### Do You Enjoy What You Eat?

You can eat whatever and whenever you  
like if you take Kodol. By the use of this  
remedy disordered digestion and diseased  
stomachs are so completely restored to  
health, and the full performance of their  
functions naturally, that such foods as would  
be one into a double-bow-knot are eaten  
without even a "rumbling" and with a posi-  
tive pleasure and enjoyment. And what is  
more—these foods are assimilated and  
transformed into the kind of nutriment that  
is appropriated by the blood and tissues.

Kodol is the only digestant or combination  
of digestants that will digest all classes of  
food. In addition to this fact, it contains, in  
assimilative form, the greatest known tonic  
and reconstructive properties.

Kodol cures indigestion, dyspepsia and all  
disorders arising therefrom.

**Kodol Digests What You Eat  
Makes the Stomach Sweet.**  
Bottle only. Regular size, \$1.00, holding 2 1/2 times  
the trial size, which sells for 50 cents.

Prof. Herman and C. A. Brown of  
the Allen & Gilbert-Ramaker Co. left  
here Wednesday for Lewiston, stop-  
ping at Julietta for a couple of days.  
They left an efficient agent for their  
company however in the person of L.  
A. Kerr.

Work was commenced this week on  
the repairs to the schoolhouse. A  
white coat will be put on two rooms  
and fine cement blackboards put in,  
which will be greatly appreciated as  
the old ones were badly damaged.

Jess Collins was up from Lewiston  
Monday on a visit to his family.

#### Not over-Wise

There is an old allegorical picture of  
a girl scared at a grass-hopper, but in  
the act of heedlessly treading on a  
snake. This is paralleled by the man  
who spends a large sum of money build-  
ing a cyclone cellar, but neglects to  
provide his family with a bottle of  
Chamberlain's Colic, Cholera and Di-  
rrhoea Remedy as a safeguard against  
bowel complaints, whose victims out-  
number those of the cyclone a hundred  
to one. This remedy is everywhere re-  
cognized as the most prompt and reli-  
able medicine in use for these diseases.  
For sale by A. C. White & Co.

#### Notice of Dissolution

between D. T. A. Mackintosh and H.  
W. Weber under the firm name of

solved by mutual consent, H. W.  
Weber retiring. All accounts due the  
firm of Mackintosh & Weber and the  
Kendrick Gazette and all indebted-  
ness of the firm and paper above  
named, is assumed by D. T. A. Mack-  
intosh, who will continue the publica-

Dysentery Cured Without the Aid of a  
Doctor.

"I am just up from a hard spell of  
the flux" (dysentery) says Mr. T. A.  
Plumer, a well known merchant of  
Drummond, Tenn. "I used one small  
bottle of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy and was cured  
without having a doctor. I consider  
it the best cholera medicine in the  
world." There is no need of employ-  
ing a doctor when this remedy is used, for  
no doctor can prescribe a better medi-  
cine for bowel complaint in any form  
either for children or adults. It never  
fails and is pleasant to take. For sale  
by A. C. White & Co.

Wednesday there were all kinds of  
reports circulating about town about a  
big fire on Ross Hoffman's place on the  
Potlatch. Rumor had it that his  
grain fields, house, barn and all his be-  
longings had burned up. It is the old  
song of distance leading enchantment  
to the view. On closer investigation  
it was found that an old straw stack  
had burned and a few straws of stand-  
ing grain. The house and barn stood  
as securely as the day on which they  
were built. However the fire which  
caught from a threshing engine might  
have been serious if it had not been  
promptly attended to. We are glad for  
once that there was nothing in the  
alarm and wish that it were so in every  
case.

Frank Jenkins of Pine creek brought  
us in a fine mess of sweet corn the  
other day which he raised from some  
of the government seed sent to this of-  
fice last spring for distribution. Mr.  
Jenkins promised us at the time that  
he would remember us, and he has  
kept his word. From actual taste we  
pass judgment on this corn as par ex-  
cellent and the best of sweet corn. The  
seed was evidently all right and so is  
the care that has been given it. Mr.  
Jenkins has our thanks.

The Vollmer Clearwater Co. have  
their tramway in good shape now for  
receiving grain. They finished splic-  
ing and lightening the cable Monday  
and Wednesday began sending down  
the grain. From now on they will be  
kept busy as the crop has begun to  
move. They are employing a larger  
number of men this season than for-  
merly and are also putting some re-  
pairs on the flume, repairing the in-  
take and preserving the water.

F. W. Kettensch, mgr of the Ket-  
tenbach Grain Co., narrowly escaped  
death Monday. Himself and son were  
hunting, they separated to cover the  
ground and as a bird raised, flying to-  
ward Mr. Kettensch, the boy fired,  
most of the shot going over his father,  
but a quantity embedding in his  
left shoulder and breast, while four  
struck his head near the left temple.  
Assistance was called and Mr. Ket-  
tenbach is now resting easy at his home  
in Lewiston.

W. E. Heyburn, United States Sen-  
ator from Idaho, was married last  
week to Miss Gheratine Yeatman of  
Chester county, Penn. It seems that  
Senator and Mrs. Heyburn were old  
time lovers and the marriage last week  
was the consummation of years of  
waiting and romance. All's well that  
ends well and we congratulate the sen-  
ator on his good fortune.

W. F. Lyon, Wilford Allen and Ar-  
thur Bryan, all of Pullman, gave this  
office a pleasant call yesterday. They  
were on their way to the mountains  
for a vacation of several weeks, having  
arrived from Pullman Wednesday.  
Mr. Allen is editor of the Pullman  
Herald, Arthur Bryan is a son of the  
president of the agricultural college  
and Mr. Lyon is in business at that  
point. A more agreeable and pleas-  
ant set of fellows we have not met for  
some time.

Martin Thomas commenced this sea-  
son's threshing last Monday on Ameri-  
can ridge at Charles Jessups. Martin  
has a fine machine and good crew and  
from this on until October will be kept  
pretty busy. The wheat on American  
ridge is yielding better than for years  
past and is of fine quality.

Lewiston is to have her regular an-
