## GIRL ACCIDENTALLY SHOT

Neighbor Boy Was Handling a Gun

The little three-year-old daughter of Harve Southwick, who resides near Cavendish, was accidentally shot Sunday and is now at the St. Joseph's hospital in Lewiston.

The child was shot by a neighbor boy, who was handling a thirty two calibre gun. The bullet struck the girl in the back and ranged downward, lodging at some point back of the hip bone.

The physicians at the hospital used an X-ray machine in an endeavor to locate the bullet, but were unsuccessful. The child's condition was such at that time as to not warrant an operation being performed but it is felt she has bright chances for recovery.

## Market Day.

The Market Day in Kendrick last Saturday was a decided success, even more so than the previous one.

The Captain held the sale in the shade and among other things put up was a hack, team and harness which brought a good figure.

Sam Bigham bought the hack for \$50 and then turned around and put his hack up selling the same for \$15. Considerable farmers were in and attended the sale and every one was enthusiastic over the plan and promised to give it their hearty support.

Don't forget that Saleday is a regular Saturday institution in Kendrick and here you can dispose of anything you desire without a cents cost to you for the selling.

There is a goodly assortment of articles scheduled for the coming

Saturday and every one is invited to be present and help swell the crowd, yea, bring something in and help swell the list of material.
