There will be preaching services at
the Presbyterian church next Sunday
both morning and evening there being
no services in the Methodist church in
the evening. The evening service will
be patriotic in their nature in com-
memoration of the great national holi-
day. The choir has been practicing
some special music and the address by
the pastor will be on "The Phases of
the constitution that have made Our
Country Great".

The Kendrick Brick company have
shipped a number of car loads of brick
to Lewiston this week and are busy
preparing another large kiln for burn-
ing. This enterprise works about 10
men steady all the time which repre-
sents a pay roll of about \$600. a month
The plant is in fine condition and has
enough clay in sight to last it for a
number of years.

The Svea Fire insurance company
has been added to the Kendrick
Realty Co's list and has many advan-
tages which will please prospective
risks. Ask the company about some of
them

Many of our citizens are undecided
yet where they will spend the Fourth
but it is likely many will go to Gold
Hill, some to Moscow while the great
majority will remain at home. The
rains we have been having will damp-
en the spirit of many of these celebra-
tions and keep many at home who
otherwise would attend.

Miss Abba Smith returned yesterday
from her Peck outing.

Howard and Fred Dent returned
yesterday from Spokane, where they
have been attending business college.
They will spend a couple of weeks va-
cation ere the return to their studies.
Last evening a surprise party greeted
them and a crowd of some thirty-four
young people made the evening hours
and their return home, a pleasing fea-
ture. Games and amusements were
enjoyed till eleven when an elegant
lunch was served by their mother,
Mrs. LaBole, shortly after which the
merry crowd broke up.

H. P. Hull has a sign over the front
of his store which is a credit to any
one. It is the sign which run across
the front of his store in plain bold let-
ters, telling concisely about his wares
general merchandise etc. E. Clem is
the artist and it is just about as good
a job as will be seen any where round.

One of the most important deals
made here in some time is the sale by
M. C. McGrew of his residence in the
south part of town to Henry Wessels.
It is Mr. McGrews intention to move
his family to Walla Walla Wash.
where they can enjoy greater educa-
tional facilities. No change in his firm
or business interests will be made, but
he will take more time out of the store
during the dull seasons than he has in
the past.

Miss Ivy Crocker is enjoying her va-
cation by a visit with her parents and
many friends in this section.

No man or woman in the state will
hesitate to speak of Chamberlains
Stomach and Liver Tablets after once
trying them. They always produce a
pleasant movement of the bowels, im-

ard of quality for 70 years.

We with pleasure received from
the American type foundry last
week an elegant sample book of
type and forms, which is muchly
appreciated. This company is
fully alive to its motto of "Every
thing for the Printer", and their
Spokane manager, A. D. Alexander
knows how to bring it before us.

The agreement of the merchants to
close their places of business at 6 o'clock
went into effect Wednesday. There
has been a general adherence to the
agreement and we have confidence in
our merchants that all will live up to
its terms though it may take some
time for merchants and customers to
adjust themselves to the new order of
things. It is needless to say that the
clerks are smilingly happy and already
have a new look on their faces. The
customers of these various business
houses have it in their power now to
continue forever this custom of early
closing if only they will refrain from
asking admittance after six o'clock.
The man that asks it should either
have a clear case of emergency or some
other potent reason.

The Kendrick ball team went to Jul-
ietta last Friday afternoon where
they had a stiff game of ball with the
nine of that place. There was some
good playing on both sides but the
Kendrick team came og victors to the
tune of 12 to 14. A third game will be
played here some between the two
teams to settle the supremacy between
them.

Co about Binding Twine.

We are sorry to state that the shade
tree just in front of the Gazette office
which lent a shade to the building es-
pecially the upper story, blew down
Wednesday afternoon and on examina-
tion was found to be dead at heart, only
the sap and bark giving the branch-
es life, thus when the wind struck it
just right, it keeled over and is now no
more.

Prof. Barackman returned Wednes-
day from the Coeur d'Alenes. As a
member of the examining board of
teachers which appointment he has
received we appreciate the honor he
has conferred on the district.

For a lazy liver try Chamberlain's

vigorate the liver, aid the digestion,
regulate the bowels and prevent bilious
attacks. For sale by A. C. White & Co.

The Kendrick Juniors went to Lewiston
Saturday afternoon to cross bats
with the Junior team of that place.
The boys played a good game but were
beaten by a score of 8 to 16. Our boys
claimed that several experienced and
older men were run in on them so that
it made the game decidedly one sided
though the Kendrick boys got in to-
wards the last and did some good work.

LOST: A child's red cloak, Finder
rewarded suitably. W. W. Trumbull.
(can leave at this office)

This perhaps would be a wise thing
to do and the matter was referred to
the street and alley committee. In
the matter of the upper pond it seems
to us it would have been a wise thing
on the part of the council to have grant-
ed the request of Messrs Crews and Mc-
Crea to fill up this pond rather than
proceed as at present. We think the
city would have been a decided gainer
and an unsightly spot removed.

Lewis Hunter who was appointed a
committee by the K. of P. lodge last
week to solicit subscription for the
Heppner relief fund has secured be-
tween seventy five and a hundred dol-
lars for this purpose and it will be for-
warded immediately to the proper au-
thorities.

We will have the best Binding
Twine at lowest prices.
McCrea Bros. & Co.

The city council is draining the two
ponds of water on main St. the one at
the lower end of town and the other at
the upper. The street commissioner
has completed the draining of the one
at the lower end of town and is now
busy digging a trench for the upper
one. In many ways we are glad to see
these ponds drained but we doubt if
the matter has been undertaken in the
right way or the proper time. Not
enough money has been expended to
thoroughly dry them up and it seems
to us it would be better to leave them
as they were than to make a half job
out of it. A. P. Hamley presented a
remonstrance against the draining of
the lower pond at the meeting of the
council Wednesday night. Mr. Ham-
ley is anxious to have the pond left as
it is or desires the city council to put
in a head gate so as to control the
water better permitting it to run off
in case of a flood as formerly.
