SCHOOL NOTES

The enrolment is increasing right along and the high school class will be the largest yet in Kendrick. It is now composed of 15 pupils, mostly from outside points. Quite a number in town will join later.

Miss Hunter, owing to the lack of seats has been forced to dismiss the first and second grades, until the same arrive, but this will be in the end a benefit as it will give her a chance to learn the character and traits of her pupils better than she otherwise would and the loss in time to the little tots will not work a hardship to them or their teacher.

The teachers and scholars have taken a considerable pride in their clean and pleasant looking surroundings and with the assistance of the scholars have decorated the walls, curtained the windows and adorned the rooms. Thus a pride, an esprit de corps is engendered and cultivated, which can only benefit the pupil and cause heartier effort to study. The expense incidental to this work is not taxed to the district but is paid for by the scholars and pupils and they are looking to the "Uncle from New York" to pay for the larger portion of the expense.

He Learned a Great Truth.

R. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by White & C.

FOR SALE:- One good 3 1/2 in. Mitchell wagon, in good running condition, also a cow and calf. Inquire of Joe Davis, Kendrick, Ida.

A Perfect Painless Pill

Is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are DeWitt's Little Early Risers Bob Moore of Lafayette, Ind. says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by F. M. Snyder, Leland and White & Co Kendrick, Idaho.

Ran a Ten Penny Naic Through His Hand.

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the tablets.—Holy Bros. merchants, Long Branch, Mo For sale by White Co.

From the Flour Mill

The Kendrick Mill Co's "Idaho Best Product" flour is now on the market, it can be bought of any of our merchants and for good bread cannot be surpassed by any mill in the country. We have tried it and know whereof we speak. Remember that the export wheat is not sold in the local market, only the best grade and best milled is put on the local market and there is no fear but what it will give perfect satisfaction. When you want a sack of flour call for the "Idaho Best Patent" and then you will not be sorry. Its guaranteed and what is more is living up to it.

German Lutheran Notes.

At a congregational meeting held in the Cameron church Wednesday evening, Rev. Hopf was released at his request and a call tendered Rev. Geo. Finke, late of Farmington.

Rev. Hopf has accepted a call from Endicott, Wash. and will leave for their shortly.

The conference of the church held at Juliaetta was a very satisfactory session. A good attendance of the lay members was noted and also a goodly number of the ministers. Important business along religious lines was transacted and a discussion affecting the good of the fields in this district.

We are in position to receive your beans and potatoes, and will pay the highest market price as well. Come and get bean sacks. Sold at market price. We will also store and load your produce at 50c per ton.

White Brothers at Cold Storage

The Wheat Jauggernaut.

The little girl of W. W. Johnson narrowly escaped serious injury and death last Monday. She was standing on the brake beam of her father's wagon when the team started and she fell under the wheels which passed over her thigh. The wagon was loaded with 90 sacks of barley, but outside of a few severe bruises the child was not hurt by the wagon, though in falling she struck on her head and shoulder and fractured her collar bone. Dr. Stoneburner was called and set the bone.

Oscar Speuler, who was last week reported as falling under a load of barley and whom it was feared had sustained serious internal injuries, is reported by Dr. Stoneburner as progressing fine and no injuries beyond a few bruises.

Pastor Away.

There will be no preaching service Sunday morning, Oct. 4th, in the Presbyterian church on account of the pastor's absence, he being in attendance at Synod in North Yakima.

Kendrick Exhibit.

Tuesday evening, Mr. Martin J. Wessels, arrived from Moscow, packed the Potlatch or Kendrick exhibit and has placed the same at the Moscow fair. Mr. Wessels phoned down and secured the consent of the officers of B. M. s Assn which was readily given. While this exhibit is small, smaller by a good deal than when it was displayed at Lewiston, still it is worthy of a place in any fair. The articles are choice and superior and the work of arrangement simply is superb. Most of the work is done in panels which show to great effect. This exhibit has been stored in J. W. Wild's building, but we do not know just what disposition will be made of it after the purpose has been served at Moscow.
