Wait till you see the caste of the coming Home Talent Dramatique Troupe.

Mr. Barnum, who is now in charge of the cold storage for White Bros. of Lewiston, reports things lively in his section. With the fruit packers, the handling of the fruit and the shipping quite a crew is represented, and we know that the manager is not wasting many minutes. The business is being conducted on a business plan and we believe will give satisfaction to the fruit growers.

Pearl and Lillian Davis left Saturday for Moscow where they will attend the University this winter.

C. D. McCloud is packing some four carloads of pears which his firm has secured on Little Bear ridge.

Don't forget the prices at McGrews.

Mr. Collins Perryman and Mr. P. Simmons of Juliaetta were in Kendrick yesterday on business. Mr. Perryman is considerably crippled up with the rheumatism but is still full of life and vigor.

A car load of pears was shipped from the cold storage this week. At present there are eight packers busy packing prunes and fall apples though the fruit is not coming in very fast. So much damp weather has retarded the ripening. The frost and hot sun however the past few days will ripen the fruit in this section faster than it can be cared for.

The Misses Kalko of Juliaetta were in Kendrick yesterday doing some shopping.

Wm. Depew has retired from McGrew's store and will probably accept a position in Lewiston, shortly.

Did you notice H. P. Hull's ad this week? Also the one of H. W. Weber?

R. M. Walker and C. M. Keep left Thursday for a few days outing and hunting on the reservation.

Mrs. D. B. Mackintosh accompanied by her little granddaughter Mary Hedges left this morning for Walla Walla where they will visit at the home of M. C. McGrew.

FRIDAY, SEPT. 18 1903.

The hum of the threshing machine was again heard in the land yesterday after having been silent for about a week. To the farmer this is the sweetest music on earth especially after such gloomy weather as we have been having and the consequent scare. It looks as though now we would have fine weather for a few weeks and in a short time everything will be safe so far as crops are concerned.

Local company is preparing to give a play in a few weeks here for the benefit of the school. The play is under the direction of Mr. Ed Demers and A. C. White, both of whom have had some experience in such work. The members of the company are all of Kendrick and no doubt the entertainment will be first class in every particular. They began rehearsing last night. For more particulars watch our columns a little later.

Mrs. Davis and little boy who have been sick at the Pacific Hotel for a couple of weeks are now recovering. It is thought that the little boy was poisoned by eating green apples and at one time his life was despaired of. The family is a new arrival in our midst, Mr. Davis being an electrical engineer.

Ollie Roberts and J. H. Ghormley of Chicago came in from their hunting trip to the head of the Locksaw Tuesday evening having been gone about four weeks. They had a fine time while out but were partly disappointed.
