follow-up" movements in the world of trade simply follows the methods of missions. Every citizen of the world today has a real, personal stake in the success of Christian missions. If you doubt this, think for a moment of the

tin shields on the cables of the ships from the tropics lying at the docks of New Orleans, just 717 miles from St. Louis. These are to keep rats infested with bubonic plague from leaving these ships and bringing the disease ashore in New Orleans. Bubonic plague flourishes among heathen populations. There is no city in the world where the natural laws governing public health are made efficacious by ordinances backed by public opinion, except where Christianity has prepared the way by popularizing the Christian conception of human brotherhood and unconscionousness of the individual. Those tin shields on those cables are a tribute to heathenism, and Christian missions are only another instance of "safety first". In Christianizing the world we shall incidentally rid ourselves of the menace of cholera, typhus and bubonic plague.

"The world of trade believes that all men are neighbors, and that the Chinaman, the Hindu, the Arab, and the Turk ought to be bound up in a circle of interest with us through the interchange of goods. Shall we have commerce in products and not in ideas? Shall the human element—the element that sends out "get acquainted" trains through St. Louis trade territory—be present when we trade with the man in Oklahoma City, but absent when we trade with the man in Peking?

"Cholera was threatening the region of Bombay. The British officials were nonplussed, for the natives believed that the sanitary squads purposed to desecrate their sacred places. The head of the province was appealed to. "Send for Dr. Ballantine," he ordered. When the American missionary went to the soldiers the resistance of the natives ceased. It is for our profit to send the native kerosene and sewing machines and cotton print goods and agricultural and milling machinery and antiseptic solutions. But shall we neglect to send him the Parable of the Good Samaritan and the missionary who turns it into modern practice? The Laymen's Missionary Movement says no."

I was willing to go, but just missed being a foreign missionary, and I have had a part in a few things affecting our country and the world; but of none am I more thankful than such as I have had in furthering the missionary cause in our own land and the wide world. The returns from such labor will pass current in the life beyond. OBSERVER.

CENTER POINT

Mr. Chapman and family have been attending the Mills-Huggins tent meetings at Wilder since last Wednesday evening. Misses Lulu and Mae Bowman of Boise are spending a few days in Centerpoint. Mrs. Alta McGuire spent Friday with her sister, Mrs. Lee Rowland of Upper Dixie. Centerpoint farmers are beginning to cut their second crop of hay. A number of the young people's class went to Wilder Saturday night to the Mills-Huggins meetings. They report an excellent sermon and feel well repaid for their journey in spite of the dust. Miss Lola Bowman spent one day of last week with her cousins, Mr. and Mrs. Lester Bowman. Miss Hadsell of Middleton was a guest of the Misses McGuire Sunday night. Singing practice will commence again Friday. It is to be held at the schoolhouse. Mr. Floyd Williams will take his place as chorister. Mr. and Mrs. Pennington went to Caldwell Sunday to see Mrs. Pennington's sister, Mrs. Rosenberger. Everyone was glad to hear that she was improving nicely. Mr. Floyd Williams postponed his Sunday night sermon in order that the people of Centerpoint might go to Wilder to the services there.

The Co-Op Store

(PHONE 190) Has steadily grown to the extent that it now ranks first in this part of the Pacific North West. The only store that sells everything according to quality. The only store that always pays all market permits for the farmer's products. The only store that does not employ accounts, collectors, and bookkeepers to handle book accounts. The only store that does not impose an enormous profit to defray the City Free delivery expenses. The only store that does not have several hundred dollars invested in fixtures. The only store that is doing an enormous business on a small margin of profit which would mean suicide to a small merchant.

Co-Op. Lumber Yard

(PHONE 167) The Big Lumber Trusts are after your and our meat house. They say the price of lumber must go up. We say it must go down and stay down as only two years ago when the people of Idaho, through our executive officers induced the Big Lumber Combine to take over a very valuable tract of timber for the fabulous price of \$100,000.00 which amounts to about 75c per thousand ft for our valuable timber. Continuous patronage of our yard will further lower lumber prices, which will protect you against enormous high prices. We must have more homes, granaries, barns, silos. You can build at these prices, shiplap, \$8.50; fir boards, \$18.50; lap siding, \$27.00; finish, \$35.00; pine boards, \$20.50; lath, \$3.90; shingles, 2.50. Silo sheeting, 11.00; 5 panel doors, \$2.00. Come and we will be glad to help plan your house, barn and other buildings.

Mrs. Ray Johnston and baby of Caldwell spent Sunday at the home of her parents. Mr. and Mrs. Fivecoat of this place. Mrs. Louise Sayre spent one day of last week with her sister in law Mrs. Lester Bowman. Miss Ora Mumford of Caldwell was a guest of Mrs. Alta McGuire the past week. A number of Centerpoint farmers are beginning to harvest their grain. Grandpa and Grandma Woodcock were guests of Mr. and Mrs. G. M. Fivecoat. Miss Bess McGuire came home Sunday evening from Boise where she has been spending the past week. A week from next Sunday is Mrs. Benedict's last day as minister to Centerpoint. The people of this Sunday school are invited to bring their dinner to the schoolhouse and take dinner with her and also spend the afternoon and evening. Centerpoint people have all enjoyed Mrs. Benedict's sermons the past year and will certainly regret that they must close so soon. Mr. and Mrs. Chapman and family had company from Notus last Sunday. Little Junior Maxey of Boise spent the past two weeks at the home of his grandpa, R. McCuire. Mrs. Warren Charleton of Snake river slope spent a few days of this week with her parents Mr. and Mrs. John Crawford. Mr. Alexander and son Albert were visiting Mr. and Mrs. Albert Hammer and family of Sunny Slope one day this week. The Banner Class of Centerpoint held a class meeting at the Alexander home Tuesday night. A number of games were played after the business was completed and a delightful luncheon was served. Partners for supper were obtained in a very interesting and unique way. The next class meeting will be held

at Mr. and Mrs. Lester Bowman's the second Tuesday in September, providing the president makes no change in the schedule. Mr. and Mrs. Lee Rowland of Fairview and Mrs. Rowland's little nephew, Junior Maxey, attended the Banner class meeting Tuesday night.

CALL FOR BIDS

Sealed Proposals, addressed to the Secretary of the board of Directors of the Caldwell Irrigation District, at Caldwell, State of Idaho, and endorsed "Proposals for Grading and Constructing the Mason Creek Feeder Canal, Pumping Plants, etc." will be received at the office of the Caldwell Irrigation District, at J. B. Wright on Canyon Hill at Caldwell, Idaho, until 8 p. m. of the 21st day of August, 1916, for the construction of the Mason Creek Feeder Canal, Pump House, Pumps, furnishing and installing pumps, Motors, Delivery pipe line, and all Accessories, and said proposals will be at that time publicly opened and read. Plans, Specifications, Forms of Proposal and other information may be obtained on application to the undersigned secretary of the Board of Directors of the Caldwell Irrigation District, or at the office of the Inland Engineering Co., Caldwell Idaho. Bids will be considered on all or any portion of the work. All bids must be submitted on Blank Proposal Forms Furnished by the District. A bond in the sum of twenty-five (25) per cent of the total cost of the work, bid, with some acceptable Surety Company will be required for the faithful performance of the Contract. Bidders must make personal examination of the work to be done. The right is reserved to reject any or all bids. J. W. SHEPPERD, Secretary of the Board of Directors, Caldwell Irrigation District, Caldwell, Idaho. 721-818

URIC ACID--GOING-GOING--GONE

"Anuric" Will Not Fail to Stop Your Backache.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, drowsy and many other serious disturbances. Doctor Pierce of Buffalo, New York, advocates that every one should drink plenty of pure water between meals. Every day should exercise in the outdoor air sufficiently to sweat profusely and from time to time stimulate the kidney action by means of "Anuric." This preparation has been thoroughly tried out in the "Sanitarium" in the same way as his "Serravallo's" for weak women and "Golden Medical

Discovery," the standard herbal system tonic, (both of which now come in tablet form for convenience of carrying and taking). "Anuric" is now being introduced here, and many local people are daily testifying to its effectiveness. When you have backache, dizzy spells or rheumatism, heed nature's warning. It means that you are a victim to uric acid poisoning. Then ask your druggist for "Anuric" and you will very soon become one of hundreds who daily give their thankful indorsement to this powerful enemy to uric acid. If you have that tired, worn-out feeling, backache, rheumatism, neuralgia, or if your sleep is disturbed by too frequent urination, get Dr. Pierce's Anuric Tablets at drug store, full treatment \$1.00, or send 10c. for trial package to Dr. Pierce, Invalid's Hotel, Buffalo, N. Y.
