

The Caldwell Tribune

VOL. XXXIII, NO. 45.

THE CALDWELL TRIBUNE, OCTOBER 13, 1916.

WEEKLY, \$2.00 PER YEAR

HIGH SCHOOL MAKES GOOD SHOWING IN FOOT BALL

The high school foot ball squad made an excellent showing in a spirited scrimmage against the College of Idaho eleven Tuesday evening, and Coach Houghton predicts that the season will bring forth another championship team for the high school this year.

The entire squad is made up of new timber but the boys have been working hard until they have developed unusual speed and accuracy for a high school eleven. They are beginning to handle the forward pass like veterans, and in the open style of play they are bound to offer a style of game that will be especially pleasing to the football fans. Coach Houghton predicts that this first game of the season will bring out some latent stars that the public knows nothing of, and that the usual shake up that follows the first game will present an eleven that will offer a formidable front to any team in southern Idaho.

Captain Elected.
At a meeting of the football squad early this week Joe Ewing was chosen as captain of the team. It is generally considered that the boys made an excellent choice in their captain as Joe has had more actual first team experience than any other member who has been in regular attendance at Caldwell high school. Whitson was elected manager.

Victrola Purchased for Washington School.
The Parent Teachers' Circle of the Washington school has been carrying on a spirited campaign to secure funds for the purchase of a Victrola for their building and this week a handsome machine was installed there as a reward for their efforts. This is the third machine that has been sent to the schools, all buildings possessing one excepting the high school.

Professor Beale to Talk.
At a meeting of the Washington Circle of the Parent-Teachers' association next Thursday afternoon Professor Beale will give a talk and demonstrate the use of the Victrola for school purposes. A large attendance is urged to hear this program as it will be very instructive as well as interesting.

Van Buren Circle to Entertain.
The Van Buren Parent-Teachers' Circle has undertaken a scheme to make their school more of a social center during the winter season. Next Monday evening they are inviting all the patrons and friends of that school to a fine program which will be presented. After this, there will be a social hour and refreshments served. They expect to receive a large crowd. This meeting is purely for social purposes and the invitation is open to all.

Manual Training Department Does Practical Work.

The Manual Training department of the high school is larger than ever before, the total enrollment being 124. Sixty-four are enrolled for woodwork and sixty in the mechanical and architectural drawing departments. One interesting fact about the enrollment is that over 20 per cent of it is girls, and they are taking an unusual interest in these practical courses. Mr. Burns, the head of the working department, is giving some of the students who are especially interested in the course in agriculture, some very practical work in making corn driers which are useful on the farm, instead of giving the entire time to making furniture. An effort is being made to correlate this department with the domestic arts and agriculture departments this year, more closely than it has been heretofore.

Boys Help Make New Class Room.
The manual training boys under the direction of the instructors of that department have erected a partition through the large room that was used for office and book room thereby making another class room of ample space and leaving a small room for the superintendent's office. The boys take a great deal of interest in this practical work, and at the same time it is a decided advantage to the district.

Take Many Prizes at Fair.
The schools took many prizes at the Idaho State Fair last week. Among them were the blue tickets for best exhibit of Sewing, Cooking and Manual Arts. There were also many individual prizes secured by high school students in these three departments. The grades secured second prize in their art work and several first prizes on individual entries.

Garden and Sewing Clubs Again Rewarded.
The garden and sewing clubs were again rewarded for the good showing they have made, carrying away the honors at this fair as well as the one at Boise. Caldwell is to be congratulated on the work done by the boys and girls in this line and every effort should be made to assist in the continuance of it.

Expert Corsetere at the Caldwell Dry Goods store, Wednesday October 18. A fitting does not obligate you. Get the services of an expert corsetere for future reference.

The Presbyterian Ladies' Aid will hold a cooked food sale at Hay-Boone's Saturday, October 14th. Everything good to eat.

GEM FARMERS SUBSTITUTE AUTOES FOR PATCHES

Good Crops and Good Prices Make Owyhee Farmers Happy.

F. E. Trotter, publisher of the Empire Press of Homedale, representative in the legislature from Owyhee county, and Republican nominee for re-election, was in the city Wednesday. Mr. Trotter visited Boise and other points before returning home.

He states that Homedale and vicinity are in good condition. Crops have been fine in spite of a shortage of water. Good prices prevailed and everybody is happy. Mr. Trotter said: "There are any number of farmers in the Gem Irrigation District sitting on the cushions of automobiles today who a year or two ago sat upon patches. Everybody did well and the evidence is at hand in automobiles, better farm house and farm buildings, more and better stock, better equipment and other improvements. Improvements in the irrigation system will materially reduce the cost of maintenance and henceforth our section will be on its feet financially."

Mr. Trotter is greatly interested in the proposed state highway between Caldwell and Jordan Valley. He, together with the people of Owyhee county, is also advocating the construction of five bridges across Snake river. He has hopes of putting this through. Owyhee county will do a part, Canyon a part and the state a part. This distribution of the burden will make it easy for all.

Mr. Trotter served faithfully and efficiently in the last legislature. He will be re-elected without fail.

W. R. WILKERSON RETURNS FROM VISIT IN TEXAS

Mrs. Wilkerson Will Return Later—Will Locate at Boise.

W. R. Wilkerson has been in the city a few days this week. He has just returned from Bells, Texas. Mrs. Wilkerson will not return until about the 25th of the month. They will locate in Boise where Mr. Wilkerson is general agent for Idaho of the Mutual Benefit Life Insurance company.

Mr. Wilkerson was troubled with a cataract on his eye. The cause of his trouble was removed and safely stowed away. After giving his eyes a short rest he is convinced that his sight will be as good as ever.

"Texas is very prosperous," said Mr. Wilkerson Wednesday, "the cotton growers are getting 15 cents a pound for their cotton. All other farm products are on the same basis. Conditions generally are good."

Mr. Wilkerson said that he was sorry that his business required him to move to Boise. He would much prefer to remain here where he has made his residence for the past 10 years. However, his new position is a very desirable one and a big promotion and he does not feel that he can afford to refuse it.

LATE TRAINS DELAY SUFFRAGE LEADERS

A fair sized crowd of disappointed women and a generous sprinkling of curious men gathered at the Huree theatre Wednesday afternoon to hear the much heralded suffrage leaders, Inez M. Boissevain and Sara Bard Field, who were scheduled to speak in this city. Owing to belated trains, the two speakers were unable to fill their appointment—hence the disappointed audience.

Miss Barker, a member of the touring party, was introduced by Mrs. W. A. Stone, and filled the difficult role of substitute in a most pleasing manner. Her plea, which is representative of that of the group of distinguished women now touring the west in behalf of nationwide suffrage for women, is from the unfranchised women of the south and east, asking their voting sisters in suffrage states to withhold their support from the Democratic party which has refused to stand for national suffrage by constitutional amendment.

Miss Barker accounted for the preponderance of suffrage territory in the west in two ways: there is a larger proportion of liberal-minded people in that section, and the constitutions of western states suit themselves more readily to changing conditions.

Indiana was cited as an example of the difficulty in amending state constitutions, a majority of all qualified voters being required to effect a change. In eleven other states, a majority of all votes cast is necessary, and in a dozen other no provision is made for calling an election to consider amendment. Where the legal requirements are not prohibitive, prejudice gets in some telling lies.

The speaker dwelt on the inconsistency of allowing foreigners with just sufficient residence to make citizenship possible the right to vote on the question of whether American born women shall have the right to vote at all in the land of their nativity. She cited the fact that the organized liquor interests have always been against woman's suffrage, leaving the inference that such attitude was complimentary.

Women have waited nearly 70 years for a hearing on this question and are just getting into a position to demand an answer. Because it happens to be the party in power, and because it has failed to recognize national suffrage as a paramount issue, the Democratic party is in decided disfavor with the unfranchised women of the nation, who are pleading for its further disfavor by all women voters.

Twin boys were born to Mr. and Mrs. H. G. Miller near this city, October 8th.

THE AMERICAN QUARTET.

Caldwell Lecture Course, first number, Wednesday, October 18, at Huree, 8:15 p. m. prompt. We have a few good seats left at Wyckoff Drug Store.

American Quartet Program. (Subject to Change)

Stars and Stripes	Instrumental Quartet.	Sousa
Long, Long Trail	Instrumental and Voices.	Witmark
Hark, the Trumpet Calleth	Male Quartet.	Dudley Buck
Lead, Kindly Light	Cello Solo	Dudley Buck
Simple Confession	Whistling Solo	Thome
Mexican Nightingale	Clayton Conrad	De Gorza
American Indian	Clayton Conrad	Crayon Conception
Salut d'Amour	Violin, Cello Piano.	Elgar
Hungarian Dance No. 6	Reading, L. E. Gilbert.	Brahms
Shooting of Dan McGrew	Male Quartet.	Service
Somewhere a Voice is Calling	Violin solo, L. E. Gilbert.	Tat
Boys of the Old Brigade	Clayton Conrad,	Selected
Polish Dance	Harry Thomson.	Witmark
Little Children of the War	Inst and Voices.	Band
Tenor Solo	Illustrated by Clayton Conrad	
Melody of Popular Songs	Inst and Voices.	
Perfect Day	H. U. Thompson, first tenor and pianist.	
	Cayton Conrad, second tenor, saxophone and cartonaist.	
	Paul Fairchild, baritone, cellist, whistler.	
	L. E. Gilbert, baso, reader, violinist.	

PEOPLE OF CALDWELL ASKED TO MEET TRAIN

Special Odd Fellows Train Will Stop Sunday Morning.

The special train carrying the Odd Fellows to the grand lodge of the order will be in Caldwell Sunday morning at 9 o'clock. The brass band will be on hand. A ten minute stop will be made in this city. The people of Caldwell are urged to be at the depot.

The coming session of the grand lodge will take up matters pertaining to the Odd Fellows' home which is to be built in this city.

ENTHUSE OVER PROPOSED ROAD

Plans for Caldwell-Winnemucca Highway Furthered at Club Session.

Plans for construction of the Caldwell-Winnemucca highway received a big boost at a meeting of the Commercial club Tuesday evening. Delegations of good size were present from Wilder and Homedale, and two or three enthusiasts from Malheur county, Oregon, also attended. These visitors told of progress of the highway movement in their sections.

J. R. Blackaby of Ontario said Malheur county stands ready to do its share toward making possible the proposed roadway. Reports received at this meeting and previously show that even greater progress in planning to finance the undertaking has been made in Oregon and Nevada territory than at this end of the route.

OWYHEE COUNTY TO CO-OPERATE.

The representatives from Wilder and Homedale showed the importance of the proposed road to their communities. They declared that Owyhee county stands ready to vote appropriations to cover half of the cost of as many as three new bridges across the Snake river if Canyon county will take similar action.

SOME FUNDS AVAILABLE.

Promises are said to have been obtained from the county commissioners to expend the portion of road money accruing in Caldwell territory subject to their disposition, in permanently improving one main road into the city. It is probable that they will be asked to expend these funds on the proposed road between here and Winnemucca. The commissioners leave the matter of selecting the particular route to be improved largely to recommendations of the Commercial club. It is to be the work of the committee selected Tuesday evening to make investigations and recommendations in this particular.

Aside from the voting in or 10 new members and transaction of routine business, the discussion of road matters occupied the entire session of the club.

A real estate deal of some dimensions affecting local parties was consummated last week, when J. A. De-ment, Sr., and son, J. A., traded their Caldwell residences and other city property together with a ranch south of town for a five-hundred acre ranch above Arrowrock. M. E. Curtis of Payette was the other party in the deal, and has already taken charge of his newly acquired property. Mr. De-ment, Sr., will make his home on the ranch near Arrowrock, while his son will remain in business in Caldwell, being associated with the Caxton Printers.

Mr. and Mrs. J. T. Brazill were Boise visitors Wednesday.

FRENCH BUY 250 HORSES.

Little difficulty was experienced by the agents of the French government in securing the 250 horses they came to purchase through the Caldwell market. About October 20 the French buyers are to return here for the purpose of obtaining that many more animals.

EIGHT-STORY BUILDING SHATTERED BY A BOMB

It Had to Be Done, in New Triangle-Collider Picture, and Thos. H. Ince Did It.

In the course of the action of "The No-Good Guy," a feature photoplay in which William Collier is starred on the Triangle program, one of the most genuine bomb explosions ever staged before the camera takes place, with a resultant wreck of an eight-story building.

It took producer Thomas H. Ince exactly one month to make that short scene possible. He hunted all over California, it seemed, to find a building about to be torn down that he could destroy for the sake of his Collier story; but none could be found for a long time. By keeping in touch with the Tenement Department, the Board of Fire Underwriters and the Board of Health, he at length learned of an eight-story concrete corner structure with a frontage on two streets of 100 feet each, newly erected but utterly condemned by the authorities because of some architectural defect.

Whereas Ince would not have been permitted to blow up most buildings because of possible damage to adjoining property, this structure had been poured almost as one piece in artificial stone, and absolutely required the use of dynamite. It cost Ince a good round sum to substitute his bomb for the explosive intended for use by the workers; but the deal went through, and the explosion did its work in highly satisfactory manner.

In the scene as it is shown by the camera, the building is rent asunder by an explosion that is seen to shoot upward through the eight floors and across in the side walls. And yet it occupies but five feet of film, which means eighty pictures running about four to the second, or something over a quarter of a minute. At the Bungalow, Tuesday, October 17th.

BOYS' AND GIRLS' CLUBS WINNERS.

The exhibits of the Boys' and Girls' Clubs of the county at the recent fairs was an eye-opener on this phase of modern education, the youthful competitors having delivered the goods of excellent quality and in attractive condition. The work of the clubs has been under the general supervision of Miss Fowler, county superintendent of schools, and W. T. McCall, county agriculturist, each club having its own local supervisor. The juvenile corn and potato growers outstripped their grown-up competitors at Boise, Nampa and Caldwell. At Nampa, the boys won first prize on red and yellow corn and second on white in the men's classes. At Boise they won first and third on yellow corn and second on single ear. At the state fair here they won first and third on white corn and third on yellow. All that hindered the boys from winning out on potatoes over the men was the fact that they did not send enough to fill the entry requirements.

In the cooking and sewing clubs, the girls carried off all sorts of honors. Miss Kate Moss of Pleasant Ridge winning the fifteen dollar prize for best cooker at the Boise fair for the best display of canned vegetables, not excepting those entered by experienced housewives.

The assistance of Miss Kelly of the University Extension has been invaluable to the cooking and sewing clubs over the county.

The pies that mother used to make and the corn that father used to grow must stand the test of modern, scientific methods.

LUNCHEON AND CARDS.

Mrs. Wyckoff and Mrs. Southward begin a series of parties at the home of the latter on Kimball this afternoon, with a luncheon at 1:30, followed by auction bridge. The decorations were white and yellow carnations produced especially for this occasion.

The guest list for today follows: Mesdames Ed Parker, G. G. Baker, Ruby, Shelby Zeh, Dyer, Hayden, Blondell, F. C. Boyes, Flynn, I. Andrews, Vining, Dorman, Steinbrook, Botkin, Gigray, S. J. Miller, J. S. Harrington, Holt, Scatterday, Brvan, Jackson, P. Kelly, M. L. Walker, Vanhynning, McClure, Lyon, T. F. Horne, Clifford, W. Oakes, Redway and Miss Canter.

These ladies entertain again on Saturday and on Thursday of next week.

COLLEGE FACULTY DINNER GUESTS.

Mrs. W. J. Boone and Mrs. H. D. Blatchley will entertain the faculty of the college and their wives at a course dinner Friday evening of this week at the Blatchley home on College Heights. Plates will be laid for 26 guests, and a delightful evening is assured.

SCHOOL WORK EXHIBITED.

The city schools are holding an exhibit this week from the various practical departments of modern education. The display which includes products from the domestic science and manual departments, also from the garden clubs under school supervision, is in the high school building. A list of awards and a fuller description of this education fair is due in next week's issue.

Mrs. R. A. Johnson underwent an operation at St. Alphonsus hospital Thursday of last week for the removal of a tumor. The operation was entirely successful and the patient is getting along nicely.

Mrs. Jack Riddle and two small sons returned late last week from an extended visit with relatives in the east.

EDITOR THE TRIBUNE ARRESTED CHARGE OF LIBEL

H. A. Griffiths, prosecuting attorney for Canyon county, began proceedings against J. L. Davis, editor of The Tribune, Monday, when Mr. Davis was arrested on a charge of criminal libel. The defendant was taken before Mr. Justice McVey, who fixed the bonds of the defendant at \$1000.00. The bonds were promptly furnished. The preliminary hearing will be held before Justice McVey at the city hall today at 10 o'clock.

Mr. Griffiths bases his charge on articles which appeared in the last issue of The Tribune. The articles in question told the story of the Huntzberry case as it occurred in the probate court; the action taken by a number of citizens of the community in asking that a special prosecutor be employed by the county commissioners to prosecute Huntzberry; the petition of the citizens of Caldwell who protested against the methods that had been employed; and editorial comment on the whole transaction.

SECOND LIBEL SUIT.

This is the second libel suit Attorney Griffiths has filed against The Tribune within the past few months. The first suit was a civil action wherein Mr. Griffiths alleged that he had been libeled by The Tribune and asked for damages in the sum of \$10,000.00. The first suit has never been brought to trial.

HUNTZBERRY CASE.

The Huntzberry case is attracting wide attention and not a little criticism. Huntzberry was accused of a crime against nature. He had been in the county jail for several months when Mr. Griffiths instituted insanity proceedings in the probate court. Huntzberry was found to be of unsound mind and committed to the asylum for the insane. The Tribune criticised the action that was taken particularly the method employed. Mr. Griffith felt that he had been injured and instituted criminal proceedings against the editor of The Tribune.

Mr. Griffiths has asked the Canyon County Bar association to investigate his official conduct. He has addressed the following communication to the association:

Caldwell, Idaho, Oct. 10, 1916. To the Canyon County Bar Association, D. D. Harger, President.

Gentlemen: Whereas, charges have been made by The Caldwell Tribune, of October 6, 1916, a newspaper of general circulation in Canyon county, that I have been guilty of corrupt practice likely to bring discredit upon this association and the Bar in general.

I therefore demand that you convene the Canyon County Bar Association for the purpose of investigating the truth or falsity of said charges, a copy of which are attached hereto, marked Exhibits "A", "B" and "C" and made a part hereof.

Very respectfully,
H. A. GRIFFITHS,
Prosecuting Attorney of Canyon County, Idaho.

EXTRAS FOR COMPANY G.

The committee from the Ladies' Auxiliary of Company G have been hustling for September dues in behalf of their charges on the border and the amount collected, including regular subscriptions and gifts totals \$31.25 for the month of September.

The Commercial Club undertook the work in July, but turned over their list of subscribers to the Ladies' Auxiliary. The list printed below is not complete as not all those who subscribed to this fund were called upon last month. An effort will be made to reach all who may care to add to this fund whether as regular or as desultory subscribers, next month and as long as Company G remains on duty. The money will be applied on delicacies and comforts not covered by the meagre allowance dealt out by Uncle Sam to his volunteer guardsmen.

The names of regular subscribers and one-time donors visited by the committee last month is as follows:
Monthly subscriptions amounting to \$22.25.

E. H. Plowhead, L. Harding, N. E. Wright, Harry Froman, Mrs. Sarchet, M. H. Gibbons, H. R. Cleaver, F. F. Feuling Variety Store, F. D. Mumford, Fred Boyes, W. S. Gorden, F. D. Miller, L. A. Harmon, W. E. Springer, Sutton & McArtor, W. L. Girard, J. D. Kelleher, John Davis, Caldwell Plg. & Htg. Co., W. A. Stone, Joe Kahn, W. A. Cowden, H. J. Zeh, Vanhynning Co., Golden Rule Store, J. W. Sneed, M. Alexander Co., Thomas Tarr, Fritz R. Miller.

Irregular gift to Co. G. amounting to \$9.00.
H. A. McCulloch, J. L. Magee, W. P. Bales, N. C. Gorden, Frank Weaver, Ike Waters, Wyckoff Drug Co., W. H. Maxey.

Mrs. Wm. F. Schnabel returned to Caldwell on Tuesday after a most enjoyable visit to Mrs. Riley M. Horn at "The Hole in the Ground" ranch on the Owyhee, and Mrs. Lee Strode on the Strode ranch on Succor creek.

C. H. Moore was a visitor in the city from Nampa, Thursday.
