

KENDRICK GAZETTE

VOLUME 21.

Kendrick, Latah County, Idaho, March 15, 1912

No. 11

ACCIDENTALLY SHOT HIS NEIGHBOR

**A. Dahl Mistook R. Sundby
for Coyote and Shot—
Died Sunday**

Antone Dahl while out hunting last Friday, mistook Richard Sundby for a coyote and shot him. The shooting occurred in a very thick bunch of underbrush and trees, making it almost impossible to tell what was making the brush rattle and upon getting a glimpse of the man who was wearing tan colored clothes it appeared to him that it was an animal going along the side of the hill below him, and Mr. Sundby in a stooped position hunting along the hill made it appear that way. The shooting took place near Park, Idaho, and Sheriff C. C. Brown County Attorney Suppiger and Coroner L. B. McCarter, were called to the scene and investigated the conditions of the affair and called it purely an accidental case of killing. Mr. Sundby was shot through the neck, and died Sunday at his home in Park, he was a young man twenty three years of age and single. It is believed by the neighborhood as well as the officers that it was an accident from the fact that the two men were upon friendly terms.

Potlatch Hogs

Kolenborn and Roberts of Little Bear ridge sold, on the Kendrick market Monday, fifteen head of fine hogs which brought them the neat little sum of \$216.60. Is this not a good crop to be turning off at this time of the year? It is a fact that if the ranchers were to take more interest in live stock they would realize more money from their farms. The livestock of this section has been allowed to decrease in number and it is a fact that they should receive more attention by the farmer, for there is money in the enterprise.

Others to sell on the market this week was E. Larson, of Cameron, who delivered a hog weighing 520 pounds. J. F. Scheele, of Leland, a hog weighing 560 pounds. Edward Pompei, of Southwick, a hog weighing 465 pounds. Mrs. S. H. Fry, of Linden, a hog weighing 480 pounds. These hogs were Poland China. A number of others also delivered several head.

Prospects Good

The mine of Clarence Fry at the foot of Gold hill about half way between Linden and Crescent has in the last few days begin to look as though it would be a paying strike. The mine is being worked by the owner and the ore got out looks good. They now have a tunnel two hundred and eighty feet long and are in the third vein. The tunnel is 5x7 and they are getting ready to cross cut, the ore in the last vein shows better than the first two.

The little ten year old daughter of O. V. Morey of Bear Ridge, was taken to the hospital at Moscow Monday for an operation, it was thought until Sunday that she would get well without this treatment but instead of continuing to gain in health, she took worse and the doctors advised the operation.

Just a Minute

Mr. Stock raiser of the Potlatch district. Here is a few of the many premiums decided upon to be offered at the fourth annual meeting of the Northwest Livestock Association Show and sale to be held at Lewiston, Idaho, December 9, 10, 11, 12, 13, 1912. The list will be published later. For the best dairy cow, best steer, best barrow and best weather \$100. each. For the best car load fat steers first money \$500, for the best car of hogs \$500. Now Mr. Farmer and Stock raiser these prizes will be worth your time and money and why not get in and prepare for this event and if you win think of what it means to each of you as a farmer. It will increase the value of your herd as well as to advertise the Potlatch country as a livestock section. Too much cannot be done in this line of work in our midst as there is the material here to work on. The Commercial Club would like to see as many as can go to the livestock show in Portland so you can see the benefit of raising well bred stock. It is the aim of this club to promote any good industry that will help build up the country and be of benefit to everyone.

Raise Seed Peas

The growing of seed peas is an item the farmer should look to and investigate. The demand from the eastern firms is coming to this state quite frequent of late. From different sources the statements are seen where different farmers have made great profits in raising seed peas for seed houses. Some are reported to make as high as \$93.00 per acre. Is this not a good showing and why cannot you Mr. Farmer do likewise and increase your profits on your land.

American Ridge

On last Tuesday night about twenty-five or thirty young people gathered at the home of Frank Bencotter and marched in a body to the residence of George Davidson each carrying a basket well filled, and after taking possession of the house and preparing supper they informed Mr. Fred Davidson that it was his birthday, after supper the evening was spent in games and other amusements. Fred says he wishes he could have about four birthdays a year.

Say Mr. Editor, we want to inform that Little Bear ridge correspondent that Rambler is not a kid, neither are we a spring chicken, and we don't care whether Mary Ann is a bachelor or an old maid, we did not say we loved him or her, but we said we kinder liked the name of Mary Ann and we do, and when we get that cake we are going to go to Texas Ridge.

Mrs. E. E. Jacobus is improving very fast, she is able to walk around. Frank May is still a very sick man.

The people on this Ridge are well satisfied with the improvement of the Gazette and think every one should take the paper.

J. L. Woody and Frank Bencotter expect to take in the excursion to Portland the 17th.

Sam Kingsbury lost a valuable mare last week.

Rambler

Mrs. J. T. Moser went to Lewiston Sunday to visit her daughter Miss Josephine who is attending school at that place.

COMMERCIAL CLUB DISCUSS INDUSTRIES

**Creamery, Cannery And Box
Factory Would Be Pro-
fitable Here**

Kendrick's Commercial Club met Tuesday evening with a large attendance and considerable work wastalked of and the road question was brought before the minds of those present. It was reported that work would start this week, by the farmers on Cedar Creek road, these farmers are donating their work, and the county will put up dollag for dollar with them. Other roads will be looked after in the near future so the farmer can have roads to drive over that will be a pleasure to them, instead of having them to always hate to start any place with loads of grain. The question of a creamery is another item that was taken up that should be to the interest of the merchant as well as the farmer, the secretary of the club has correspondence from Marlatt and Clark Creamery stating that they would like to know what the chance to start a creamery in Kendrick, they want from 250 to 300 cows the first year and they state that it would bring a revenue to the farmer of \$3,000 to \$5,000 a month. It looks to a fair minded person this would be a great benefit to the town and every farmer. So it looks as though it would be a good thing for the different farmers to let the Club know what they think of such a proposition and what number of cows could be got. As for what the town of Kendrick needs, it is more live boosters, some kind of industries, such as say, a canning factory to take care of the abundant crop of fruit raised in this country, and a creamery to take care of the butter fat of the Potlatch. From the amount of butter sold on the Kendrick market from day to day is evidence that the cows are here to support such an institution. The Livestock Excursion to Portland the coming week will be a great thing for this country to show up the kind of stock that should be handled to make profit on. Let every one attend the club and get it to working in the right line so they can accomplish some thing for the town and surrounding country.

Fred Flaig was bitten by a dog last Tuesday evening, the dog doing a good job while he was at it. The boy is hurt bad. It looks as though to many dogs are allowed to run the streets and are always biting at people.

W. P. Cable loaded his implements and household goods in a car Monday and departed from Kendrick for DeChutes River, Oregon, where they will make their future home.

Chas. Umberlandstout and family of Okene, Oklahoma, arrived in this city Monday, to visit with Fleshman Brothers near Leland, Mr. Umberlandstout is a butcher and expects to locate in this country somewhere.

Mrs. T. J. Fleshman and O. L. Curtly and wife departed for Okene, Oklahoma, where they will spend the summer months.

F. M. Talbott, of Leland was a Lewiston visitor Tuesday.

Little Bear Ridge

The superintendent of schools, Miss Bryden, visited our school last week and seemed to be well pleased with the condition of the school under the management of Miss Eikum, the common lack of interest on the part of the parents, was the only criticism offered.

In a few well chosen words Miss Bryden expressed her pleasure at finding such a large attendance. The enrollment is forty with an average attendance of thirty seven plus. She then gave the pupils a very interesting and instructive discussion of the "Potato Club Plan" The plan is to have the school boys of each district organized with notless than five members. Each member is to raise five hundred hills of potatoes. The potatoes are to be taken to the county fair to be judged and from there the four best exhibits will be taken to the Inland Empire Fair to be judged for sweepstakes. The pupils of the school both boys and girls showed great enthusiasm over the plan and there is no doubt that when the time for organizing the club comes there will be several times five members on L. B. R. Miss Bryden also spoke briefly, but inspiringly on the value of education in the rural communities. To show that the ideas gained will have lasting effects the pupils of the lower grades are planning a school garden on a small scale. Each one is going to plant beans in boxes, as it is yet to early to plant them in the regular way. They promise to report results later.

The home of Mr. and Mrs. H. Slocum of near Clyde Spur Flats was the scene of an informal dancing party, last Friday evening, the rooms were prettily decorated with evergreens and streamers in a harmonious color scheme of crimson and white, a most enjoyable evening was had by all present Mrs. Slocum and Mrs. W. James were the hostess, at midnight an elaborate lunch was served after which dancing continued till the "wee sma' hour."

James Benjamin expects to go to Moscow next week to remain indefinitely.

Nels Nelson claims the honor of Judge of Little Bear instead of B. N. Emmett.

Mrs. Wedstand is suffering from a severe attack of inflamatory rheumatism.

Deputy assessor A. N. Roberts was calling on us last week, and like other assessors wanting to know too much.

When the wood cutting season is over we expect that Mr. Dehoney will be entitled to the belt.

Johny Johnson who was taken t the hospital in Moscow to be operated on for appendicitis, returned home Tuesday as well as could be expected.

W. Kollenborn and Steve Roberts deliveved a nice bunch of fat hogs to the Kendrick Warehouse and Milling Company.

Harry and Ed Hupp are busy cutting stove wood and building fence, and Miss Addie has returned home from teaching school and is serving home folks as head cook.

Gunwell

Tuesday evening M. J. Schei departed for Spokane with two cars of hogs for the Kendrick Warehouse and Milling Company. Kendrick hogs bring a good price on Spokane market.

CITY DADS HOLD REGULAR SESSION

**Transact Business—Monthly
Bills Allowed—Street
Subject Up**

The Board of the Village of Kendrick, Latah County, Idaho, met in regular session on March 6th, 1912, and was called to order at 8 o'clock p. m. by Chairman J. F. Brown. Roll call as follows; J. F. Brown, E. C. Hardison, and Thos. McDowall, present, M. Bleck and Byrne absent. The minutes of the last regular meeting were then read by the clerk and on motion of McDowall, second by Hardison, were approved as read. Bills on the table were then read and referred to the finance committee, T. F. Byrne of this committee being absent, Chairman J. F. Brown appointed Thos. McDowall to act in this place. The finance committee reported favorable on the following bills. Lincoln McCrea Hardware and Implement Company \$27.00, Kendrick Dray and Ice Company \$2.00 C. F. Byrne, \$0.55, N. C. Thomas, \$21.58, N. C. Thomas, \$29.00, J. E. Hoyt, \$5.00, Albert Moskop, \$5.00. On motion of McDowall, second by Hardison, the report was accepted and warrants ordered drawn for the respective amounts. Thos. McDowall of the Steet and Alley Committee reported on the opening of the street running north and south between M. V. Thomas and E. P. Atchison residence and on motion of Hardison, second by McDowall, the report was laid on the table. Motion carried. On motion of McDowall, second, by Hardison, Meeting Adjourned.

J. F. Brown, Chairman Board.
Attest: Albert Moskop.
Village Clerk.

Try For This

The Lewiston-Clarkston Fair Association offers a premium of \$25.00 cash, for the most corn, any variety raised from 25 kernals. The stalks must be exhibited at the 1912 Fair, October, 7th to 12th, with sufficient roots to show the product is from one kernael and with the corn attached. A second premium of \$10.00 is expected to be offered but as yet it is not definitely decided.

It will be seen that this offer is on the basis of \$1.00 for each kernel and is open to all. It is not expected that certain kernels will be planted but the selections may be made from the matured fields.

S. S. Convention

The District Sunday School Convention held in Kendrick last Friday was well attended. On account of the bad roads, several schools were not represented, but delegates were present from Juliaetta, Leland, Cedar Creek and American Ridge, and the Kendrick schools. J. J. Swartz of Lapwai was present, and was chosen chairman of the Convention, E. C. Knapp, Secretary of the Inland Empire Association, was also present and gave some stirring addresses. The church was full afternoon and evening and every body went home realizing that the Sunday School movement is a bigger thing and more important than is commonly thought to be.
