Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is

Hood's Sarsaparilla

It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.

"I have taken Hood's Sarsaparilla and found it reliable and giving perfect satisfaction. It takes away that tired feeling, gives energy and puts the blood in good condition." Miss Effie Colanin, 1235 10th Street, N. W., Washington, D. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

OREGON NOTES.

Reports are received at Weston that President French of the Weston normal school is improving.

The Oregon Traction company, which is to build an electric railroad from Portland to Forest Grove by way of Hillsboro, has filed articles of incorporation.

The schooner Ocean Spray, which ran ashore at the mouth of the Sluslaw, is a total wreck. Heavy seas beat her upon the sands so that she is full of water and it is impossible to get her off.

This call was made necessary from the fact that a defect exists in the act passed by the legislative assembly of 1903, providing the manner of assessment and the levy and collection of taxes, known as the Phelps law.

Portland, Ore.—After investigating the facts surrounding the mysterious death of L. B. Saunders, the San Francisco hop buyer, at Butteville, Ore., Sheriff B. B. Colbath of Marion county says that it is a clear case of suicide.

"Fifty per cent of the sheep of eastern Washington and eastern Oregon will perish this winter on account of lack of hay and feed on the ranges and the hard winter which stockmen believe is before them," says Charles McAllister, a sheep "king" of eastern Washington.

Thomas O'Brien, a miner just returned from Alaska, was led to a secluded portion of Portland recently by a couple of men whom he asked to direct him to a hotel, and there robbed of \$170. In their search for money the thugs removed the man's clothes and turned him loose naked.

The Portland police have arrested a man who gives the name of L. Connors, said to be a business man of Denver, Col., for the crime of highway robbery. Four of the men who were recently held up in a saloon have identified Connors as one of the men who participated in the robbery.

Word has been received at Lakeview, Ore., of a murder which occurred some distance from Lakeview recently. Phil Barry, a youth of 19 years, quarreled with Timothy Ahern, a young man of his own age, and, in the heat of passion, drew a revolver and shot Ahern, who died. No particulars of the tragedy have been received.

Governor Chamberlain has issued a call to the members of the legislative assembly of the state of Oregon, commanding them to meet at the capitol building in Salem on Monday, December 21, 1903, for the purpose of convening an extraordinary session of the legislature to enact laws to provide for levy of taxes on assessment rolls for the year 1903.

Derided by Porto Rico.

San Juan, P. R., Nov. 23.—United States Senator Newland's resolution inviting Cuba to become a state of the United States and providing that Porto Rico shall become a province of Cuba, has been received with derision by the Porto Rican press and public. The action of President Roosevelt in recognizing the new republic of Panama is approved everywhere.

Orange Marmalade.

Slice very thin, without peeling, two dozen oranges and take out the seeds. Slice two lemons in the same way and mix with the oranges. Measure the juice and add enough water to make three quarts of the liquid. Put into a stone crock with a cover and set in the cool cellar over night. In the morning put over the fire in a preserving kettle and bring slowly to the boil. Simmer gently until the peel is very tender, then stir in a pound of sugar for every pint of liquid and boil until the skin is clear in appearance. Take from the fire and when cool turn into jelly glasses.

Sweet Pickled Peaches.

Prepare a syrup of four pounds of brown sugar, one quart of best cider vinegar, and two ounces of stick cinnamon broken in pieces. Boil all together twenty minutes. Have peaches ready, having previously dipped them quickly into boiling water and rubbed off fur with a crash towel. Stick two or three cloves into each peach—not more for the clove darkens the peach. Put half of peaches into syrup at a time, and cook until clear and tender. Drain out and put into jars, and pour boiling syrup over them, filling jar full. Seal.

Piccaililli.

Pick over carefully two large cabbages, chop fine and add a pint of onions chopped. Stir in a handful of salt and pack all down in a stone crock, leaving for twenty-four hours. Take a quart of vinegar stir a pound of sugar and a tablespoonful each of ground mustard, pepper, mace, allspice, celery seed, cinnamon and tumeric. Stir this into the cabbages and onion, turn all into a preserving kettle and boil for ten minutes. When cold pack in jars.

Chili Sauce.

Peel and slice three dozen fine tomatoes and a dozen onions. Mix, then add six green peppers, minced. Into three quarts of vinegar stir a cupful of brown sugar, five tablespoonfuls of salt, six teaspoonfuls each of powdered allspice, cloves and cinnamon, two teaspoonfuls of ground ginger and a salt-spoonful of paprika. Now add the vegetables, put all over the fire and boil steadily for two hours or until thick. When cold bottle and seal.

Rice Flour Cakes.

Quarter of a pound of rice flour, quarter of a pound of moist sugar, quarter of a pound of butter, two tablespoonfuls of flour, a few currants, one teaspoonful of baking powder. Mix the rice, sugar, currants and baking powder in a dry state, then melt the butter before the fire and add half a teacupful of warm milk. Mix together with a spoon, then put into queen cake tins or molds, and bake in a moderate oven.

Tomato and Corn Salad.

Pour boiling water over large, smooth tomatoes to loosen the skins, and set on ice. When perfectly cold, gouge out the center of each tomato with a spoon and fill the cavity with boiled corn cut from the cob and left to get perfectly cold; then mix with mayonnaise dressing. Arrange the tomatoes on a chilled platter lined with lettuce, and leave on ice until wanted. Pass more mayonnaise with the salad.

Sand Tarts.

One cupful of butter, one and a half of sugar, two of flour, a very scant teaspoonful of baking powder and a gill of milk (perhaps a little over); make into a smooth dough, roll out thin, cut with a tumbler into thin cakes, sift sugar over and bake. They should not be brown, only a nice yellow.

Short Suggestions.

Stained knife blades should be rubbed with a cut raw potato, dipped in knife powder or bath brick, and then polished in the usual manner.

Ink stains, if fresh, will soak out in milk; if, however, they have been allowed to dry the application of oxalic acid or salts of lemon will be necessary.

Very wet boots should be filled with dry oats and set aside for a few hours. The oats will absorb the moisture and, swelling out, will prevent the leather shrinking and the boots hardening, as they would if put near the fire to dry.

To clean the Ivory handles of knives mix equal parts of ammonia and olive oil and add to this enough prepared chalk to make a paste. With this rub the Ivory and let it dry before brushing it off. Several applications of the paste may be necessary.

If your sewing machine works heavily oil it thoroughly with paraffin. This will remove all dirt and grit; but it must be afterward wiped off carefully, and the machine must then be oiled with the ordinary lubricating oil. Never use paraffin as a lubricant or you will cause your machine to wear out before its time.

SISTERS OF CHARITY

Use Pe-ru-na for Coughs, Colds, Grip and Catarrh—A Congressman's Letter.

In every country of the civilized world Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs.

With so many children to take care of and to protect from climate and disease, these wise and prudent Sisters have found Peruna a never failing safeguard.

Dr. Hartman receives many letters from Catholic Sisters from all over the United States. A recommend recently received from a Catholic institution in Detroit, Mich., reads as follows:

Dr. S. B. Hartman, Columbus, Ohio:
Dear Sir—“The young girl who used the Peruna was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured.”—Sisters of Charity.

The young girl was under the care of the Sisters of Charity and used Peruna for catarrh of the throat with good results as the above letter testifies.

Send to the Peruna Medicine Com-

pany, Columbus Ohio, for a free book written by Dr. Hartman.

The following letter is from Congressman Meekison, of Napoleon, Ohio:

The Peruna Medicine Co., Columbus, Ohio:
Gentlemen: “I have used several bottles of Peruna and feel greatly benefited thereby from my catarrh of the head, and feel encouraged to believe that its continued use will fully eradicate a disease of thirty years standing.” David Meekison.

Dr. Hartman, one of the best known physicians and surgeons in the United States, was the first man to formulate Peruna. It was through his genius and perseverance that it was introduced to the medical profession of this country.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

WINTER IS COMING BRINGING CATARRH

Every Catarrh sufferer dreads the coming of winter, for with the first breath of the “ice-king” this miserable disease is fanned into life and all the disgusting symptoms return. The nostrils are stopped up and the throat can be kept clear of mucous secretions only by continual hawking and spitting. Catarrh is a nuisance and source of annoyance, not only to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so surely and promptly as S. S. S. As long as the blood is poisoned with Catarrhal matter the discharge of mucus and other disgusting symptoms of the miserable disease will continue.

S. S. S. goes to the fountain source of the trouble and purifies and enriches the blood, and so invigorates and tones up the system that catching cold and contracting Catarrh is not so likely to occur. Keep the blood in order and winter's coming brings none of the discomforts of Catarrh. Write us particulars of your case, and let our physicians help you get rid of this blood-tainting and stubborn disease. We make no charge whatever for medical advice.
