Delayed The Game

A man who was too economical to subscribe for a paper sent his little boy to borrow the copy taken by his neighbor. In his haste the boy ran over a \$4. stand of bees and in ten minutes looked like a warty summer squash, his father ran to his assistance and failing to notice a barbed wire fence ran into that cutting a handful of flesh from his anatomy and ruining a \$4. pair of pants, the old cow took advantage of the gap in the fence and got into the corn field and killed her self eating green corn. Hearing a racket the wife ran out upset a four gallon churn full of rich cream into a basket of little chickens drowning the entire hatch. In her haste she dropped a \$25. set of false teeth, the baby having been left alone crawled through the spilled cream and into the parlor, ruining a brand new 20 dollar carpet. During the excitement the oldest girl ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails off from four fine shirts on the clothes line. Now is the time to subscribe for the Gazette.

J. W. Thomas, of Peck, is visiting relatives in town for a few days.

WINS GAME FROM FAST PLAYERS

Kendrick Team Making Improvements On The Diamond.

Sunday the Orofino and Kendrick ball boys crossed bats on the Kendrick diamond. The game was the best played in Kendrick for years, according to old timers. The game was played at 10:30 and attended by a good crowd. The score was 10 to 11 in Kendricks favor. The boys showed that they could do good work and it was appreciated by the crowd. The local team is working hard to make a reputation and a few good games like that one will give them a footing with the teams over the country. The line up for the home team was; Hill, c; Thomas, p; Mitchem, 1st; Stout, 2nd; Hampton, 3d; Durbin, short, Boyd, lf; Davis, cf; Boehl, rf. The game played in the afternoon with Leland was another victory for Kendrick, the score was 6 to 11. The new grand stand is being built this week. The boys will furnish you with a place to sit and watch the games and they in return want you to attend the games and pay a small admittance to help defray the expenses of getting out of town players here. It costs money to run ball games and if the boys does the work some one else should pay the fiddler, so turn out to the games and pay your 25c. The game next Sunday will be a fast game, it will be the Myrtle Indians vs Kendrick.

Boom Prices For Grain

Lewiston, Idaho, April 20,—Special to Gazette. The Vollmer-Clearwater Grain company has during the past three weeks purchased and sold 150,000 bushels of fine wheat, of this amount 100,000 bushels being disposed of on the late high market. This week the company bought some wheat in the prairie country, the variety being Forty-Fold, for which eighty-one cents was paid. This is the highest wheat offering since the big jump of three years ago when wheat soared up around the dollar mark. There had been a lull in wheat buying operations until recently, about three weeks ago the market again opened and the Vollmer-Clearwater company has been very active with the very probable result that the price boom of the past few days has netted the company some wide margins.

IDAHO INSPECTOR RAPS LATAH JAIL

Official Asserts Notices Will Be Served On The County Officials and Judge.

State Sanitary Inspector James H. Wallis visited the Latah county court house for the first time and after examining said: "There is but one thing I can do, and that is to condemn it as unsanitary and a dangerous firetrap to life, to say nothing of the records. "The jail is the worst in the state at this time. The law is grossly violated in this department. I find 10 prisoners confined in one room, in which they are forced to live, sleep and cook. It is the worst sanitary courthouse today in Idaho. The provisions of the state laws will be forced to the limit. Notices will be served tomorrow upon the sheriff county commissioners and District Judge Steele at Lewiston." The inspector was accompanied by Dr. Smith, his deputy. "Toilets under the stairway can not be tolerated," said Dr Smith 'and it would be hard to make the building sanitary.'

That drastic measures will be taken by the inspector was evidenced when the correspondent called on him at his hotel and found him delving into law books. "We have closed three other jails in the state, but there is no jail and courthouse half so bad as this one, and I shall have to put it out of business just as soon as we can reasonable do so."—Review.
