

**IDAHO NEWS.**

President Roosevelt remained two hours in Wallace.

Beginning May 31, the steamer Georgia Oakes will make Sunday trips around Lake Coeur d'Alene to accommodate excursion parties and campers.

A rate of one fare and a third is announced to Lewiston on the occasion of the Red Men's carnival there, June 1-6.

In the Nez Perce prairie it is believed the aggregate yield of grain this year will be fully 25 per cent greater than ever before.

The Rocky Mountain Bell Telephone company will make improvements in the telephone system at Wardner to the extent of \$1000 or over.

The souvenir presented to President Roosevelt on his visit to Wallace was a small pyramid consisting of galena, copper, silver, gold and quartz.

Three sales of this year's wool clip, aggregating 85,000 pounds, were made last Saturday at Lewiston to F. E. Green, representing Boston manufacturers.

Petitions have been circulated and have received 1000 signatures asking that a daily mail be established between Lewiston and Cottonwood and Grangeville.

Charles A. Dunn of Wallace, who received the appointment to Annapolis by United States Senator W. B. Heyburn, has received word that he passed the examination.

The body of Charles Miller, who was drowned in Salmon river on December 8, 1902, has been found. It is now thought that he committed suicide while despondent.

George Forester, a veteran of the civil war, 60 years of age, died at Orofino recently after a lingering illness. He served in Company E, Forty-eighth Wisconsin infantry, during the rebellion.

During a fight Sunday afternoon after the baseball game between Boise and Nampa at Nampa, James F. Quarles, colored, of Boise shot Special Officer John N. Grogan through the shoulder. Henry Williams, a Boise bartender, went to the assistance of Quarles and was attacked. The fight started over an attempt by a Boise player to apologize to a Nampa player for spiking him.

F. E. Johnnes, superintendent of the Thunder Mountain road, has let a contract for building it to the Northwestern Bridge & Construction company of Boise, for \$36,000.

A new passenger boat is being built to ply on lake Coeur d'Alene and to the head of navigation on the St. Joe and the St. Maries rivers. It is expected she will be able to make 15 miles an hour. She will be completed in about two months.

Work on construction of the tramway from Summit to Lenore will be commenced in June. This tramway will be over 13,000 feet in length.

The result of voting for queer of the carnival at Lewiston resulted in the election of Miss Nyda Mounce, nominated by the Artisans, receiving 5572 votes.

The ferryboat on the North Fork of the Clearwater at Ahsahka, which broke loose a week ago, is still out.

Announcement is made that the Kettbach Grain company has completed arrangements for taking over the grain and warehouse business of Kerr, Gifford & Co., in the Clearwater country, and that the transfer will be made at once.

Seventy-five thousand acres of arid land will be reclaimed and opened for settlement in Idaho as the result of a deal which has been consummated in Salt Lake, when the American Falls Canal & Power company concluded arrangements for completing its canal in Idaho. The contract was awarded to Lyman Skeen of Ogden for the construction of the entire canal system. The cost of this work, exclusive of headgates, etc., will amount to \$235,000. More than 100 men will begin construction work this week, and within 90 days it is believed water can be delivered upon 8000 acres. The company's canal is taken out of the Snake river, about 12 miles above the town of Blackfoot, in Bingham county, and runs southwest 58 miles. It terminates just below the American falls, where it discharges its surplus water back into the Snake river.

**KILLED BY EXPLOSION.**

Son of Proprietor of Leather Dressing Business.

Gloversville, N. Y., May 26.—The police are investigating an explosion that occurred at midnight and the sudden death of the son of the proprietor of a leather dressing establishment of this city. The explosion took place in an outbuilding in connection with the leather dressing plant of Millis Bros., containing dangerous explosives, used in the preparation of certain kinds of leather. Following the explosion a man with his clothing afire was seen to hurry from the building. Later a physician was summoned to the residence of Michael J. Kennedy, senior member of the firm of M. J. Kennedy & Co., leather manufacturers, and today the death of the former's son, John Kennedy, was announced.

The family refuses to give out any

information concerning young Kennedy's death other than that at an early hour Sunday morning he appeared at his father's home and said he had met with an accident.

**Tracks Washed Out.**

Chickasaw, I. T., May 26.—A severe rain and wind storm has passed over Chickasha and through the Washita valley, causing more or less destruction. The damage is confined mostly to the Rock Island and Frisco railroads. Two Rock Island bridges over the Canadian and Washita rivers were washed out, carrying over 800 feet of track with them and effectually blocking traffic.

A northbound Rock Island passenger train ran into a washout five miles north of Chickasha and left the track. Several passengers were slightly injured, but there was no loss of life.

**Jumped From Brooklyn Bridge.**

New York, May 26.—An unknown man, sitting in a car crossing Brooklyn bridge suddenly alighted when the car was in the middle of the center span, and running to the side of the bridge, jumped into the river. He threw his hat in the air at a fireman who tried to seize him as he stood poised on the edge of the trestlework, and then dived headfirst, holding a lighted cigar between his teeth. His body rose to the surface immediately after the plunge and was carried away by the current.

**C. H. Keep Appointed.**

Washington, May 26.—The appointment of Charles Hallman Keep as assistant secretary of the treasury to succeed Milton Ailes, who recently resigned to accept the vice presidency of the Riggs National bank, is announced at the treasury department.

**Increases Donation.**

Bloomington, Ind., May 26.—John D. Rockefeller has offered to increase his donation to the student building fund of Indiana university from \$30,000 to \$50,000 on condition that a fund of \$50,000 be raised from other sources.

**Spokane Market Quotations.**

Eastern Dressed Meats—Steers, 9c lb; cows, 8 1/2c; veal, 10@12c; hogs, 9@10c; chickens, 16c.

All is not fried that fritters.

**WASHINGTON ITEMS.**

The commencement exercises of the Yakima high school will be held on the evening of June 4. There are 16 members in the class, 10 of whom are young ladies and six young gentlemen.

Senator George Turner will leave Spokane about the first of June for London, England, to sit as one of the members of the Alaska boundary commission.

At the new Walla Walla race track, new under construction, work is progressing favorably, with about 16 teams at work and a large force of men. It will still require about a month before the track is properly leveled and graded into shape.

The President while in Spokane broke ground for the S. A. A. C. building at south end of Monroe street bridge and turned the first sod for Masonic temple at Riverside avenue and Madison street.

A. G. Brojack, fireman on the Olympia-Hoquiam logging train, leaped from his cab window as the engine was passing a train standing on the switch at Olympia recently and was struck on the head. He was hurled to the ground and received injuries which resulted in his death.

A 70 pound salmon was one of the features at Senator Ankeny's banquet to President Roosevelt. The fish was caught in the Columbia river.

Word has been received that Duncan McRae of Asotin has disappeared. Mr. McRae left Asotin in company with a party of Asotin people on a trip to California. In the party were W. J. Clemens and wife. He disappeared while the train was crossing the mountains in northern California.

James E. Bates, aged 75 years, and a pioneer of Chelan county for 31 years, died recently at his home in Mission after an illness of severe suffering of three weeks.

Deputy Sheriff Stewart of Whitman county has made what is believed to be an important arrest near Klamath Butte, where he captured "Bob" Hamilton, alias Hofer, charged with stealing a horse and saddle from G. M. Charles, a liveryman of Farmington April 29.

People of Clealum were delighted that President Roosevelt made a short address there. One thousand miners came down from Roslyn on a special train. The day was a general holiday in the coal mines. The company had agreed to suspend work for the day.

Two men were stabbed, several others were beaten insensible with blows from baseball bats and 20 people engaged in a rough and tumble battle in which knives, bats, bricks and stones were used, following a baseball game last Sunday between the Tekoa team and the Rockford nine at Rockford.

**TROOPS AT COURT.**

Makes a Gatling Gun to Preserve Order.

Jackson, Ky., May 26.—A battalion of troops, numbering 120 men, with a Gatling gun, has arrived here to preserve order in the town and about the courthouse during the investigation of the assassination of James B. Marcum, the last victim of the Hargis-Cockrell feud. The troops arrived on a special train from Lexington and at once pitched camp near the center of town. Traveling on the special train with the soldiers were County Judge Hargis and his brother, State Senator Alex Hargis, the two most prominent members of the family. Another passenger was Judge Mach, who is regarded as the most important witness summoned to testify before the special grand jury as to the assassination of Marcum.

Public opinion is divided as to the probability of indictment or conviction of marcum's assassin as a result of the work of the special grand jury, which will be impeached.

Curtis Jett, who is under arrest at Winchester charged with the crime, will not ask for a change of venue if indicted and returned to Jackson.

**Tornado at Guthrie.**

Guthrie, O. T., May 26.—A tornado struck Foss, a town of 200 inhabitants in western Oklahoma, at 5 o'clock in the morning, completely destroying 13 residences and wrecking many out-houses. Three persons were killed and a number injured, one seriously. The dead are F. M. Slagle, wife and daughter.

The cloudburst reported at Yukon completely inundated the Canadian valley, causing great damage to crops and stock, but no lives are reported lost. A tornado struck Anadarko late Saturday night, demolishing five residences and several smaller buildings. No one was hurt. The blow was followed by a hard rainstorm, and the Wichita river is on a tear and rising steadily.

This vicinity was again visited by another deluge, making the 24th consecutive day of rain. The Cimarron and Cottonwood rivers are now at the danger point.

**Tornado.**

Rolfe, Ia., May 27.—The business portion of the town has been visited by a tornado. Chile, a laundryman, was killed and one child was fatally and several persons seriously injured.

**SOCIETY WRECKED HER HEALTH**

Tired, Nervous, Aching, Trembling Sleepless, Bloodless.

Pe-ru-na Renovates Regulates, Restores.

A Pretty New York Woman's Recovery the Talk of Her Numerous Friends.

Mrs. J. E. Finn, 82 East High street, Buffalo, N. Y., writes: Peruna Medicine Co., Columbus, Ohio.

Gentlemen—"A few years ago I had to give up social life entirely, as my health was completely broken down. The doctor advised a complete rest for a year. As this was out of the question for a time, I began to look for some other means of restoring my health.

"I had often heard of Peruna as an excellent tonic, so I bought a bottle to see what it would do for me, and it certainly took hold of my system and rejuvenated me, and in less than two months I was in perfect health, and now when I feel worn out or tired a dose or two of Peruna is all that I need."—Mrs. J. E. Finn.

**Catarrh Causes Female Diseases.**

America is the land of nervous women. The great majority of nervous women are so because they are suffering from some form of female disease. By far the greatest number of female troubles are caused directly by catarrh. These women despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable. The greatest obstacle in the way of recovery is that they do not understand that it is catarrh which is the source of their illness.

In female complaint, ninety-nine cases out of one hundred are nothing but catarrh.

Peruna cures catarrh wherever located.

Mrs. Finn. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, for free advice.

W. H. STOWELL & CO. Assayers and Assayers' Supplies, SPOKANE, WASH.

**Trade Report.**

R. G. Dun & Co.'s Weekly Review of Trade last week says: Weather conditions and the labor situation are the dominant influences in the business world. Unseasonably high temperature at many points, especially in the east, stimulated retail trade in wearing apparel and other summer merchandise to an unusual degree, but had a most unsatisfactory effect upon vegetation, which was promptly reflected in diminished orders for supplies, and in some cases there were cancellations. More conservatism was also shown in the interior, where agricultural progress met with a check, and while no serious injury to the great staple crops is yet reported, the delay to planting induces caution among dealers.

On the whole, there are fewer wage earners voluntarily idle, yet the spirit of unrest has caused the abandonment of some new enterprises and postponement of others, which means less de-

mand for structural materials and labor. Payments are also less prompt, time often being asked where formerly cash transactions for a slight discount were the rule. Aside from these two adverse factors, the trade situation is favorable, and with average weather and industrial peace there is every prospect of continued prosperity throughout the country. Manufacturing plants are generally well occupied, especially in footwear, iron and steel. Traffic on the railways is heavy, earnings thus far reported for May exceeding last year's by 13.6 per cent and surpassing 1901 by 25.7 per cent. Failures were 191 in the United States and 14 in Canada.

**LATE NEWS ITEMS.**

The Canadian Pacific railway has completed the work of building a temporary track across the big rockslide at Frank.

The Train Dispatchers' Association of America will hold its convention in Nashville June 16.

Alexander Bawks was drowned on a log boom in Newman's lake, near the Idaho line. Bawks was a young man recently returned from the Philippines.

**Chronic Sores Eating Ulcers, Upon the System.**

Nothing is a source of so much trouble as an old sore or ulcer, particularly when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple, and are a threatening danger always, because, while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic, slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so persistent and unsightly and detract so much from one's personal appearance.

**SORES ON BOTH ANKLES.**

Gentlemen: About ten years ago a small sore came on each of my ankles. It grew into the places and they became large, eating ulcers, and I suffered intensely for nearly ten years. I had spent more than \$500.00 trying to get well when I chanced to see S. S. S. advertised in a Memphis paper. I began to take it and was cured. My limbs have never been sore or given me any pain at all since. I have recommended S. S. S. to a great many people, and am now giving it to my nine-year-old son for Eczema. During my long sickness I was living near Memphis, Tenn., but have since removed to Kansas City, and am now residing at No. 614 East Sixteenth Street.

Mrs. E. A. HARRIS, Kansas City, Mo.

Middle aged and old people and those whose blood is contaminated and tainted with the germs and poison of malaria or some previous sickness, are the chief sufferers from chronic sores and ulcers. While the blood remains in an unhealthy, polluted condition healing is impossible, and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the sore is but the outward sign of some constitutional disorder, a bad condition of the blood and system which local remedies cannot cure. A blood purifier and tonic is what you need. Some-

thing to cleanse the blood, restore its lost properties, quicken the circulation and invigorate the constitution, and S. S. S. is just such a remedy.

S. S. S. reaches these old chronic sores through the blood. It goes to the very root of the trouble and counteracts and removes from the blood all the impurities and poisons, and gradually builds up the entire system and strengthens the sluggish circulation, and when the blood has been purified and the system purged of all morbid, unhealthy matter the healing process begins, and the ulcer or sore is soon entirely gone.

S. S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, external or internal, write us about it, and our physicians will advise you without charge. Book on "The Blood and Its Diseases" free.
