No. 26

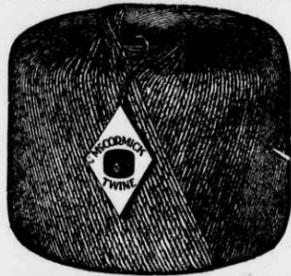

Through THICK AND THIN Grain
THE

McCormick BINDER

Has Cut Its Way to Enduring Fame

No matter how long or how short the straw or in what condition the wheat may be, the McCormick does splendid work. It is, therefore, the farmer's friend and will remain true "through thick and thin." You are invited to examine our sample 7-ft. and 8-ft. fitted with tongue trucks. We want you to see the special reel support on the 8-ft. binder.

Ball Game Next Sunday

Next Sunday morning there will be a ball game on the Kendrick grounds between Stony Point and Leland and in the afternoon the Kendrick Juniors will play the winners of the morning game.

The Kendrick Juniors team has been playing a fast game so far this season and these games should be worth witnessing. Come out and help the boys both by your presence and with a two-bit piece toward expenses.

Interesting Exhibit

Newspapers From Distant Lands—Oddities of the Foreign Press

We extend a cordial invitation to the public to examine a collection of newspapers from the most remote parts of the world now on exhibit at our office. These papers were sent to us by the Chamberlain Medicine Company, Des Moines, Iowa, manufacturers of Chamberlain's Cough Remedy, and one of the heaviest advertisers not only in this country but in foreign lands. A copy of each issue of every newspaper containing their advertisement is sent to the office of the Chamberlain Medicine Company as a proof of the insertion of the advertisement. The package sent to us is selected from these voucher copies. Some of the papers bear names of places which require us to recall forgotten geography or refer to the atlas to locate. Some of them are particularly curious as they are published in the vernacular or native languages which might be likened to the careful written notes of a shorthand writer.

Sale at Beckwith's

Circulars announcing a mid-summer clearance sale at Fred S. Beckwith's, starting tomorrow, Saturday, June 26, and continuing until Saturday, July 3, have been printed at the Gazette office and mailed to the customers of that store.

Many attractive prices are offered and this circular is worthy of the attention of every householder, particularly the ladies. If you have not received one of the large bills, Mr. Beckwith would be pleased to mail you one.

Among the other attractive features of this circular are the prizes offered: two round trip tickets to the A. Y. P. Expo. at Seattle will be given, including admission for six days to the fair and admission to the shows on the "Pay-Streak." One will be given to the person buying the largest bill of goods in one order during this sale; the other to the person buying the most goods during the entire sale and paying for same not later than July 5th. The winners of the tickets will be decided by three disinterested business men.

Opening Of Reservations

Flathead, Spokane and Couer d'Alene Indian Reservations.

Many homesteads on these reservations are worth from \$5,000 to \$20,000. Send to R. M. McCracken, Land Attorney, Boise, Idaho, for a pamphlet showing how to obtain title to these lands and all about the opening. Price 50 cents. Do not send postage.

If You are Worth \$50,000 Don't Read This.

This will not interest you if you are worth fifty thousand dollars, but if you are a man of moderate means and cannot afford to employ a physician when you have an attack of diarrhoea, you will be pleased to know that one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure it. This remedy has been in use for many years and is thoroughly reliable. Price 25c. For sale by Albert Moskop.

THE DAY OF REST

Carrie's sister May, six years of age, on being asked why the Sabbath day was different from the other days in the week answered very carelessly, "Oh that's the day you pin things on, 'stead of sewing."—The Delinquent for July.

Princess Flour is best by test

Princess Flour contains all the good part of the wheat and none of the other part.

June Weddings

During the past week or ten days there have been several weddings of interest to the people of Kendrick and vicinity, and we mention below those which have come to our notice.

PERRY—BARTROFF

Ernest O. Perry and Miss Mamie Bartroff were married at Spokane, Wash., Wednesday, June 16, and will make their home at Kennewick, Wash. Both parties to this wedding are well known to the people of this vicinity, being former residents of American Ridge and very popular young people.

SCOVILLE—BENSCHOTTER

On Thursday, June 17, a double wedding ceremony was performed at the home of Mr. and Mrs. Wallace Benschotter, at Viola, Idaho, at which time Mable Benschotter was married to Arthur E. Scoville, and Miss Bertha Norton to Fred Sheer. Miss Benschotter is well known to the people of Kendrick, having visited here many times. Both couples will make their home at Spokane.

INGLE—HUPP

On Wednesday, June 23, at high noon, at the home of the bride's parents on Little Bear Ridge, Florence Linnie Hupp and King D. Ingle were united in marriage by Rev. A. Durrie, pastor of the Presbyterian church of Kendrick. The bride was daintily and tastily gowned in snow white and the young couple presented a handsome appearance. The service was performed in the presence of the members of the family and was followed by a sumptuous wedding dinner.

Mr. and Mrs. Ingle left on the afternoon train for Seattle, and after the wedding tour will make their home on Bear Ridge.

Mrs. Ingle has taught school and is a favorite with all. Mr. Ingle is one of the promising and prominent farmers. Their many friends wish and expect a happy and successful wedded life.

RUSSELL—WHITTINGTON

Married in Tacoma, Wash., at the home of the bride's sister, in the presence of a few invited guests, by J. M. Amtson, J. P., Henry Agnew Russell and Miss Minnie Belle Whittington, of Myrtle Point, Wash.

Mr. Russell is a brother of the late S. S. Russell, state senator from Garfield county and is a prominent stock raiser and fruit grower of the Potlatch Country, Idaho, having served eight years as state inspector of horticulture for North Idaho. He operates one of the largest modern fruit evaporators in Northern Idaho and is well known throughout North Idaho and Washington.

Miss Whittington is a daughter of Mr. and Mrs. W. W. Whittington, of Myrtle Point, and is well and favorably known to a large circle of friends here and on the "South Fork," who join in wishing the happy couple long life and prosperity.

After touring the Sound cities and principal points of interest, Victoria and Vancouver, B. C., Mr. and Mrs. Russell will be at home to their friends after July 1st, on American Ridge, Kendrick, Idaho.—From the Myrtle Point Enterprise.

The serenade given Mr. and Mrs. Russell on their arrival at their home was old-fashioned and enthusiastic, as there was a full turnout and the boys were up-to-date and knew the goods were ready for delivery when they had earned the treat, which they did in a way that was not slow.

Stomach Troubles

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price 25c; Samples free at Albert Moskop's drug store.

It has been authentically reported that recently a prominent physician and surgeon of a large town in our neighboring state of Washington was called to a case of Proctatresia Sombulifera, and immediately telephoned to Portland, Oregon, for an artificial Anus Mirabilis, but being unable to obtain one, on account of a recent strike of the employees of the Anus firm, nature was allowed to take its interrupted course.

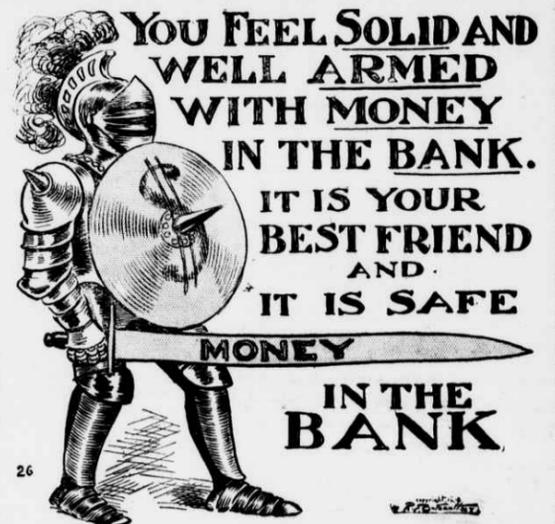

SHARPLES TUBULAR CREAM SEPARATORS

are the most perfect machine that mechanical skill has yet devised for separating cream from milk. The principal is entirely different from any other make of separator.
