

**Died.**

The death of Mr. John Gertje of Kendrick after a protracted illness occurred last Saturday at 2 p. m.

The W. C. T. U. will meet with Mrs. L. C. Weene Tuesday July 28th. All the ladies are cordially invited to attend and the members are especially requested to be present as there is business of importance to be transacted. The meeting will be an interesting one as there are members from the Troy Union expected to be present.

Wm. Van Horn left this week for Washington where he will run his threshing outfit during the harvest in that section, later pulling up on his own ridge and getting the crop there.

The town of Cottonwood was destroyed by fire early Monday evening in a similar manner to that in which Kendrick met a like fate some four years ago. Every business house was burnt and one or two residences and the loss is estimated at a quarter of a million. The fire did not last over two hours. Supplies, clothing, etc. was immediately rushed to be stricken town by the neighboring communities of Grangeville, Vollmer and others, and we learn that it is the intention of the residents to build a better and more substantial town than ever.

Will Marr spent several days in Vollmer this week visiting Alex, and incidentally looking after his interests in the Marr Bros. store at that point.

An old time picnic was held at the Fairview schoolhouse last Saturday afternoon which was quite well attended.

Mrs. R. C. Finclair and baby left Monday morning for Everett where she will visit for a month or six weeks with her mother Mrs. Fisher.

W. M. Terry made a brief trip to Moscow the first of the week.

State Immigration Commissioner Miller has been in our town the past week securing statistics of the town and country. He reports Kendrick not only showing a better record and growth than in former reports but the whole of the state in an exceedingly prosperous condition.

Harry Stanton made a brief trip to Spokane where his wife is enjoying an outing. He returned Tuesday noon.

C. C. Blackburn has finished cutting his hay and has a fine crop of oat-hay off his farm at the west end of town.

Mrs. A. E. Clark of Lewiston passed through Kendrick on her way to Bovill where she will spend the time during the hot weather.

Mrs. G. M. Lewis was called to Summit Monday by the sickness of her sister-in-law, Mrs. Wicks. She returned Wednesday reporting her much improved.

Rev. J. M. Hoyle of the Bethel church announces that he will hold services on American ridge Sunday morning the 26 at 11 a. m., subject "Pure Religion" and at 3 p. m. he will hold baptism in the waters of Kendrick. To which services the public are cordially invited.

Frank Chamberlin has fitted up a store next to the post office and is in the business of jewelry repairing. He has an advertisement in this issue announcing his trade and inviting the public to give him a share of their patronage.

This warm weather of the past few weeks has made the swimming hole at the upper end of town a popular resort for both young and old.

**The Remedy That Does.**

"Dr. King's New Discovery is the remedy that does the healing others promise, but fail to perform," says Mrs. E. P. Pierson, of Auburn Centre Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at the Kendrick Drug Co. for 50c and \$1.00. Trial bottle free.

Over Thirty-Five Years.

In 1873 there was a great dread of diarrhoea, dysentery and cholera in factum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by the Kendrick Drug Co.
