

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

PRIEST MURDERED

DEAD BODY FOUND IN IN NEW YORK CITY.

TWO GREEKS ARE SAID TO HAVE COMMITTED CRIME FOR MONEY.

New York, May 27.—Rev. Father Kaspar of the Armetian Apostolo church of Hoboken, N. J., was murdered in this city some time last week. The body was found in a trunk which had been left for security for their room rent by two Greeks, who three weeks ago rented a room from Mrs. Henry Sherrer, who occupied the third floor of a tenement at 333 West Thirty-seventh street.

When last Wednesday the rent was not forthcoming her lodgers told Mrs. Sherrer that she was amply secured by their well-filled trunk. The following morning the men disappeared, and today the trunk was broken open. To the horror of Mrs. Sherrer it was found to contain the badly decomposed body of a man. The body was in a kneeling position, with the head bound against the knees by a heavy strap that passed over the back of the neck and was buckled under the shins. The murdered man was about 60 years of age and was about 5 feet 4 inches in height. A flowing beard 12 inches long was streaked with gray, but the long and bushy hair was black. An undershirt of balbriggan and a cuff on the right wrist were all the body wore, but on top of it had been thrown three coats of clerical cut, a white laundered shirt, two pairs of black lace shoes, a soft felt hat, two collars and a detached cuff.

Because of the condition of the body it was not possible to determine the manner of death. Following an autopsy at the morgue two men were arrested on suspicion. Mrs. Sherrer told the coroner's jury that when the two men engaged the room in her home they described themselves as John and Paul Sarkie, each about 35 years of age. John was dark and smooth shaven, and the man said he had conducted a restaurant in the tenderloin. The other wore a mustache. The men had been visited, she said, by a man wearing a clerical garb, who looked not unlike the murdered man. She thought that this man called at 8 o'clock Wednesday evening. No one heard any unusual noises that day.

After removal to the morgue the body was identified as that of the priest. He had lived at 608 Monastery street, West Hoboken, and frequently made trips to this city soliciting funds for his church.

Father Kaspar, carrying a small leather bag in which his collections were placed, came to be a familiar figure in Greek and Armenian circles here, and it is believed that he was murdered for the money he carried. The autopsy revealed that the priest had probably been drugged and placed, while still alive, in the trunk, there to be suffocated to death. The neck and one arm had been broken, but apparently these injuries had not been the cause of death. Thrown upon the body was the priest's clothing.

The coroner's physician said that the man had probably been dead six or seven days. The contents of the stomach will be examined to determine whether some drug was used.

LATE NEWS ITEMS.

According to dispatches received at Berlin, from Hainghai and Hongkong, native rioters have destroyed the German mission station at Lien Chow near Peking. The missionaries escaped. Five American missionaries were killed in Lien Chow October 28, 1905 and a hospital and other mission property destroyed. Indemnity for the loss of life and property was paid by the Chinese government early in January of the present year.

A rebellion has broken out at Wong Kong. All of the civil and military officials have been assassinated and their Yamens burned.

General Baron Kuroki and staff are in Chicago this week. They are making a minute inspection of the great packing plants at the stock yards.

Angered by comments said to have been made against his race, an unknown negro plunged a knife into the breast of Fred Thomson, an employe of the Western Packing company, at Denver, fatally injuring him. Thomson was from Washington, D. C.

Discrimination against the blue-jacket uniform of the navy at the dining pavilion at an amusement park, a resort adjacent to the Jamestown exposition, has led Secretary Metcalf to vigorous action.

Students Poisoned by Ice Cream.
Alton, Ill.—Seven of the 14 prospective graduates of the Alton High School are near death from poison in strawberry flavored ice cream eaten at a class reception given by a member of the class. The others of the class and Superintendent Heywood are critically ill. The nature of the poison is not known and it is puzzling chemists and physicians. The patients are suffering intense pain. The drug seems to have diluted their blood.

In trying to make a lion of a man we often merely succeed in making a monkey of him.
A whole lot of husbands have forgotten how they courted their wives.

SEVEN JURORS SECURED.

Majority Now Accepted in Haywood Case.

Boise, Idaho, May 27.—From present indications it would seem that another week must elapse before the taking of testimony can begin in the trial of William D. Haywood, first of the alleged "inner circle" of the Western Federation of Miners.

The jury may be completed Friday evening or Saturday. In either event it is probable that the attorneys for the state will ask for an adjournment until Monday morning in order that the opening address or statement of the prosecution's case may immediately be followed by supporting evidence.

The people of Boise, busy with the social and commercial activities of their prosperous little city and never wildly excited about the trial, have become less interested than ever because of the delay in securing a jury.

LOSE LIVES IN ROARING FIRE

Four Persons Burn to Death in San Jose Lodging House.

San Jose, Cal.—Two unidentified bodies were taken from the disastrous fire on Market street and with the one identified as that of John McDonald, an employe of the San Jose Water company, and one recovered brings the death list up to four.

That ten or a dozen other bodies are in the ruins the firemen and searching parties have little doubt, from an examination of the burned premises, which were a veritable firetrap, and the statements of the keeper of the lodging house.

G. W. Lavery was arrested on suspicion of having set fire to the feed store where the blaze started.

Washington State Press Association.

The next meeting of the Washington State Editorial association will be held in Everett next July, the 25th, 26th and 27th, Thursday, Friday and Saturday. A fine program has been arranged and the side lines provided for by the Everett people are said to be numerous and of the most pleasant nature. A large attendance is promised.

Workmen Burn in Boston.

Boston—Three workmen lost their lives in a fire which broke out along the waterfront in East Boston in the box factory of S. T. Lebaron on Border street. The loss is \$50,000.

May Irwin is Really Married.

Clayton, N. Y., May 28.—May Irwin, the actress, was married at her summer home on Irwin island in the St. Lawrence river Sunday to Kurt Eisfeldt, for three years her manager and press agent.

Berlin.—Rear Admiral H. N. Manney of the United States navy, one of the American representatives at the wireless telegraphy conference last year, is authority for the statement that notable progress has been made in wireless telephony since the conference. It is now possible to telephone without wires for a distance of 30 miles, as against a quarter of a mile—the record distance before the conference.

A man never thinks justice is done him when he loses a lawsuit.
Genius has a twin brother whose name is patience.

Nothing I Ate Agreed With Me

MRS. LENORA BODENHAMER.
Mrs. Lenora Bodenhamer, R. F. D. 1, Box 99, Kernersville, N. C., writes:
"I suffered with stomach trouble and indigestion for some time, and nothing that I ate agreed with me. I was very nervous and experienced a continual feeling of uneasiness and fear. I took medicine from the doctor, but it did me no good."
"I found in one of your Peruna books a description of my symptoms. I then wrote to Dr. Hartman for advice. He said I had catarrh of the stomach. I took Peruna and Manalin and followed his directions and can now say that I feel as well as I ever did."
"I hope that all who are afflicted with the same symptoms will take Peruna, as it has certainly cured me."
The above is only one of hundreds who have written similar letters to Dr. Hartman. Just one such case as this entitles Peruna to the candid consideration of every one similarly afflicted. If this be true of the testimony of one person, what ought to be the testimony of hundreds, yes thousands, of honest, sincere people. We have in our files a great many other testimonials.

CARS CRASH AT FULL SPEED.

Several Severely Cut and Bruised at El Paso, Texas.

El Paso, Texas, May 27.—Five persons were seriously, probably fatally, injured in a collision between two streetcars on Boulevard avenue Sunday. Both cars were almost demolished, being knocked from their tracks, the floors buckled and every glass broken. Fortunately, only a few passengers were in the cars, but every one was more or less injured.

Some old bachelors are too ugly to get married and others are too sensible.

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

Insure your stock in the Western Live Stock Insurance Association

The only company with \$50,000 Guarantee Fund. This fund is constantly increasing. The company that promptly pays its losses.

READ HOW WE DO IT.

(Copy.) Spokane, Wash., May 18, 1907.
Gentlemen: On March 28th, 1907, I made application for insurance on my three horses, which application was accepted March 29th.
On May 16th, one of my horses sustained a broken leg in a runaway, which accident necessitated his being shot by an officer of the Humane Society. My loss was immediately adjusted and on May 18th I was handed check for the full amount of my insurance.
The promptness with which my claim was paid convinces me that your association is doing business on business principles, and I take great pleasure in recommending your association to the insuring public.
Wishing you success, I remain, yours very truly,
(Signed) E. G. SANDERS,
Prop. Boston Market,
Second and Cedar St., Spokane, Wash.

(Copy.) Colfax, Wash., May 11, 1907.
Gentlemen: On April 27th, 1907, I took out certificate No. 1078 on my horses in your company; on May 1st I lost, by death, a valuable mare on which I carried \$200.00 insurance; on May 5th your agent, G. H. Greer, adjusted the loss and today, May 10th, G. H. Greer handed me your check on the Old National Bank of Spokane for \$200.00, the full amount of my loss. Had some other companies had the foresight the Western Live Stock Insurance Association has used in first establishing a reserve fund to meet losses with, more poor men would have what they have paid for.
Sincerely thanking you for prompt action in paying my loss, and wishing for you the business your methods demand, I am,
Yours most truly,
(Signed) B. E. HEREFORD.

CLASSIFIED ADS

NOTICE—The following announcements are from leading business men and firms, and are well worth your careful reading. The list may contain just the proposition you are looking for.

ASSOCIATION HAS SURPLUS.
Western Live Stock Association's Insurance More Than \$100,000.
"We have written insurance amounting to about \$150,000 since we started, and the greater part of that has been written in the last four weeks," said Vice President A. Starke Oliver of the Western Live Stock Insurance Association at a meeting of the executive committee Saturday afternoon. "Not only that, but we have made up since opening for business, March 6, a guarantee fund of \$50,000, and are setting aside 50 per cent for the prompt payment of any unforeseen losses. It is intended to raise this fund to \$100,000, and keep it at that figure."
"We have been receiving daily communications from prospective patrons, asking if we are the successors of that has been written in the last four weeks," said Vice President A. Starke Oliver of the Western Live Stock Insurance Association at a meeting of the executive committee Saturday afternoon. "Not only that, but we have made up since opening for business, March 6, a guarantee fund of \$50,000, and are setting aside 50 per cent for the prompt payment of any unforeseen losses. It is intended to raise this fund to \$100,000, and keep it at that figure."
"The executive committee has meetings daily, and we find that the risks are coming in satisfactorily every day."
